The Apocryphal Shakespeare:

The Apocryphal Shakespeare Tucker Brooke, 2004-04 Many plays have borne the signature of William Shakespeare but not all of them were actually written by him This volume collects all of those plays attributed to the Bard at one time or another that scholars today reject It provides accurate complete texts with critical and supplementary matter by Shakespearean scholar C F Tucker Brooke Still performed studied and enjoyed this is a delicious feast of frauds Originally published in 1908 now back in print after nearly forty years *The Shakespeare Apocrypha* William Shakespeare, 1908

The Shakespeare apocrypha William Shakespeare, 1929 *Shakespeare Apocrypha* Shakespeare William, 1901

The Shakespeare Apocrypha William Shakespeare, 2017-10-24 Excerpt from *The Shakespeare Apocrypha* Being a Collection of Fourteen Plays Which Have Been Ascribed to Shakespeare Like so many students of Elizabethan literature I have to acknowledge a large debt of gratitude to Mr P A Daniel My obligations to him for textual comments and conjectures particularly relating to *The Merry Devil of Edmonton* and *The Two Noble Kinsmen* will I hope be sufficiently evident from the notes to those plays but for a great deal of other trouble willingly undertaken on my behalf I have only this opportunity of rendering my sincere thanks I am equally indebted to Dr Furnivall for unfailing interest and sympathy as well as for a number of valuable suggestions for my Introduction and I gladly take this occasion of expressing also my recognition of Dr W Aldis Wright's courtesy to me while reading in the Library of Trinity College Cambridge and since Finally it is with especial pleasure that I acknowledge my many obligations to Professor Raleigh to whom are due both the original inspiration for this book and continued helpful encouragement during its preparation It is my sincere hope that the volume may be regarded as a testimony and a small tribute to the force of his influence and example About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Apocryphal William Shakespeare Sabrina Feldman, 2011-10 Sabrina Feldman manages the Planetary Science Instrument Development Office at the NASA Jet Propulsion Laboratory Born and raised in Riverside California she attended college and graduate school at the University of California at Berkeley where she enjoyed the wonderful performances of the Berkeley Shakespeare Company studied Shakespeare's works for a semester with Professor Stephen Booth and received a Ph D in experimental physics in 1996 She has worked on many different instrument development projects for NASA and is the former deputy director of JPL's Center for Life Detection Her scientific training combined with a lifelong love of literature and all things Shakespearean gives her a unique perspective on the Shakespeare authorship mystery Dr Feldman lives in Pasadena

California with her husband and two children This is her first book If William Shakespeare wrote the Bard s works Who wrote the Shakespeare Apocrypha During his lifetime and for many years afterwards William Shakespeare was credited with writing not only the Bard s canonical works but also a series of apocryphal Shakespeare plays Stylistic threads linking these lesser works suggest they shared a common author or co author who wrote in a coarse breezy style and created very funny clown scenes He was also prone to pilfering lines from other dramatists consistent with Robert Greene s 1592 attack on William Shakespeare as an upstart crow The anomalous existence of two bodies of work exhibiting distinct poetic voices printed under one man s name suggests a fascinating possibility Could William Shakespeare have written the apocryphal plays while serving as a front man for the poet in purple robes a hidden court poet who was much admired by a literary coterie in the 1590s And could the poet in purple robes have been the great poet and statesman Thomas Sackville 1536 1608 a previously overlooked authorship candidate who is an excellent fit to the Shakespearean glass slipper Both of these scenarios are well supported by literary and historical records many of which have not been previously considered in the context of the Shakespeare authorship debate
