The Pelican:

The Pelican's Briefs Mark R Joneschiet,2001-06-24 Come celebrate a town Klamath Falls Oregon official population 18 538 people that is the cows you will have to count yourself Join the author in a homespun journey through the past in a town that is the epitome of all hometowns Located on a route that is the shortest distance between Los Angeles and Seattle this town seems innocuous enough however a peak beneath its exterior reveals enough oddities quirks and interesting characters to fuel the tabloids for centuries This rendering of the author s memoirs offers shameless name dropping of well known personalities recounts of events that have local near legendary status among those involved at least and some actual history that didn t quite make it into the history books Fade into the past to an era devoid of terms such as Duuuude Sweeeeet and Da Bomb Words that will characterize this world are more like Golly Gosh Gee Whiz and Shucky Darn Let a mildly embarrassed pelican guide you on this tongue in cheek and often ironic visit to a place that isn t too far from everyone s growing up experience

Modern Material Culture Lisa H. Cooper,Andrea Denny-Brown,2016-12-05 The Arma Christi the cluster of objects associated with Christ s Passion was one of the most familiar iconographic devices of European medieval and early modern culture From the weapons used to torment and sacrifice the body of Christ sprang a reliquary tradition that produced active and contemplative devotional practices complex literary narratives intense lyric poems striking visual images and innovative architectural ornament This collection displays the fascinating range of intellectual possibilities generated by representations of these medieval objects and through the interdisciplinary collaboration of its contributors produces a fresh view of the multiple intersections of the spiritual and the material in the Middle Ages and Renaissance It also includes a new and authoritative critical edition of the Middle English Arma Christi poem known as O Vernicle that takes account of all twenty surviving manuscripts The book opens with a substantial introduction that surveys previous scholarship and situates the Arma in their historical and aesthetic contexts The ten essays that follow explore representative examples of the instruments of the Passion across a broad swath of history from some of their earliest formulations in late antiquity to their reformulations in early modern Europe Together they offer the first large scale attempt to understand the arma Christi as a unique cultural phenomenon of its own one that resonated across centuries in multiple languages genres and media The collection directs particular attention to this array of implements as an example of the potency afforded material objects in medieval and early modern culture from the glittering nails of the Old English poem Elene to the coins of the Middle English poem Sir Penny from garments and dice on Irish tomb sculptures to lanterns and ladders in Hieronymus Bosch s panel painting of St Christopher and from the altar of the Sistine Chapel to the printed prayer books of the Reformation **The**

Drury H.L. Meakin,2017-07-05 Lady Anne Bacon Drury 1572 1624 was the granddaughter and niece of two of England s

Lord Keepers of the Great Seal Sir Nicholas Bacon and Sir Francis Bacon Lady Anne was also the friend and patroness of John Donne and Joseph Hall however she deserves to be remembered in her own right Within her massive country house Lady Anne created a tiny painted room that she seems to have used as a kind of three dimensional book The walls consisted of panels of pictures and mottoes grouped under Latin sentences These panels can still be viewed in a Suffolk museum Christchurch Mansion in Ipswich Some panels point to classical and Biblical sources and to popular emblem books The sources of other panels are more recondite while still others are original compositions by Lady Anne The panels exhibit a contemptus mundi theme and reflect a struggle with ambition pride and even despair Some panels also appear to register carefully veiled but pointed critiques of political and religious events and figures Lady Anne s painted closet or architext is thus relevant to a wide range of early modern scholarship in various disciplines but is as yet largely unappreciated For the first time in four hundred years this book fully describes the closet and places it in its personal social intellectual and aesthetic contexts It argues for the painted closet s importance for understanding early modern conceptualizations of private and public spaces and for illuminating fundamental early modern habits of seeing and reading especially combinations of text and image Finally this book explores the closet as an example of the ingenious ways in which female subjectivity found ways to express itself even within the constraints of early modern patriarchal society in England
