The Andreasson Affair, Phase Two Raymond E. Fowler, 1982-01-01 **The Andreasson Affair, Phase Two** Raymond E. Fowler, 1994 Unknown unmarked helicopters shadowed Betty and her husband Robert Luca when they were at home and on holiday Strange apparently paranormal experiences plagued the newly wed couple **The Andreasson Affair** Raymond E. Fowler, 2014-10-20 This examination of a case of alien abduction will captivate both intrigue and even frighten as one contemplates its implications Dr J Allen Hynek founder Center for UFO Studies CUFOS Reviews The Andreasson Affair is more than just a classic example of a close encounter It is to use the jargon of ufologists a case of such high strangeness that even the most open minded investigators were at first inclined to dismiss it out of hand Yet it has become probably the best documented case of its kind to date the subject of an intensive 12 month investigation conducted for the Center for UFO Studies CUFOS that involved among other things the recording of large quantities of testimony given under hypnosis extensive lie detector testing of witnesses detailed analysis of corroborative circumstantial evidence exhaustive comparison with other such accounts and much more The Andreasson Affair includes The most detailed description of any UFO abduction experience Betty s precise drawings of her experience A supporting foreword to the book by astronomer Dr J Allen Hynek Verification of all events associated with Betty s experience This new edition contains a new afterword for a new generation Something extraordinary happened to Betty Andreasson Maybe she encountered non human visitors or maybe something even more strange Whatever the origin of her experience her immensely powerful story awed me Its rich and provocative imagery will remain with me forever Whitley Strieber author of Communion *The Extra-Dimensional Universe* John R. Violette, 2005-05-12 UFO sightings and alien abductions mystical experiences and psychic phenomena the near death and the out of body experience millions of ordinary people around the world report experiencing these events at some point in their lives Yet because there is no accepted scientific theory to explain the paranormal the events and the people who report them are ridiculed and dismissed The problem isn t the people it s the science While some cutting edge researchers and quantum physicists are speculating more frequently that these experiences are caused by something beyond our world some kind of higher dimensional reality any proposed extra dimensional theories put forth thus far have lacked one key ingredient expanded consciousness Extra Dimensional Universe presents an expanded framework of space time and consciousness This for the first time explains how paranormal phenomena can exist Violette s landscape altering theory is fully compatible with all the findings of modern scientific research and ancient wisdom traditions and clearly explains the science of paranormal events such as UFOs and abductions mystical and psychic phenomena and the near death experience Violette even reveals that expanded consciousness is the key to understanding why some people experience psychic phenomena such as UFOs or ghosts when others don t An advancement of the classic theories of R M Bucke and P D Ouspensky Extra Dimensional Universe is itself destined to become a classic of the science of spirituality **Out of Time** Steve Aspin, 2023-08-24 In Out of

Time The Intergenerational Abduction Program Explored author Steve Aspin has written a crossover work about the enduring worldwide reports of alien abduction The book is intended for both those familiar with the historic published case material and the curious reader unfamiliar with the decades of serious academic research on this superficially improbable phenomenon The author details his lifelong personal experience and the relationships he built with leading researchers during 15 years of investigating this phenomenon He has at all times attempted to approach the subject with critical thoroughness and intellectual rigour From stumbling on a cattle mutilation in Ireland in 1970 to witnessing a UFO after a period of missing time at age 16 in 1972 to a confrontational experience in a Sardinia hotel in 2006 the author relates a lifetime of anomalous experiences But this is only the starting point of the journey the reader of Out of Time will make Steve then details several years of investigation into the subject and how what he has learned has shaped his thoughts on what is happening to perhaps millions of people worldwide He had the good fortune to meet with several leading researchers in the field including Budd Hopkins and Dr David Jacobs and read hundreds of published works on the subject of UFOs and abductions He has attempted to bring hard forensic evidence to the discussion and to follow that evidence where it may lead paying particular attention to the clearly intergenerational aspect of the global abduction program which he demonstrates with corroborating evidence almost certainly dates from the 1890s His conclusions will be of interest to anyone attentive to this field of study Whether inevitably proved right or wrong they stem from a conscious effort to bring objectivity and honesty to the analysis of this widely reported phenomenon Although successfully normalised in popular culture to become background noise or a minor comic footnote in otherwise busy lives this subject has real and serious implications for both the individual experienter and human society collectively
