**THE PRINCIPLES OF SHARI'AH: TEXTS AND MATERIALS** HASBOLLAH BIN MAT SAAD, 2020-05-07  
Compilation Series The Principles of Shari'ah Texts and Materials is a solid application oriented text for students taking law subjects focusing on the Shari'ah matters Many new features make this edition a richer and stronger learning resource for students Several factors motivated the authors to write this book After having the experience in legal field and teaching for more than 20 years it became clear that there was a definite need for more detail materials in this area In addition there was need for a book which would give full recognition to an easier method and the authors felt it was time for a text which would develop the ideas and methods with this in mind This book covers a thorough discussion of the development of Islamic Law in Malaysia A major audience for the book will be students studying the law subjects The order of topics however provides a degree of flexibility so that the book can be of interest to different readers through basic concepts until the advanced concepts i.e. the discussion of the areas in a very comprehensive manner The purpose of this book is to take the readers on an introduction to the principles of Shari'ah by which the meaning of such subject at basic level is better understood Hopefully this book can be benefited by the readers in their journey to success

*The Muslim Contribution to Mathematics* Ali Abdullah Al-Daffa', 2020-09-10 This book first published in 1977 discusses the Muslim contribution to mathematics during the

golden age of Muslim learning from the seventh to the thirteenth century It was during this period that Muslim culture exerted powerful economic political and religious influence over a large part of the civilised world The work of the Muslim scholars was by no means limited to religion business and government They researched and extended the theoretical and applied science of the Greeks and Romans of an earlier era in ways that preserved and strengthened man s knowledge in these important fields Although the main object of this book is to trace the history of the Muslim contribution to mathematics during the European Dark Ages some effort is made to explain the progress of mathematical thought and its effects upon present day culture Certain Muslim mathematicians are mentioned because of the important nature of their ideas in the evolution of mathematical thinking during this earlier era Muslim mathematicians invented the present arithmetical decimal system and the fundamental operations connected with it addition subtraction multiplication division raising to a power and extracting the square root and the cubic root They also introduced the zero symbol to Western culture which simplified considerably the entire arithmetical system and its fundamental operations it is no exaggeration if it is said that this specific invention marks the turning point in the development of mathematics into a science

**A History of the Arabs in the Sudan ,** A Concise History of the Arabs John McHugo,2012-08-21 This brilliant and erudite history by the award winning Arabist provides vital context for understanding the contemporary Middle East Patrick Seale author of Asad The Struggle for the Middle East From Algeria and Libya to Egypt Syria and Saudi Arabia the Arab world commands Western headlines Nowhere else does the unfolding of events have such significant consequences for America And yet its complex politics and cultures elude the grasp of most Western readers and commentators A Concise History of the Arabs provides an essential road map to understanding the Arab world today and in the years ahead Noted Arab scholar John McHugo guides readers through the political social and intellectual history of the Arabs from the Roman Empire to the present day Taking readers beyond the headlines McHugo vividly describes the crucial turning points in Arab history from the Prophet Muhammad s mission and the expansion of Islam to the region s interaction with Western ideas and the rise of Islamism This lucidly told history reveals how the Arab world came into its present form why major shifts like the Arab Spring were inevitable and what may lie ahead for the region A Choice Outstanding Academic Title this accessible history is the product of wide reading hard thinking and years of direct experience of the Middle East There are lively and informative insights on almost every page Patrick Seale author of Asad The Struggle for the Middle East

**A History of the Arab Peoples** Albert Habib Hourani,Albert Hourani,2002 Chronicles the history of Arab civilization looking at the beauty of the great mosques the importance attached to education the achievements of Arab science the role of women internal conflicts and the Palestinian question **Islam as Critique** Khurram Hussain,2019-09-05 What would it mean to imagine Islam as an immanent critique of the West Sayyid Ahmad Khan lived in a time of great tribulation for Muslim India under British rule By examining Khan s work as a critical expression of modernity rooted in the Muslim experience of it Islam as Critique argues that Khan is

essential to understanding the problematics of modern Islam and its relationship to the West The book re imagines Islam as an interpretive strategy for investigating the modern condition and as an engaged alternative to mainstream Western thought Using the life and work of nineteenth century Indian Muslim polymath Khan 1817 1898 it identifies Muslims as a viable resource for both critical intervention in important ethical debates of our times and as legitimate participants in humanistic discourses that underpin a just global order Islam as Critique locates Khan within a broader strain in modern Islamic thought that is neither a rejection of the West nor a wholesale acceptance of it The author calls this Critical Islam By bringing Khan s critical engagement with modernity into conversation with similar critical analyses of the modern by Reinhold Niebuhr Hannah Arendt and Alasdair MacIntyre the author shows how Islam can be read as critique

Center for Area and Country Studies, 1968 Arabs in History Bernard Lewis, 2002-03-14 Whoever lives in our country speaks our language is brought up in our culture and takes pride in our glory is one of us Thus ran a declaration of modern leaders of Arab states But what exactly is an Arab and what has been their place in the course of human history In this well established classic Professor Lewis examines the key issues of Arab development their identity the national revival which cemented the creation of the Islamic state and the social and economic pressures that destroyed the Arab kingdom and created the Islamic empire He analyses the forces which contributed to that empire's eventual decline and the effects of growing Western influence Today with the Arab world facing profound social and political challenges it constitutes an essential introduction to the Arabs and their history *The A to Z of Islam* Ludwig W. Adamec, 2009-09-02 There is both unity and variety in the Islamic world Muslims are not a homogeneous people who can be explained solely by their normative texts the Koran and the Sunnah Muslims differ vastly in their interpretation of Islam modernists want to reinterpret Islam to adapt to the requirements of modern times while traditionalists tend to look to the classical and medieval periods of Islam as their model of the Islamic state The A to Z of Islam presents a concise overview of Islamic history religion philosophy and Islamic political movements This is done through a chronology an introductory essay a bibliography and cross referenced dictionary entries which include the biographies and thoughts of medieval thinkers as well as those of modern members of the religious and political establishments Articles describe the major sects schools of theology and jurisprudence as well as aspects of Islamic culture Together this book represents a brief introduction to the field of Islamic studies Arab History and the Nation-State Youssef M. Choueiri, 2016-11-10 The study of Arab historiography and of the emergence of the Arab nation state as an object of historical treatment is a matter of considerable current interest Despite its importance no academic work has dealt with this subject as a major preoccupation of Arab historians and intellectuals This book first published in 1989 discusses the development of modern Arab historiography and its study of the nation state in the nineteenth century and analyses the work of three contemporary Arab historians from Egypt the Lebanon and Morocco An important and highly readable account it reaffirms the importance of historiography and proposes a revision of the manner in which modern Arab thought has hitherto been classified and interpreted
