Arab Modernism as World

Cinema Peter Limbrick, 2020-03-10 Arab Modernism as World Cinema explores the radically beautiful films of Moroccan filmmaker Moumen Smihi demonstrating the importance of Moroccan and Arab film cultures in histories of world cinema Addressing the legacy of the Nahda or Arab Renaissance of the nineteenth and early twentieth century when Arab writers and artists reenergized Arab culture by engaging with other languages and societies Peter Limbrick argues that Smihi's films take up the spirit of the Nahda for a new age Examining Smihi's oeuvre which enacts an exchange of images and ideas between Arab and non Arab cultures Limbrick rethinks the relation of Arab cinema to modernism and further engages debates about the use of modernist forms by filmmakers in the Global South This original study offers new routes for thinking about world cinema and modernism in the Middle East and North Africa and about Arab cinema in the world **Legacy of Islamic Antisemitism** Andrew G. Bostom, M.D., 2011-11-29 Exceedingly well organized and extensively documented CHOICE The publication of the present anthology of primary sources and secondary studies on the theme of Muslim antisemitism is a groundbreaking event of major scholarly cultural and political significance Editor Andrew Bostom has mined the relevant literature to produce the fullest record on this subject in existence After the publication of his work all the oft repeated but erroneous misunderstandings of a tolerant Islam and of a medieval Jewish Muslim golden age will need to be permanently retired Everyone interested in Jewish and Islamic history as well as current events in the Middle East should read this book and soon Steven T Katz Director Elie Wiesel Center for Judaic Studies Boston University and author of Post Holocaust Dialogues and The Holocaust in Historical Context The antisemitism of the Muslim Middle East that we hear see and experience daily from the racist cartoons to the constant chorus of pigs and apes is often attributed to European origins as if the radical Muslim world learned this endemic hatred through the tragedy of imperialism and colonialism In fact a deep suspicion and frequent loathing of Jews is deeply rooted in the Middle East antedating European rule and sometimes evidenced in passages in the Koran and early holy Islamic texts Andrew Bostom produces a vast literature of Middle Eastern Islamic antisemitism and critics may be as surprised at his conclusions as they are unable to refute his carefully compiled corpus of evidence Victor Davis Hanson Senior Fellow The Hoover Institution Stanford University author of Carnage and Culture and A War Like No Other This comprehensive meticulously documented collection of scholarly articles presents indisputable evidence that a readily discernible uniquely Islamic antisemitism a specific Muslim hatred of Jews has been expressed continuously since the advent of Islam Debunking the conventional wisdom which continues to assert that Muslim animosity toward Jews is entirely a 20th century phenomenon fueled mainly by the protracted Arab Israeli conflict leading scholars provide example after example of antisemitic motifs in Muslim documents reaching back to the beginnings of Islam The contributors show that the Koran itself is a significant source of hostility toward Jews as well as other foundational Muslim texts including the hadith the words and deeds of Muhammad as recorded by pious Muslim transmitters and the sira the earliest Muslim biographies of Muhammad Many other examples are adduced in the writings of influential Muslim jurists

theologians and scholars from the Middle Ages through the contemporary era These primary sources and seminal secondary analyses translated here for the first time into English such as Hartwig Hirschfeld's mid 1880s essays on Muhammad's subjugation of the Jews of Medina and George Vajda's elegant comprehensive 1937 study of the hadith detail the sacralized rationale for Islam's anti Jewish bigotry Numerous complementary historical accounts illustrate the resulting plight of Jewish communities in the Muslim world across space and time culminating in the genocidal threat posed to the Jews of Israel today Scholars educators and interested lay readers will find this collection an invaluable resource for understanding the phenomenon of Muslim antisemitism past and present

Images of Imperial Legacy Tea Sindbaek, Maximilian Hartmuth, 2011 There has been a tendency to view the history of the Balkans as essentially determined by historical legacies Whether in scholarly literature or in popular discourse the Ottoman or Habsburg pasts are thought to be accountable for a large variety of phenomena ranging from democratic culture or the lack thereof and adaptability to a free market economy to nepotism and the filthiness of public facilities By contrast the papers in this volume demonstrate that legacies are not unchanging determinants Instead they are very much open to constant reinterpretations and re assessments depending on conditions in the present they are in

Benjamin Anderson, Mirela Ivanova, 2023-05-26 Is Byzantine Studies a colonialist discipline Rather than provide a definitive answer to this question this book defines the parameters of the debate and proposes ways of thinking about what it would mean to engage seriously with the field s political and intellectual genealogies hierarchies and forms of exclusion In this volume scholars of art history and literature address the entanglements past and present among the academic discipline of Byzantine Studies and the practice and legacies of European colonialism Starting with the premise that Byzantium and the field of Byzantine studies are simultaneously colonial and colonized the chapters address topics ranging from the material basis of philological scholarship and its uses in modern politics to the colonial plunder of art and its consequences for curatorial practice in the present The book concludes with a bibliography that serves as a foundation for a coherent and systematic critical historiography Bringing together insights from scholars working in different disciplines regions and institutions Is Byzantine Studies a Colonialist Discipline urges practitioners to reckon with the discipline s colonialist imperialist and white supremacist history In addition to the editors the contributors to this volume include Andrea Myers Achi Nathanael Aschenbrenner Bahattin Bayram Averil Cameron Stephanie R Caruso ebnem D nbekci Hugh G Jeffery Anthony Kaldellis Matthew Kinloch Nicholas S M Matheou Maria Mavroudi Zeynep Olgun Arietta Papaconstantinou Jake Ransohoff Alexandra Vukovich Elizabeth Dosp l Williams and Arielle Winnik **Women & Laughter in Medieval Comic Literature** Lisa Renée
