The Penguin New Writing 1940 5:

Reading London in Wartime William Cederwell, 2017-11-06 *Reading London in Wartime* Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work The Cambridge Companion to the English Short Story Ann-Marie Einhaus, 2016-06-06 This Companion provides an accessible overview of short fiction by writers from England Scotland Ireland Wales and other international sites A collection of international experts examine the development of the short story in a variety of contexts from the early nineteenth century to the present They consider how dramatic changes in the publishing landscape during this period such as the rise of the fiction magazine and the emergence of new opportunities in online and electronic publishing influenced the form covering subgenres from detective fiction to flash fiction Drawing on a wealth of critical scholarship to place the short story in the English literary tradition this volume will be an invaluable guide for students of the short story in English **Whitaker's Five-year Cumulative Book List** ,1945 *The 1940s: A Decade of Modern British Fiction* Philip Tew, Glyn White, 2022-02-24 How did social cultural and political events concerning Britain during the 1940s reshape modern British fiction During the Second World War and in its aftermath British literature experienced and recorded drastic and decisive changes to old certainties Moving from potential invasion and defeat to victory the creation of the welfare state and a new Cold war threat the pace of historical change seemed too rapid and monumental for writers to match Consequently the 1940s were often side lined in literary accounts as a dividing line between periods and styles Drawing on more recent scholarship and research this volume surveys and analyses this period s fascinating diversity from novels of the Blitz and the Navy to the rise of important new voices with its contributors exploring the work of influential women Commonwealth exiled genre avant garde and queer writers A major critical re evaluation of the intriguing decade this book offers substantial chapters on Elizabeth Bowen Graham Greene and George Orwell as well as covering such writers as Jocelyn Brooke Monica Dickens James Hadley Chase Patrick Hamilton Gerald Kersh Daphne Du Maurier Mary Renault Denton Welch and many others

Patriots Richard Weight, 2013-10-17 Who are the British today For nearly three hundred years British national identity was a unifying force in times of glory and despair It has now virtually disappeared In *Patriots* Richard Weight explores the decline of Britishness and the rise of powerful new identities in England Scotland Wales and Ireland Based on a wealth of original research it is scholarly in depth and scope yet never departs from a thoroughly readable and entertaining style Here are the themes of Orwell's *The Lion and the Unicorn* stretched over the subsequent sixty years and widened to embrace the whole United Kingdom Brimming with zest and feel this is politico cultural history at its best Peter Hennessy *Wide ranging intelligent sensible and important* Max Hastings *Sunday Telegraph* A marvellously rich ambitious and at times iconoclastic study by a young historian of how in the broadest sense national identity in Britain has changed in the last 60 or so years David Kynaston *Financial Times* A major work the fruit of long research wide reading and hard thinking engagingly written bubbling with fresh ideas Stephen Howe *Independent*

Reading the Ruins Leo Mellor, 2011-09-15 From fires to ghosts and from flowers to surrealist apparitions the bombsites of London were both unsettling and inspiring terrains Yet throughout the years prior to the Second World War British culture was already filled with ruins and fragments They appeared as content with visions of tottering towers and scraps of paper and also as form in the shapes of broken poetics But from the outbreak of the Second World War what had been an aesthetic mode began to resemble a proleptic template During that conflict many modernist writers such as Graham Greene Louis MacNeice David Jones J F Hendry Elizabeth Bowen T S Eliot and Rose Macaulay engaged with devastated cityscapes and the altered lives of a nation at war To understand the potency of the bombsites both in the Second World War and after *Reading the Ruins* brings together poetry novels and short stories as well as film and visual art

Graham Greene A. F. Cassis, 1981 Covers fifty years of criticism of Graham Greene a leading man of letters on the English literary scene

British Women Writers of World War II P. Lassner, 1998-03-01 In *British Women Writers of World War II* Phyllis Lassner offers a challenging analysis of politicized literature in which such British women writers as Virginia Woolf Elizabeth Bowen Stevie Smith and Storm Jameson debated the justness of World War II Lassner questions prevailing approaches to women's war writing by exploring the complex range of pacifist and activist literary forms of women who redefined such pieties as patriotism and duty and heroism and victimization

