**The American Cattle Doctor** George H. Dadd, 1856      **The American Reformed Cattle Doctor - Containing the Necessary Information for Preserving the Health and Curing the Diseases of:** G. H. Dadd, 2015-02-11 This work was originally published in 1851 and was designed as a guide to the healthcare of domestic farm animals It covers a wide range of animal wellbeing from the processes of milking to their circulatory system and physiology This is an excellent work for anyone with an interest in the history of veterinary practices We are also republishing this book with a brand new introduction to the history of cattle farming Here is a short extract from the work s introduction Our system proposes under all circumstances to restore the diseased organs to a healthy state by co perating with the vitality remaining in those organs by the exhibition of sanative means and under all circumstances to assist and not oppose nature in her curative processes Poisonous substances blood letting or processes of cure that act pathologically cannot be used by us The laws of animal life are physiological they never were nor ever will be pathological      *The American Reformed Cattle Doctor* George H.

Dadd, 1851      **The American Reformed Cattle Doctor** George Dadd, 2014-03-03 There is no period in the history of the United States when our domestic animals have ranked so high as at the present time yet there is no subject on which there is such a lamentable want of knowledge as the proper treatment of their diseases Governor Briggs in a recent letter to the author says You have my thanks and in my opinion are entitled to the thanks of the community for entering upon this important work While the subject has engaged the attention of scientific men in other countries it has been too long neglected in our own Cruelty and ignorance have marked our treatment to diseased animals Ignorant himself both of the

disease and the remedy the owner has been in the habit of administering the popular remedy of every neighbor who had no better powers of knowing what should be done than himself until the poor animal if the disease would not have proved fatal is left alone until death with a friendly hand puts a period to his sufferings he is however often destroyed by the amount or destructive character of the remedies or else by the cruel mode of administering them I am persuaded that the community will approve of your exertions and find it to their interest to support and sustain your system
