## **The Pawns Of War:**

**The Pawns of War** William M. Kreye, 1982-06      **The Morality of War - Second Edition** Brian Orend, 2013-09-10 The first edition of *The Morality of War* was one of the most widely read and successful books ever written on the topic. In this second edition Brian Orend builds on the substantial strengths of the first, adding important new material on cyber warfare, drone attacks, the war in Iraq and Afghanistan, conflicts in Libya and Syria, and protracted struggles like the Arab-Israeli conflict. Updated and streamlined throughout, the book offers new research tools and case studies while keeping the winning blend of theory and history featured in the first edition. This book remains an engaging and comprehensive examination of the ethics and practice of war and peace in today's world.      *Pawns of War* Pseud Bosworth Crocker, 2012-08-01 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches, etc., we have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.      **The Morality of War** Brian Orend, 2006-06-16 Brian Orend's *The Morality of War* promises to become the single most comprehensive and important book on just war for this generation. It moves far beyond the review of the standard just war categories to deal comprehensively with the new challenges of the conflict with terrorism. It thoughtfully reviews every major military conflict of the past few decades, mining them for implications of the evolving tradition of just war thinking. It concludes with a critical engagement with the major alternatives to just war thinking: pacifism and realism. It is, in short, the most comprehensive and thoughtful assessment of all aspects of just war since Michael Walzer's classic *Just and Unjust Wars*. Martin L. Cook, United States Air Force Academy.      **The Kings and the Pawns** Leonid Rein, 2011-03-01 For many years the history of Byelorussia under Nazi occupation was written primarily from the perspective of the resistance movement. This movement, a reaction to the brutal occupation policies, was very strong indeed. Still, as the author shows, there existed in Byelorussia a whole web of local institutions and organizations which, some willingly, others with reservations, participated in the implementation of various aspects of occupation policies. The very sensitivity of the topic of collaboration has prevented researchers from approaching it for many years, not least because in the former Soviet territories ideological considerations have played an important role in preserving the topic's untouchable status. Focusing on the attitude of German authorities toward the Byelorussians, marked by their anti-Slavic and particularly anti-Byelorussian prejudices on the one hand, and the motives of Byelorussian collaborators on the other, the author clearly shows that notwithstanding the postwar trend to marginalize the phenomenon of collaboration or to silence it altogether, the local collaboration in Byelorussia was clearly visible and pervaded all spheres of life under the occupation.      *The War of the Chessmen / La Guerra degli Scacchi, o sia il Re de' Giuochi* Ercole del Rio, 1984-01-01 After a hitherto unpublished manuscript owned by the Cleveland Public Library.

Cleveland Ohio USA Limited edition of which only 200 copies are for sale outside the U S A      **Landscapes of the Western Front** Ross Wilson, 2013-06-17 This book examines the British soldiers on the Western Front and how they responded to the war landscape they encountered behind the lines and at the front Using a multidisciplinary perspective this study investigates the relationship between soldiers and the spaces and materials of the warzone analyzing how soldiers constructed a sense of place in the hostile unpredictable environment Drawing upon recent developments within First World War Studies and the anthropological examination of the fields of conflict an ethnohistorical perspective of the soldiers is built which details the various ways soldiers responded to the physical and material world of the Western Front This study is also grounded in the wider debates on how the First World War is remembered within Britain and offers an alternative perspective on the individuals who fought in the world's first global conflagration nearly a century ago      International Intervention in the Post-Cold War World Michael C. Davis, Wolfgang Dietrich, Bettina Scholdan, 2017-07-28 International intervention on humanitarian grounds has been a contentious issue for decades First it pits the principle of state sovereignty against claims of universal human rights Second the motivations of intervening states may be open to question when avowals of moral action are arguably the fig leaf covering an assertion of power for political advantage These questions have been salient in the context of the Balkan and African wars and U S policy in the Middle East This volume undertakes a serious systematic and broadly international review of the issues      Legislative Proposals Relating to the War in Southeast Asia United States. Congress. Senate. Committee on Foreign Relations, 1971      The Ink War Willy Hendriks, 2022-11-10 The rivalry between William Steinitz and Johannes Zukertort the world's strongest chess players in the late nineteenth century became so fierce that it was eventually named The Ink War They fought their battle on the chessboard and in various chess magazines and columns It was not only about who was the strongest player but also about who had the best ideas on how to play the game In 1872 Johannes Zukertort moved from Berlin to London to continue his chess career Ten years earlier William Steinitz had moved from Vienna to London for the same purpose meanwhile he had become the uncrowned champion of the chess world Their verbal war culminated in the first match for the World Championship in 1886 Zukertort is certainly the tragic protagonist of this book but is he also a romantic hero He has often been depicted as a representative of romantic chess solely focusing on attacking the king Steinitz is said to have put an end to this lopsided chess style with his modern scientific school This compelling story shakes up the traditional version of chess history and answers the question which of them can claim to be the captain of the modern school With his first book Move First Think Later International Master Willy Hendriks caused a minor revolution in the general view on chess improvement His second book On the Origin of Good Moves presented a refreshing new outlook on chess history In The Ink War Hendriks once again offers his unique perspective in a well researched story that continues to captivate until the tragic outcome It gives a wonderful impression of the 19th century chess world and the birth of modern chess Hendriks invites the reader to actively think along with the beautiful instructive

