**The Lost Paratroopers of Normandy** Stephen G. Rabe, 2022-11-10 The inspiring story of 162 US paratroopers dropped hopelessly off target and the French villagers who assisted and supported them The Paratroopers John R. Emmert, 2014-06-03 Steven Weaver's life as a college student was active. If he wasn't studying, he was playing varsity football or basketball. Now, with the coming of war, his first months in the Army lacked activity until he was given a unique opportunity in the summer of 1942 to join a group of air-deployed combat infantry looking for athletic volunteers. Little did he know what would be asked of himself and his faith under fire.

**Trapped by Evil and Deceit** Daniel Brand, 2021-06-29 When the Holocaust broke out in Europe, Hansi and Joel Brand were joined by Israel Rezs Kasztner to launch an organized effort to save thousands of human lives. Their efforts, which involved playing a dangerous bluffing game against the Nazi regime, helped to end the Auschwitz extermination. Their success put them at odds with the political machine of the young state of Israel. Politicians wanted the public to believe that there was nothing they could do, a sentiment which many still believe to this day. This cover-up led to Israel's first politically motivated homicide.

**The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a précis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc., as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

*Silencing the Guns in Africa* Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book is drawn from local and international experts by framing critically a number of discourses on matters of security, conflict, violence, and peace on the African continent. It is indeed a breath of fresh air to the scientific community, largely because it contributes to the on-going debates on security issues. Dr Ntsikelelo Benjamin Breakfast, Director of the Center for Security, Peace, and Conflict Resolution at Nelson Mandela University. This book makes a deep contribution to scholarly literature on conflict studies, peacekeeping, and peacebuilding in Africa. Written largely from the perspective of the applied social sciences, it is empirically rich and offers refreshing insights into social behaviour in military contexts. This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of

thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes

**The 508th Connection** Zig Boroughs,2013 Summary of The 508th Connection by Zig Boroughs When I arrived home after my army discharge in 1945 the challenges of adult civilian life excited me tremendously I passionately anticipated living as a husband and father no longer separated by the Atlantic Ocean and a dangerous war from my wife and child I eagerly plunged into active civilian employment impatient to establish a career of peaceful service to humanity Although the experiences and feelings of World War II affected by attitudes and ideals my energies were so devoted to other interests the memories of the war years were pushed into an inactive part of my brain For many years I thought very little about the 508th Parachute Infantry Regiment and I lost contact with all but one of my paratrooper buddies Then at 11 00 PM Christmas Eve 1983 a memory of Christmas Eve 1944 forced its way to the surface My wife and I were visiting with our daughter Gini and her family We were waiting for our grandchildren to go to bed so that Santa Claus could prepare for Christmas morning Noticing that it was 11 00 PM I announced Let me tell you what I was doing at this hour thirty nine years ago I told the story Burial and Birth which you may read in this volume When I finished the story Gini told me Dad you should write this story and send it to all our family members Once I wrote one story the dam burst and a floodgate of stories awoke in my memory which resulted in the book A Private's Eye View of World War II Many details had faded with time and I needed to check with my paratrooper buddies to get my stories straight Senator Strom Thurman's staff helped me locate Jim Allardyce secretary of the 508th Parachute Infantry Association Allardyce provided a roster of the association membership with their addresses This enabled me to verify or correct my stories A Private's Eye View of World War II Other veterans of the 508th began to tell me their stories Some suggested that I write another book and tell their experiences which resulted in The Devil's Tale For over twenty years I have collected information from others The most important source of information has come from the 508th veterans Since I have been associated with the 508th Parachute Infantry Association I have met hundreds of fellow veterans of the regiment and have listened to their stories Through the association I have also met friends of the 508th from England France Belgium Holland