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a

belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Maverick Spy Hamish MacGibbon, 2017-08-30 At the end of the war MI5 suspected him of espionage and interrogated him but he did not confess Nevertheless they kept James his wife Jean and their young family under close surveillance for a number of years regularly intercepting their mail and recording their telephone conversations Only after James's death did the true significance of what he might have revealed become clear in his wartime office role James had access to the plans for Operation Overlord D Day In this book James's son Hamish tells the story of his parents their interaction with the communist party and their flirtation with wartime espionage It is a unique portrait of two very ordinary people caught up in the extraordinary events of World War Two and the Cold War

The Battle for Britain Mary Evans, David Morgan, 2002-09-11 It is generally accepted that Britain was held together during the second world war by a spirit of national democratic consensus But whose interests did the consensus serve And how did it unravel in the years immediately after victory This well observed and powerfully argued book overturns many of our assumptions about the national spirit of 1939-45 It shows that the current return to right wing politics in Britain was prefigured by ideologies of change during and immediately after the war

Encyclopedia of the British Short Story Andrew Maunder, 2015-04-22 Provides a comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth featuring some of the most popular writers and works

British Romantic Art and the Second World War Stuart Sillars, 1991-06-18 An examination of the ways in which the artists and writers of the 1940s developed and extended approaches from earlier English romanticism to provide a direct and compassionate response to the reality of contemporary destruction

The Poetry of the Forties A. Trevor Tolley, 1985

Annual Bibliography of English Language and Literature , Mason Rachel Barrowman,2003 The full story of the gifted but troubled R A K Mason is told for the first time in this accessible biography The puzzling reasons after his extraordinary beginning that Mason almost completely stopped writing poetry are investigated The legendary story of how Mason dumped 200 copies of his first book *The Beggar* into Auckland harbor in disappointment disgust or despair because no one would buy it is explored as a symbol of a time the 1920s and 1930s when a true vital native literature struggled to be written or heard in a provincial and puritanical country Also explored are how Mason s political beliefs prompted him to turn his creative energies to left wing theater movements in the 1930s the impact that family pressures had on his life and his late in life diagnosis with manic depression International Who's who in Poetry Ernest Kay,1972 *Underground Writing* David Welsh,2010-05-04 The purpose of this book is to explore the ways in which the London Underground Tube was mapped by a number of writers from George Gissing to Virginia Woolf From late Victorian London to the end of the World War II underground writing created an imaginative world beneath the streets of London The real subterranean railway was therefore re enacted in number of ways in writing including as Dantean Underworld or hell as gateway to a utopian future as psychological looking glass or as place of safety and security The book is a chronological study from the opening of the first underground in the 1860s to its role in WW2 Each chapter explores perspectives on the underground in a number of writers starting with George Gissing in the 1880s moving through the work of H G Wells and into the writing of the 1920s 1930s including Virginia Woolf and George Orwell It concludes with its portrayal in the fiction poetry and art including Henry Moore of WW2 The approach takes a broadly cultural studies perspective crossing the boundaries of transport history literature and London urban studies It draws mainly on fiction but also uses poetry art journals postcards and posters to illustrate It links the actual underground trains tracks and stations to the metaphorical world of underground writing and places the writing in a social political context **The Cambridge Paperback Guide to Literature in English** Ian Ousby,1996-02-23 Derived from the parent Guide to Literature in English this volume offers in concise form over 4 000 entries on literature in English from cultures throughout the world Writers and major works from the UK and the USA are represented as are those from Canada the Caribbean Australia India and Africa The coverage is broad from the classics of English literature to the best of modern writing Additionally the Guide has a wealth of entries on literary movements groups or schools in literature and criticism literary magazines genres and sub genres critical concepts and rhetorical terms