Foreign Affairs,1971      The War Reporter Martin Fletcher,2015-10-06 Winner of a Jewish National Book Award and author of *The List* and *Jacob's Oath* both of which achieved outstanding critical acclaim NBC Special Correspondent Martin Fletcher delivers another breathtaking tale of love war and redemption Tom Layne was a world class television correspondent until his life collapsed in Sarajevo Beaten and humiliated he fell into a hole diagnosed as Post Traumatic Stress Disorder Eleven years later he returns to the Balkans to film a documentary on the man who caused his downfall Ratko Mladic Europe's biggest killer since Hitler wanted for genocide and crimes against humanity Mysterious forces have protected Mladic for a decade preventing his arrest and these shadowy but deadly foes swing into action against the journalist Tom soon falls into a web of intrigue and deceit that threatens his life as well as that of the woman he loves Drawing upon his own experiences reporting on the wars in Bosnia and Sarajevo Martin Fletcher has written a searing love story and a painfully authentic account of a war reporter chasing down the scoop of a lifetime      *The War Machine* David Drake,Roger MacBride Allen,2011-10-01 What's worse than a corrupt decadent autocratic oppressive regime Corrupt decadent autocratic oppressive aliens For Reasons of State they ripped his marriage apart and forced his wife into the bed of another man Now their empire is in danger and he is the one man in place to stop the alien threat But there's a problem when the Empire ruined this loyal servant's perfect marriage and his life with its political maneuverings they turned Captain Allison Spencer into a junkie But sometimes necessity can bring out the best in a man no matter how far he's fallen In a story of personal heroism and individual boldness Drake Allen bring *The Crisis of Empire* to a rousing climax At the publisher's request this title is sold without DRM Digital Rights Management      **War of the Scaleborn (World of Warcraft: Dragonflight)** Courtney Alameda,2024-07-30 Uncover the full story behind the War of the Scaleborn in this official companion novel to World of Warcraft Dragonflight When the world was young all life shook before the might of Galakrond a massive primal dragon whose hunger could not be sated Five primal dragons rose valiantly beside the titan forged Keeper Tyr to combat this threat Though the fight was desperate Galakrond fell by their teeth and talons and the five were chosen to become protectors of Azeroth The titans gifted Nozdormu Ysera Alexstrasza Malygos and Neltharion with Order magic transforming them into the Aspects powerful dragons with command of time nature life magic even the earth itself Other primal dragons followed on their path and imbued with the titans power the dragonflights rose to shape the world and serve the Aspects That is the tale the dragonflights have always told but it is not the whole story For as Alexstrasza and her flights set to reshaping Azeroth not all of dragonkind sees Order magic as a gift Spurning the titans interference a group of rebel primal dragons are imbued with the elemental powers of the planet and are reborn as the Incarnates Led by Iridikron the Incarnates believe that dragonkind should be subservient to no one They foment a rebellion

