The Penetralia; Being Harmonial Answers to Important Questions. by Andrew Jackson Davis. Andrew Jackson Davis, 2006-09-01 *The Penetralia* Andrew J. Davis, 1997-09 1872 Contents Philosophy of Questions Assembly's Shorter Catechism Revised Questions on Life Local Theology Physiology Despotism of Opinion Martyrdom of Jesus Myths of Modern Theology Evidences of Immortality **The Penetralia** Andrew Jackson Davis, 1857 **The Penetralia; Being Harmonial Answers to Important Questions ... The authors examine the relationship of such representations to orientalism, the history of ideas, politics, and culture at large, and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth-century mainstream intellectual culture. The essays also look at how the early Theosophical Society's representations of the East differed from mainstream orientalism and how the Theosophical Society's mission in India was distinct from that of British colonialism and Christian missionaries. *Dictionary of Early American Philosophers* John R. Shook, 2012-04-05 The *Dictionary of Early American Philosophers* which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860. The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title. Most figures were not academic philosophers as few such positions existed then, but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy, rhetoric, the arts, history, politics, economics, sociology, psychology, medicine, anthropology, religion, metaphysics, and the natural sciences. Each entry begins with biographical and career information and continues with a discussion of the subject's writings, teaching, and thought. A cross-referencing system refers the reader to other entries. The concluding bibliography lists significant publications by the subject, posthumous editions, and collected works, and further reading about the subject. *A Republic of Mind and Spirit* Catherine L. Albanese, 2007-01-01 In the nineteenth and early twentieth centuries, Mexicans and Americans joined together to transform the U.S.-Mexico borderlands into a crossroads of modern economic development. This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain. Focusing on a mining region that spilled across the Arizona-Sonora border, this book shows how entrepreneurs, corporations, and statesmen tried to domesticate nature and society within a transnational context. Efforts to tame a wild frontier were stymied by labor struggles, social conflict, and revolution. *Fugitive Landscapes* explores the making and unmaking of the U.S.-Mexico border, telling how ordinary people resisted the domination of empires, nations, and corporations to shape transnational history on their own terms. By moving beyond traditional national narratives, it offers new