Germany and Israel These friends have also given me valuable information I have chosen the title The 508th Connection to give credit to all those who have so generously helped as friends and as sources of information The connections are much more than sources for writing a book They are friends whom I treasure They are closer than friends We are family The 508th Connection tells the stories of the lives of men of the 508th Parachute Infantry Regiment Eighty second Airborne Division As you read the stories in The 508th Connection you will become connected with their lives in the barracks in the pubs and on the battlefield The stories are both entertaining and educational They will capture your heart your imagination and your understanding of what it was like for the paratroopers to live through the horrors of war while keeping their sanity and humor There are humorous stories romantic stories and battle stories stories about being captured by the enemy There are stories of men who killed to survive who lived in foxholes who helped and were helped by local people Throughout the book we connect with the paratroopers who relied on each other for survival This is their story     Operation Varsity: Airborne Artillery in the Rhine Crossing Pasquale De Marco,2025-05-08 Operation Varsity was one of the largest airborne assaults in history It was part of a larger Allied offensive to cross the Rhine River and push into the heart of Germany The operation was planned by Field Marshal Bernard Montgomery the Allied ground forces commander Montgomery believed that an airborne assault across the Rhine would be the key to breaking the German defenses and opening the way for the Allied armies to advance into Germany The airborne assault was carried out by the 17th Airborne Division which was made up of the 513th Parachute Infantry Regiment the 507th Parachute Infantry Regiment and the 464th Parachute Field Artillery Battalion The 464th was the first artillery battalion to be dropped by parachute into combat The airborne assault began on March 24 1945 when over 17 000 paratroopers and glider troops were dropped behind enemy lines near Wesel Germany The paratroopers and glider troops quickly secured a bridgehead on the east bank of the Rhine and the 464th Parachute Field Artillery Battalion began firing on German positions The German forces were caught off guard by the airborne assault and they were unable to prevent the Allies from establishing a bridgehead on the east bank of the Rhine The Allied forces were then able to cross the river in force and push into the heart of Germany Operation Varsity was a success and it played a major role in the Allied victory in World War II The operation showed that airborne forces could be used to cross major obstacles and establish bridgeheads behind enemy lines Operation Varsity also showed that artillery could be effectively used in airborne operations The 464th Parachute Field Artillery Battalion was awarded the Presidential Unit Citation for its actions in Operation Varsity The battalion was also awarded the French Croix de Guerre The story of the 464th Parachute Field Artillery Battalion is a story of courage determination and sacrifice The battalion s actions in Operation Varsity helped to pave the way for the Allied victory in World War II This book tells the story of the 464th Parachute Field Artillery Battalion in Operation Varsity It is a story of courage determination and sacrifice It is a story that has never been told before If you like this book write a review on google books     **The Yom Kippur War** Abraham Rabinovich,2007-12-18 An updated edition that sheds new light on one

**Terrortimes, Terrorscapes** Volker Benkert, Michael Mayer, 2022-09-15 Terrortimes Terrorscapes Continuities of Space Time and Memory in Twentieth Century War and Genocide investigates interconnections between space and violence throughout the twentieth century and how such connections informed collective memory The interdisciplinary volume shows how entangled notions of time and space amplified by memory narratives led to continuities of violence across different conflicts creating terrortimes and terrorscapes in their wake The volume examines such continuities of violence with the help of an analytical framework built around different themes Its first part spatial and temporal continuities of violence looks at contested spaces and ideas of national

ethnic or religious homogeneity that are often at the heart of prolonged conflicts The second part on states and actors addresses the role of states as enablers of violence asymmetric power dynamics and the connection between imperialism and genocide in Africa Imagination and emotion the focus of the third part explores utopian visions and their limits that instigate or hinder and the mobilization of emotion through propaganda Finally the fourth part shows how the recollection of the past sometimes triggers new terrortimes Departing from an understanding of violence limited to certain areas and time frames this volume describes continuities of violence as overlapping fabrics woven together from notions of space time and memory

**The Ganson Street Tigers Go to War** Fr T. Adcock and Cynthia Nassiff Adcock,2018-06-08 During the dark days of World War II forty one individuals from Ganson Street in the industrialized Western New York city of North Tonawanda left all that was dear to battle the domination of the Axis forces The Ganson Street Tigers bonded on the streets of an immigrant neighborhood during the Great Depression and their camaraderie was cemented forever on the ball diamonds and sandlots of their youth This is their story from the heart of Little Italy to the raging battlefields of Europe and the Pacific The contributions these men and women made toward ultimate victory will leave the reader in wonder of a generation that refused defeat Step back in time and relive an era that is quickly fading from the American psyche It was a time when the fate of the United States rested in the hands of its heroic youth Come experience the lives of the Ganson Street Tigers as they selflessly endure the harrowing exploits of war to help preserve the freedoms of this nation *Laying Claim to the Memory of May* Linda S. Lewis,2002-03-31 The Kwangju Uprising Korea s Tiananmen is one of the most important political events in late twentieth century Korean history What began as a peaceful demonstration against the imposition of military rule in the southwestern city of Kwangju in May 1980 turned into a bloody people s revolt In the

two decades since memories of the Kwangju Uprising have lived on assuming symbolic importance in the Korean democracy movement underlying the rise in anti American sentiment in South Korea and shaping the nation's transition to a civil society. Nonetheless it remains a contested event the subject still of controversy confusion international debate and competing claims. As one of the few Western eyewitnesses to the Uprising Linda Lewis is uniquely positioned to write about the event. In this innovative work on commemoration politics social representation and memory Lewis draws on her fieldwork notes from May 1980 writings from the 1980s and ethnographic research she conducted in the late 1990s on the memorialization of Kwangju and its relationship to changes in the national political culture. Throughout the chronological organization of the text is crisscrossed with commentary that provocatively disrupts the narrative flow and engages the reader in the reflexive process of remembering Kwangju over two decades. Highly original in its method and approach *Laying Claim to the Memory of May* situates this seminal event in a broad historical and scholarly context. The result is not only the definitive history of the Kwangju Uprising but also a sweeping overview of Korean studies over the last few decades.

