The People Of Hemso:

The People of Hemsö August Strindberg, 1959 *The People of Hemsö* August Strindberg, 1959 **An International Annotated Bibliography of Strindberg Studies 1870-2005: Autobiographies, novels, poetry, letters, historical works, natural history and science, linguistics, painting and the other arts, politics, psychopathology, biography, miscellaneous, dissertations** Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry, his work as an historian and natural historian and his relationship to the other arts, most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material, all of this in several languages. Organised generically and by subject and individual work, the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods. It is thus very much a study in reception as well as a bibliographical record of published material. It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity. The bibliography is published in three parts. Volume 1 General Studies 978 0 947623 81 4 and Volume 2 The Plays 978 0 947623 82 1 are also now available. Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia, Norwich.

Miss Julie and Other Plays Johan August Strindberg, 1998-11-05 The Father, A Dream Play, Miss Julie, The Ghost Sonata, The Dance of Death. Ibsen can sit serenely in his Doll's House. Sean O'Casey remarked while Strindberg is battling with his heaven and his hell, Strindberg was one of the most extreme and ultimately the most influential theatrical innovators of the late nineteenth century. The five plays translated here are those on which Strindberg's international reputation as a dramatist principally rests, and this edition embraces his crucial transition from Naturalism to Modernism, from his two finest achievements as a psychological realist, *The Father* and *Miss Julie*, to the three plays in which he redefined the possibilities of European drama following his return to the theatre in

1898 Michael Robinson's highly performable translations are based on the authoritative texts of the new edition of Strindberg's collected works in Sweden and include the Preface to Miss Julie Strindberg's manifesto of theatrical naturalism Introduction Textual Note Bibliography Chronology Explanatory Notes **Locating August Strindberg's Prose** Anna Westerstahl Stenport, 2010-11-01 The setting of a novel is more than just an anonymous interchangeable backdrop In *Locating August Strindberg's Prose* Anna Westerstahl Stenport argues that spatial setting is a key though often neglected tool for exploring the fundamentals of European literary modernism Stenport examines the importance of location by exploring the prose of Swedish exile August Strindberg 1849-1912 challenging previous studies of the author that have focused on identity and subject formation Strindberg wrote in both Swedish and French situating his stories in various places across Europe from Berlin to the French countryside the Austrian Alps and Stockholm to purposely destabilize concepts of national belonging language and literary history Close readings of Strindberg's prose find that his boundary challenging narratives redefine and rewrite the meaning of a marginal literary identity By contextualizing Strindberg against other early modernists including Kafka Conrad Rilke and Breton Stenport emphasizes the burgeoning transnationality of literature at the turn of the last century **strindberg** Brita M. E. Mortensen, Brian Westerdale Downs, **The International Strindberg** Anna Westerståhl Stenport, 2012-11-30 The International Strindberg presents the latest research on the Swedish playwright August Strindberg and his relation to modern and contemporary literature and art Strindberg's career spanned the late nineteenth and early twentieth century *Strindberg's Letters, Volume 1* August Strindberg, 1992-05-04 This is the first major collection in English of August Strindberg's letters the most vital and wide ranging body of correspondence in Scandinavian literature Of ten thousand surviving letters Michael Robinson has selected and translated more than five hundred of the most important which trace Strindberg's development and provide a comprehensive view of the life and work of this towering figure in European literary and theatrical Modernism **Strindberg and Autobiography** Michael Robinson, 2013-05-31 This is a book about Strindberg and about autobiographical writing about how a particular writer projects himself in language the problems this entails the subterfuges it engenders about how he finds and loses himself there It therefore attempts to place this central aspect of Strindberg's project upon a more nuanced and substantial footing than the familiar tradition of biographical criticism in Strindberg studies normally permits and does not restrict itself only to those works singled out by Strindberg as explicitly autobiographical Nor I should perhaps add does it concern itself in any detailed way with the laborious examination of the relative accuracy of the life Strindberg attributed to himself whether for example the description of his early years in *The Son of a Servant* as a time of fear and hunger is in fact belied by the evident plenitude in the way of food and drink as chronicled in his father's household accounts In any case the myth a writer generates about his own experience is as significant a fact as any other and a writer like Strindberg merely accentuates the way in which all of us live our lives as fictions in terms of the available narrative and plot structures structures that

incorporate those personal symbolic landscapes which as Strindberg well knew are in large part unconsciously fostered by the prevailing doxa or mythologies I am aware however that the approach employed here remains partial Notwithstanding his achievement in other fields all of which including his scientific preoccupations deserve to be taken seriously Strindberg's major achievement remains his drama A consummate creator as well as player of roles the mosaic work of character which he elaborated in his theatrical projections is an essential complement to the life traced in his prose works and deserves to be studied as such Moreover like Janine Chasseguet Smirgel in her analysis of Strindberg in *Pour une psychanalyse de l'art et de la créativité* Paris 1971 Je n'ai pas manqué toutefois d'être frappé par la pauvreté relative des thèmes des œuvres biographiques si on les compare la richesse des laborations dont ces mêmes thèmes sont l'objet dans l'œuvre dramatique Maybe the occasion to explore this elaborated wealth of drama will one day present itself

Six Scandinavian Novelists: Lie, Jacobsen, Heidenstam, Selma Lagerlöf, Hamsun, Sigrid Undset Alrik Gustafson, 1969 *The Literature of Connection* David Trotter, 2020 This book is about some of the ways in which the world got ready to be connected long before the advent of the technologies and the concentrations of capital necessary to implement a global network society It investigates the prehistory not of the communications revolution brought about by advances in electronic digital computing from 1950 onwards but of the principle of connectivity which was to provide that revolution with its justification and rallying cry Connectivity's core principle is that what matters most in any act of telecommunication and sometimes all that matters is the fact of its having happened During the nineteenth century the principle gained steadily increasing traction by means not only of formal systems such as the telegraph but of an array of improvised methods and signalling devices These methods and devices fulfilled not just an ever more urgent need but a fundamental recurring desire for near instantaneous real time communication at a distance Connectivity became an end in itself a complex vivid unpredictable romance woven through the enduring human desire and need for remote intimacy Its magical enhancements are the stuff of tragedy comedy satire elegy lyric melodrama and plain description of literature in short The book develops the concepts of signal medium and interface to offer in its first part an alternative view of writing in Britain from George Eliot and Thomas Hardy to D H Lawrence Hope Mirrlees and Katherine Mansfield and in its second case studies of European and African American fiction and of interwar British cinema designed to open the topic up for further enquiry
