The Panama Hat Trail A Journey From South America:

The Panama Hat Trail Tom Miller, 2017-10-10 Critically acclaimed author Tom Miller reveals the making and marketing of one Panama hat from the straw fields of Ecuador's coastal lowland to a hat shop in Southern California Along the way the hat becomes a literary device allowing Miller to give us his impressions from the tributaries of the Amazon to the mountainsides of the Andes *The Panama Hat Trail* is at once a study in global economics and a lively travelogue **The**

Panama Hat Trail Tom Miller, 1986 **The Panama Hat Trail** Tom Miller, 2017-10-10 This classic South American travel book tells the true story behind an iconic symbol Provided by publisher **Ecuador** David W. Schodt, 2019-03-05 A country

often neglected in discussions of Latin America Ecuador offers intriguing insights into the interwoven patterns of continuity and change characteristic of the region In this introduction to Ecuador Dr Schodt begins with a discussion of culture and geography especially critical for understanding this country where the physical partitioning by the Andes has had profound economic and political consequences and where cultural and linguistic differences further divide the population The author then considers Ecuador's early history emphasizing the importance of patterns imposed by regionalism and structured by the nation's colonial heritage This leads to a discussion of the cacao and banana booms and of the consequences of these periods of economic bonanza for domestic politics that focuses on the expansion of the electorate and the emergence of two competing populist movements In the final chapters Dr Schodt examines the political and economic implications of the petroleum boom emphasizing the growing role of the state in the Ecuadorian economy This analysis of the petroleum period concludes with a discussion of Ecuador's prospects for the future taking account of the conjuncture of the dramatic increase in Ecuador's external indebtedness that took place in the late 1970s and early 1980s the election in 1984 of a government committed to reversing the growth of state intervention in the economy and the sharp decline in 1986 in the world price of petroleum *Moon Ecuador & the Galápagos Islands* Bethany Pitts, Moon Travel Guides, 2024-09-24 Canoe through the

A Sense of Place Michael Shapiro, 2004 In A Sense of Place journalist travel writer Michael Shapiro goes on a pilgrimage to visit the world's great travel writers on their home turf to get their views on their careers the writer's craft and most importantly why they chose to live where they do and what that place means to them The book chronicles a young writer's conversations with his heroes writers he's read for years who inspired him both to pack his bags to travel and to pick up a pen and write Michael

skillfully coaxes a collective portrait through his interviews allowing the authors to speak intimately about the writer's life and how place influences their work and perceptions. In each chapter Michael sets the scene by describing the writer's surroundings, placing the reader squarely in the locale, whether it be Simon Winchester's Massachusetts, Redmond O'Hanlon's London, or Frances Mayes's Tuscany. He then lets the writer speak about life and the world, and through quiet probing draws out fascinating commentary from these remarkable people. For Michael, it's a dream come true to meet his mentors; for readers, it's an engaging window onto the twin landscapes of great travel writers and the world in which they live.

Unpacked Blake C. Scott, 2022-11-15 *Unpacked* offers a critical novel perspective on the Caribbean, now taken for granted desirability as a tourist's paradise. Dreams of a tropical vacation have become a quintessential aspect of the modern Caribbean, as millions of tourists travel to the region and spend extravagantly to pursue vacation fantasies. At the beginning of the twentieth century, however, travelers from North America and Europe thought of the Caribbean as diseased, dangerous, and according to many observers, the white man's graveyard. How then did a trip to the Caribbean become a supposedly fun and safe experience? *Unpacked* examines the historical roots of the region's tourism industry by following a well-traveled sea route linking the US East Coast with the island of Cuba and the Isthmus of Panama. Blake C. Scott describes how the cultural and material history of US imperialism became the heart of modern Caribbean tourism. In addition, he explores how advances in tropical medicine, perceptions of the tropical environment, and development of infrastructure and transportation networks opened a new playground for visitors.

Gabriel García Moreno and Conservative State Formation in the Andes Peter V. N. Henderson, 2009-09-15 This book explores the life and times of Ecuador's most controversial politician within the broader context of the new political history, addressing five major themes of nineteenth-century Latin American history: the creation of political networks, the divisiveness of regionalism, the bitterness of the liberal-conservative ideological divide, the complicating problem of caudillismo, and the quest for progress and modernization. Two myths traditionally associated with García Moreno's rule are debunked. The first is that he created a theocracy in Ecuador. Instead, the book argues that he negotiated a concordat with the Papacy, giving the national government control over the church's secular responsibilities and subordinating the clergy, many of whom were highly critical of García Moreno to the conservative state. A second, frequently repeated generalization is that he created a conservative dictatorship out of touch with the liberal age in which he lived. Instead, the book argues that moderates held sway during the first nine years of García Moreno's period of influence, and only during his final term did he achieve the type of conservative state he thought necessary to advance his progressive nation.

building agenda In sum this book enriches our understanding of many of the notions of state formation by suggesting that conservatives like Garc a Moreno envisioned a program of material progress and promoting national unity under a very different formula from that of nineteenth century liberals
