Rolfe, 1974 *The Seduction of the Mediterranean* Robert Aldrich, 2002-09-11 Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece

Twentieth Century Fiction George Woodcock, 1983-04-01 The Inner World Outside Paul Holmes, 2015-08-14 First published in 1993 The Inner World Outside has become a classic in its field Paul Holmes walks the reader through the inner world of object relationships and the corresponding outside world shared by others in which real relationships exist Trained as a psychotherapist in both psychoanalytical and psychodramatic methods Paul Holmes has written a well informed clear introduction to Object Relations Theory and its relation to psychodrama He explores the links between the theories of J L Moreno the founder of psychodrama and Sigmund Freud the founder of psychoanalysis and presents a stimulating synthesis Each chapter opens with an account of part of a psychodrama session which focus on particular aspects of psychodrama or object relations theory illuminating the concepts or techniques using the clinical material from the group to illustrate basic psychoanalytic concepts in action Published here with a new introduction from the author that links the book s content to concepts of attachment theory the book weaves together the very different concepts in an inspiring and comprehensive way that will ensure the book continues to be used by mental health and arts therapies professional whether in training or practice

Decadence and Catholicism Ellis Hanson, 1997 Romantic writers had found in Christianity a poetic cult of the imagination an assertion of the spiritual quality of beauty in an age of vulgar materialism The decadents a diverse movement of writers were the climax and exhaustion of this romantic tradition In their art they enacted the romance of faith as a protest against the dreariness of modern life Ellis Hanson teases out two strands eroticism and aestheticism that rendered the decadent interest in Catholicism extraordinary More than any other literary movement the decadents explored the powerful historical relationship between homoeroticism and Roman Catholicism Why throughout history have so many homosexuals been attracted to Catholic institutions that vociferously condemn homosexuality This perplexing question is pursued in this elegant and innovative book Late nineteenth century aesthetes found in the Church a peculiar language that gave them a means of artistic and sexual expression The brilliant cast of characters that parades through this book includes Oscar Wilde

Charles Baudelaire J K Huysmans Walter Pater and Paul Verlaine Art for these writers was a mystical and erotic experience In decadent Catholicism we can glimpse the beginnings of a postmodern valorization of perversity and performativity Catholicism offered both the hysterical symptom and the last hope for paganism amid the dullness of Victorian puritanism and bourgeois materialism
