The Archidoxies Of Theophrastus Paracelsus:

Archidoxes of Magic Theophrastus Paracelsus, 2004 This is a source work of medieval magic that gives complete sets of zodiacal lames characters and planetary sigils with full details for their manufacture and consecration often omitted by later writers Paracelsus is essentially concerned with the practical applications of magic especially with regard to healing rather than the extravagant fantasies of theorists His sections on alchemy include details of the planetary spirits the conjunction of the male and female principles and each step on the path to the Tincture one of the most complete descriptions in the whole Hermetic canon Paracelsus outlines techniques for the exorcism of evil spirits conjuration and counteracting witchcraft Stephen Skinner s introduction provides a brief biography of Paracelsus and explains the influence of his work on the Western Mystery Tradition The Archidoxes of Magic Theophrastus Paracelsus, 2014-03-29 This Is A New Release Of The Original 1920 Edition The Archidoxes of Magic Paracelsus, 1975 *Paracelsus (Theophrastus Bombastus Von Hohenheim, 1493-1541)* Paracelsus, 2008 Drawing upon Huser s 1589 publication of Paracelsus works this dual language volume combines a critical edition of Essential Theoretical Writings on philosophy medicine nature and the supernatural with new English translations and extensive commentary on the second largest sixteenth century German language corpus

Magical Manuscripts in Early Modern Europe Daniel Bellingradt, Bernd-Christian Otto, 2017-08-31 This book presents the story of a unique collection of 140 manuscripts of learned magic that was sold for a fantastic sum within the clandestine channels of the German book trade in the early eighteenth century The book will interpret this collection from two angles as an artefact of the early modern book market as well as the longue dur e tradition of Western learned magic thus taking a new stance towards scribal texts that are often regarded as eccentric peripheral or marginal The study is structured by the apparent exceptionality scarcity and illegality of the collection and provides chapters on clandestine activities in European book markets questions of censorship regimes and efficiency the use of manuscripts in an age of print and the history of learned magic in early modern Europe As the collection has survived till this day in Leipzig University Library the book provides a critical edition of the 1710 selling catalogue which includes a brief content analysis of all extant manuscripts The study will be of interest to scholars and students from a variety of fields such as early modern book history the history of magic cultural history the sociology of religion or the study of Western esotericism The Life and the Doctrines of Philippus Theophrastus, Bombast of Hohenheim, Known by the Name of Paracelsus Franz Hartmann, 1891

Paracelsus His Archidoxes , 1661 Paracelsian Moments Gerhild Scholz Williams, Charles D. Gunnoe Jr., 2003-03-01 Scientific ideas inspired by religious magical and alchemical themes competed alongside traditional Aristotelian science and the emerging mechanical philosophy in the early modern era At the center of this ferment was a quirky and creative German physician Paracelsus whose religious alchemical worldview served as an inspiration for countless scientific innovators This collection is about Paracelsus and the wide range of issues he explored and ones taken up by many who were directly or

indirectly affected by the same mental universe that sustained his thought and writings This volume includes strong contextual studies on Paracelsianism and the larger cultural history of early modern science including groundbreaking studies on Robert Boyle François Rabelais Giovanni Pico della Mirandola and Johannes Praetorius *Gender Scripts in Medicine and Narrative* Angela Laflen, 2010-06-09 Gender is an exciting area of current research in the medical humanities and by combining the study of medical narratives with theories of gender and sexuality the essays in *Gender Scripts in Medicine and Narrative* illustrate the power of gender stereotypes to shape the way medicine is practiced and perceived The chapters of *Gender Scripts in Medicine and Narrative* investigate gendered perceptions and representations of healers and patients in fiction memoir popular literature poetry film television the history of science new media and visual art The fourteen chapters of *Gender Scripts in Medicine and Narrative* are organized into four cohesive sections These chapters investigate the impact of gender stereotypes on medical narratives from a variety of points of view considering narratives from diverse languages time periods genres and media Each section addresses some of the most pressing and provocative issues in theories of gender and the medical humanities I Gendering the Medical Gaze and Pathology II Monitoring Race through Reproduction III Rescripting Trauma and Healing and IV Medical Masculinities Along with these sections *Gender Scripts in Medicine and Narrative* features a preface by Rita Charon MD PhD Director and Founder The Program in Narrative Medicine Columbia University a foreword by Marcelline Block and an introduction by Angela Laflen This collection takes a truly interdisciplinary look at the topic of gender and medicine and the impressive group of contributors to the anthology represent a wide range of academic fields of inquiry including medical humanities bioethics English modern languages women's studies film theory postcolonial theory art history the history of science and medicine new media studies theories of trauma among others This approach of crossing boundaries of genre and discipline makes the volume accessible to scholars who are concerned with narrative gender and or medical ethics Click here for a recent review of this title *The Horoscope*
