Dimarogonas, 1999-02-19 Lists the scholarly publications including research and review journals books and monographs relating to classical Hellenistic Biblical Byzantine Medieval and modern Greece The 11 indexes include article title and author books reviewed theses and dissertations books and authors journals names locations and subjects The format continues that of the second volume All the information has been programmed onto the disc in a high level language so that no other software is needed to read it and in versions for DOS and Apple on each disc Annotation copyrighted by Book News Inc Portland OR Joy-bearing Grief Hannah Hunt, 2004-11-01 This volume is the first full length study of penitential tears of contrition since Hausherr's in 1944 It traces its exposition in the early eastern Christian tradition through detailed analysis of Greek and Syriac texts by Klimakos Ephrem Isaac and Symeon the New Theologian It suggests why such weeping is for these writers a joyful as well as a sobering experience and it places their writings in their historical and geographical context giving some lexicographical background Issues of religious anthropology and the unusual choice of a female exegete in the person of the sinful woman Luke 7 36 50 are considered The conclusion points the way to an appropriate theological interpretation of these teachings and highlights modern non monastic examples of joy bearing penitent grief Hesychasm and Art Anita Strezova, 2014-09-01 Although many of the iconographic traditions in Byzantine art formed in the early centuries of Christianity they were not petrified within a time warp Subtle changes and refinements in Byzantine theology did find reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University

Revelation Exegetical Commentary - 2 volume set Robert L. Thomas, 2016-08-15 Get back to the roots on Revelation Through the centuries since its writing the book of Revelation has captured the fascination of the Christian church The earliest Christians were unanimous in understanding it along a premillennial view of Jesus second coming but other hermeneutical approaches began to emerge in the third century These clouded and added complexity to the task of explaining the book's meaning For most of the Christian era consequently many readers have viewed this last of the NT

writings as though it were hopelessly embedded in an aura of deep mystery An avalanche of interpretive literature has evidenced remarkable interest in the book's contents but along with the interest has come widespread bewilderment Written especially for the informed layman student and scholar this commentary seeks to clear the air The book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology but the reader will not get a narrow view on areas of disagreement This commentary interacts with a range of major views both evangelical and nonevangelical It reaffirms the basic framework of eschatology espoused by ancient Christianity but with added help from centuries of maturing thought and doctrinal progress in the Body of Christ All exegesis and exposition in this 2 volume commentary are based on the original language of the text Translations used are those of the author and textual criticism and word study are included where appropriate This in depth commentary also includes extended excursions on important topics of theological and historical interest

The Omnipresence of Jesus Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ's presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA

Theology and the Science of Moral Action James A. Van Slyke, Gregory Peterson, Warren S. Brown, Kevin S. Reimer, Michael Spezio, 2012-11-12 The past decade has witnessed a renaissance in scientific approaches to the study of morality Once understood to be the domain of moral psychology the newer approach to morality is largely interdisciplinary driven in no small part by developments in behavioural economics and evolutionary biology as well as advances in neuroscientific imaging capabilities among other fields To date scientists studying moral cognition and behaviour have paid little attention to virtue theory while virtue theorists have yet to acknowledge the new research results emerging from the new science of morality Theology and the Science of Moral Action explores a new approach to ethical thinking that promotes dialogue and integration between recent research in the scientific study of moral cognition and behaviour including neuroscience moral psychology and behavioural economics and virtue theoretic approaches to ethics in both philosophy and theology More particularly the book evaluates the concept of moral exemplarity and its significance in philosophical and theological ethics as well as for ongoing research programs in the cognitive sciences

Grace in Auschwitz Jean-Pierre Fortin, 2016-09-01 The postmodern human condition and relationship to God were forged in response to Auschwitz Christian theology must now address the challenge posed by the Shoah Grace in Auschwitz offers a constructive theology of grace that enables twenty first century Westerners to relate meaningfully to the Christian tradition in the wake of the Holocaust and unprecedented evil Through narrative theological testimonial history the first part articulates the human condition and relationship to God experienced by concentration camp inmates The second part draws from the lives and works of Simone Weil Dorothee Solle Dietrich Bonhoeffer Alfred Delp Hans Urs von Balthasar and Sergei Bulgakov to propose and apply a coherent kenotic model enabling the transposition of the Christian doctrine of grace into categories strongly correlating with the experience of Auschwitz survivors This model centers on the vulnerable Jesus Christ a God who takes on the burden of the human condition and freely suffers alongside and for human beings In and through the person of Jesus God is made present and active in the midst of spiritual desolation and destitution providing humanity and solace to others