[Leading the Way to Victory](#)  
Mark C. Vlahos, 2023-01-10 *Leading the Way to Victory* is the official history of the 60th Troop Carrier Group featuring unpublished first person accounts by participating veterans and expertly written by retired USAF Colonel Mark C Vlahos combat veteran and former Vice Wing Commander of 314th Airlift Wing at the Little Rock Air Force Base. The December 7 1941 surprise attack on Pearl Harbor thrust the United States into World War II. Just six months later in May 1942 flying new C 47 transport aircraft the 60th Troop Carrier Group led the way as the first U S TCG to deploy to England and the European Theater of Operations in World War II. Leading the way to victory the 60th TCG's first mission dropping U S paratroopers outside of Oran North Africa was not only the first combat airborne mission in U S Army history but also the longest airborne mission of the entire war. This drop spearheaded Operation TORCH also known as the Invasion of North Africa by taking key Axis airfields just inland from the amphibious landing zones. The 60th TCG went on to fly some of the first combat aeromedical evacuation missions and the first combat mission towing CG 4A Waco gliders during Operation HUSKY the Invasion of Sicily. As the new airborne air land aeromedical evacuation and glider missions matured in World War II the 60th TCG continued to play a major role paying in blood for valuable lessons learned in the school of hard knocks. The group later flew dramatic missions into Yugoslavia supporting Partisans as part of the secret war in the Balkans an episode of World War II history still all but unknown today and dropped British paratroops in the airborne invasion of Greece. The Group was inactivated at the end of the war. Drawing on official United States Army Air Forces microfilm records operational records in the National Archives photographs from both collections published historical materials and many personal accounts author Mark C Vlahos expertly written and highly readable volume is certain to become the standard history and go to reference for the 60th TCG. This work offers scholars and lay readers alike an authoritative informative and engaging saga of the Group's battles adversity hardships and triumphs from inception through the Allied victory in Europe.

Crete 1941 Yannis Prekatsounakis,2017-02-22 Crete 20 May 1941 the first campaign sized airborne assault is launched Many books have been written about this famous invasion with the emphasis mainly on the battles for Maleme and Chania The Battle for Heraklion an epic struggle remained largely forgotten and widely unstudied Yet the desperate fight for Heraklion had everything street fighting in the town heroic attacks against well fortified positions and medieval walls heavy losses on all sides and tragic stories involving famous German aristocratic families like the von Bl chers and members of the Bismarck family This book highlights personal stories and accounts and the author s access to records from all three sides allowed accounts to be placed in their correct place and time Finally the history of the battle is written with the added perspective of extensive Greek accounts and sources In contrast earlier books were based solely on British and German sources totally ignoring the Greek side Many of these accounts are from people who were fighting directly against each other and some reveal what the enemies were discussing and thinking while they were shooting at or attacking each other Some accounts are so accurate and detailed that we can even identify who killed whom In addition long lost stories behind both well known and previously unpublished pictures are revealed For the first time 75 year old mysteries are solved what were the names of the paratroopers in the planes seen crashing in famous pictures What was the fate of soldiers seen in pictures taken just before the battle The author has studied the battlefield in every detail thus giving the reader the opportunity to understand actions and incidents by examining what happened on the actual field of battle For example how was it possible for a whole platoon to be trapped and annihilated as in the fate of Wolfgang Graf von Bl cher Such a question is not easily answered even by people with a military background How was it possible for the paratroopers to fail in their attempt to occupy the town The answers to questions like these became very clear when the author walked through the battlefields following the accounts of the people from all sides who had fought there and which describe the same incidents The author s extensive research is vividly presented via detailed maps and photographs both from the era of the battle and today even battlefield archaeology plays a role in revealing what really happened on the battlefield The author s approach addresses two different types of readers those who are largely unfamiliar with the battle hence the emphasis on personal stories accounts and pictures and the researcher who wants a reliable source of firsthand material and perhaps a different point of view such as is offered by Greek accounts and sources and by the writer s detailed analysis of the battle This fresh account of one of the Second World War s most memorable battles is given added authority by the writer s military background together with his deep knowledge of the battlefield and his access to Greek accounts and sources      **The Ethiopian Army** Fantahun

Ayele, 2014-10-30 The Ethiopian popular revolution of 1974 ended a monarchy that claimed descent from King Solomon and the Queen of Sheba and brought to power a military government that created one of the largest and best equipped armies in Africa. In his panoramic study of the Ethiopian army, Fantahun Ayele draws upon his unprecedented access to Ethiopian Ministry of Defense archives to study the institution that was able to repel the Somali invasion of 1977 and suppress internal uprisings but collapsed in 1991 under the combined onslaught of armed insurgencies in Eritrea and Tigray. Besides military operations, the Ethiopian Army discusses tactical areas such as training, equipment, intelligence, and logistics, as well as grand strategic choices such as ending the 1953 Ethio-American Mutual Defense Agreement and signing a treaty of military assistance with the Soviet Union. The result sheds considerable light on the military developments that have shaped Ethiopia and the Horn in the twentieth century.