against the Aspects what they are and all they represent Despite the efforts of Alexstrasza and her primal friend Vyranoth to preserve peace both sides slip closer to violence as dragons are forced to choose a side or be swept up in the growing conflict With battle lines and allegiances drawn the war among dragonkind shakes the foundation of the world Both sides realize they will have to make sacrifices to secure the future of their kind sacrifices that will cascade through the ages The Outlook,1918 **How America Went to War** Benedict Crowell,Robert Forrest Wilson,1921 *Hitler's War Against the Partisans During The Stalingrad Offensive* Antonio J Muñoz,2025-05-30 From the start of the war on the Eastern Front Hitler's Ostheer his Eastern Army and its associated forces would wage a vernichtungskrieg or war of annihilation in the East Never before had such a wide reaching campaign been fought The preparations for the war against the partisans began before the launches of Operation Barbarossa during which the Axis forces immediately put their plans into effect The effects upon the newly conquered territories were soon being felt The end of the initial phase of the German invasion of the Soviet Union was met by a Red Army winter offensive which began on 5 December 1941 As the author shows this had repercussions behind the German lines where the nascent Soviet partisan movement was attempting to grow and gain a foothold By the spring of 1942 those early Soviet partisan units were ready to expand The Germans aware of the military situation both on the frontlines and in the rear of their armies also prepared to counter the growing partisan threat The partisans undoubtedly made a significant contribution to Stalin's war effort by countering Axis plans to exploit occupied Soviet territories economically as well as providing valuable assistance to the Red Army by conducting systematic attacks against Hitler's rear communication network As the German military planned to continue the Russian campaign into the summer of 1942 new security forces were gathered together and sent to the Soviet Union and a new headquarters specifically organized to fight the guerrilla menace was established In this follow up study author Antonio Mu oz picks up the partisan and anti partisan struggle in the East where Hitler's War Against the Partisans During Operation Barbarossa left off The struggle behind the frontlines in Russia proved to be as grand and epic as the fight along the front lines Dr Mu oz describes this war of attrition along the entire breath of the USSR In 1942 the Ostheer acting on Adolf Hitler's orders launched their 1942 summer offensive which was aimed at capturing the Caucasus Mountains and the Russian oil fields that lay there Dr Mu oz not only covers the war behind the lines in every region of the occupied USSR but also describes the German anti partisan effort behind the lines or Army Group South as its forces drove into the Caucasus Mountains the Volga River bend and Stalingrad No other work has included the guerrilla and anti partisan struggle specific to the Stalingrad campaign Mu oz manages to accomplish this but also to convey the story of the rest of the partisan and anti guerrilla war in the rest of the USSR from the spring of 1942 to the spring of 1943 The Pawn Paco Cerdà,2025-06-10 In this gripping historical saga award winning Spanish writer Paco Cerd explores early Cold War anxieties through the lens of a famous chess match Stockholm 1962 Spain's first chess grandmaster Arturito Pomar faces off against eighteen year old American prodigy Bobby Fischer in a match that will become

the stuff of legend not so much for how it ends but for what it symbolizes Shuttling back and forth across decades between the United States Spain the Soviet Union and beyond The Pawn tracks the careers of the two chess masters expertly examining the geopolitical anxieties that pervaded the 1960s and went on to shape these men's lives Perfect for fans of The Storm We Made and The Queen's Gambit The Pawn explores the contentious shadow layers between game and political match and war pawn and political tool In this empathetic incisive rendering Cerd presents both players as among the many exceptional people whose lives were sacrificed on the altar of Cold War interests The New York Times The War and the Fox Tim Susman,2019-07-04 The American Revolution of 1817 has begun and Kip Penfold's talents as a fire sorcerer make him a valuable weapon He and his friends are swept into the conflict taking the side of the rebels because they hope to win a better life in the new country But an old enemy of Kip's pursues him through the war taking greater and greater steps to capture his power It takes all the fox's cunning to stay one step ahead and then the rebellion betrays the Catalan people Now Kip must decide which war he wants to win Alleged Nazi Collaborators in the United States after World War II Christoph Schiessl,2016-03-03 This book follows the story of suspected Nazi war criminals in the United States and analyzes their supposed crimes during World War II their entry into the United States as war refugees in the 1940s and 1950s and their prosecution in the 1970s and beyond by the U S government specifically by the Office of Special Investigation OSI In particular this book explains why and how such individuals entered the United States why it took so long to locate and apprehend them how the OSI was founded and how the OSI has tried to bring them to justice This study constitutes a thorough account of 150 suspects and examines how the search for them connects to larger developments in postwar U S history In this latter regard one major theme includes the role Holocaust memory played in the aforementioned developments This account adds significantly to the historiographical debate about when and how the Holocaust found its way into American Jewish and also general American consciousness In general these suspected Nazi war criminals could come to the United States largely undetected during the early Cold War In this atmosphere they morphed from Nazi collaborators to ardent anti Communists and outside of some big fish not even within the Jewish community was their role in the Holocaust much discussed Only with the Eichmann trial in the early 1960s did interest in other Holocaust perpetrators increase culminating in the founding of the OSI in the late 1970s The manuscript makes use among other documents of declassified sources from the CIA and FBI little used trial accounts and hard to locate OSI records