out American Theological Inquiry Richard John Neuhaus 1936 2009 First Things The Family in Late Antiquity Geoffrey Nathan, 2002-01-08 The Family in Late Antiquity offers a challenging well argued and coherent study of the family in the late Roman world and the influence of the emerging Christian religion on its structure and value Before the Roman Empire's political disintegration in the west enormous political religious and cultural changes took place in the period of late antiquity This book is the first comprehensive study of the family in the later Roman Empire from approximately 300 AD to 550 AD Geoffrey Nathan analyses the classical Roman family as well as early Christian notions of this most basic unit of social organisation Using these models as a contextual backdrop he then explores marriage children domestic servitude and other familial institutions in late antiquity He brings together a diverse collection of sources transcending traditional studies that have centred on the legal record **The International Politics of Eurasia: v. 1: The Influence of History** S. Frederick Starr, Karen Dawisha, 2016-09-16 First Published in 1995 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This is Volume I and covers The Legacy of History in Russia and the New States of Eurasia *God as Communion* Patricia Fox, 2001 God As Communion explores ancient and new meanings of the symbol of God as Trinity and brings the Christian traditions of West and East into dialogue Through an exploration of the works of two contemporary theologians Fox retrieves this central Christian symbol and uncovers its transforming power for the Church and world today Orthodoxy and the Roman Papacy Adam A. J. DeVille, 2011-03-15 Among the issues that continue to divide the Catholic Church from the Orthodox Church the two largest Christian bodies in the world together comprising well over a billion faithful the question of the papacy is widely acknowledged to be the most significant stumbling block to their unification For nearly forty years commentators theologians and hierarchs from popes and patriarchs to ordinary believers of both churches have acknowledged the problems posed by the papacy In *Orthodoxy and the Roman Papacy* Ut Unum Sint and the Prospects of East West Unity Adam A J DeVille offers the first comprehensive examination of the papacy from an Orthodox perspective that also seeks to find a way beyond this impasse toward full Orthodox Catholic unity He first surveys the major postwar Orthodox and Catholic theological perspectives on the Roman papacy and on patriarchates enumerating Orthodox problems with the papacy and reviewing how Orthodox patriarchates function and are structured In response to Pope John Paul II's 1995 request for a dialogue on Christian unity set forth in the encyclical letter Ut Unum Sint DeVille proposes a new model for the exercise of papal primacy DeVille suggests the establishment of a permanent ecumenical synod consisting of all the patriarchal heads of Churches under a papal presidency and discusses how the pope qua pope would function in a reunited Church of both East and West in full communion His analysis involving the

most detailed plan for Orthodox Catholic unity yet offered by an Orthodox theologian could not be more timely

Hermeneutics and the Rhetorical Tradition Kathy Eden, 2005-04-10 This book poses an eloquent challenge to the common conception of the hermeneutical tradition as a purely modern German specialty Kathy Eden traces a continuous tradition of interpretation from Republican Rome to Reformation Europe arguing that the historical grounding of modern hermeneutics is in the ancient tradition of rhetoric

Saint Athanasius of Alexandria George Dion Dragas, 2005 St Cyril of Alexandria St Athanasius great successor tells us Our Father Athanasius of hallowed memory who adorned the throne of the Church of Alexandria for the whole of forty six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume and all bear witness to the accuracy and piety of his teaching was a man worthy of trust and deserving a confidence since he did not say anything not in agreement with Holy Scripture The present volume consists of a collection of essays which represent original research into the writings of St Athanasius Patriarch of Alexandria 295 373 These essays respond to challenges arising out of the contemporary scholarly studies of St Athanasius theology and writings The new perspectives in Athanasian studies which these essays offer are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations

The Salvation of Israel Jeremy Cohen, 2022-08-15 The Salvation of Israel investigates Christianity's eschatological Jew the role and characteristics of the Jews at the end of days in the Christian imagination It explores the depth of Christian ambivalence regarding these Jews from Paul's Epistle to the Romans through late antiquity and the Middle Ages to the Puritans of the seventeenth century Jeremy Cohen contends that few aspects of a religion shed as much light on the character and the self understanding of its adherents as its expectations for the end of time Moreover eschatological beliefs express and mold an outlook toward nonbelievers situating them in an overall scheme of human history and conditioning interaction with them as that history unfolds Cohen's close readings of biblical commentary theological texts and Christian iconography reveal the dual role of the Jews of the last days For rejecting belief and salvation in Jesus Christ they have been linked to the false messiah the Antichrist the agent of Satan and the exemplary embodiment of evil Yet from its inception Christianity has also hinged its hopes for the second coming on the enlightenment and repentance of the Jews for then as Paul prophesized all Israel will be saved In its vast historical scope from the ancient Mediterranean world of early Christianity to seventeenth century England and New England The Salvation of Israel offers a nuanced and insightful assessment of Christian attitudes toward Jews rife with inconsistency and complexity thus contributing significantly to our understanding of Jewish Christian relations

Episcopal Networks in Late Antiquity Carmen Angela Cvetković, Peter Gemeinhardt, 2019-02-19 Recent studies on the development of

early Christianity emphasize the fragmentation of the late ancient world while paying less attention to a distinctive feature of the Christianity of this time which is its inter connectivity Both local and trans regional networks of interaction contributed to the expansion of Christianity in this age of fragmentation This volume investigates a specific aspect of this inter connectivity in the area of the Mediterranean by focusing on the formation and operation of episcopal networks The rise of the bishop as a major figure of authority resulted in an increase in long distance communication among church elites coming from different geographical areas and belonging to distinct ecclesiastical and theological traditions Locally the bishops in their roles as teachers defenders of faith patrons etc were expected to interact with individuals of diverse social background who formed their congregations and with secular authorities Consequently this volume explores the nature and quality of various types of episcopal relationships in Late Antiquity attempting to understand how they were established cultivated and put to use across cultural linguistic social and geographical boundaries
