The Ouija Board Murder:

The Ouija Board Murder Judith Vannice, 1978 Blackmail and murder stalk a girls boarding school [The Ouija Board Jurors](#) Jeremy Gans, 2017-10-04 The Ouija board jury incident of 1994 is one of the most disconcerting in English legal history possibly says the author the nadir of reported juror misbehaviour in the 20th century But as Professor Jeremy Gans shows in an era of soundbites it has been distorted by the media whilst even eminent lawyers have sometimes got the story wrong In this first full length treatment he emphasises the known facts the constitutional dilemma of investigating even bizarre jury misbehaviour and how the trial involved one of the most serious murder cases of the decade in which two people were shot in cold blood Stephen Young s conviction after a re trial is still claimed to be a miscarriage of justice by some people as to which Gans puts forward his own ingenious solution But quite apart from analysing the facts of R v Young this book is a tour de force on jury misbehaviour in which the author also examines the implications for example of winks and nods research by jurors speaking or listening out of turn going to sleep during the hearing or falling in love with one of the advocates Amusing at first sight such events involve deep questions of law practice and democratic involvement in the Criminal Justice process Far from being a mere anecdote the case of the Ouija board jurors the misconceptions about it and the issues it leads to deserve close study by anyone who is even remotely interested in jury trial The first full length treatment of an iconic case Dispels the myths that have built up around it Looks at other instances of jury misbehaviour Shows how the courts and Parliament have wrestled with problems of this kind A first rate analysis of a baffling double murder

The Murder Suicide House Mary Franklin, 2022-10-31 The Murder Suicide House By Mary Franklin A paranormal investigator tackles the

puzzling happenings at a friend's new property. Over several years she runs investigations to find out what is causing the shadows, odors, taps, bangs, footsteps, voices, laughter, and attacks within the house, activities that gradually begin to spread throughout the neighborhood and even follow her home. *The Murder Suicide House* is a compelling and unsettling account of this investigator's efforts to solve this mystery. [The Murder of Alexander Litvinenko](#) Boris Volodarsky, 2023-08-03 In his famous *Moonlight and Vodka* Chris de Burgh got it right: Espionage is a serious business. And like every serious business, it must be taken seriously. Less than two decades after the untimely death of Sasha Litvinenko, poisoned at the heart of London's Mayfair by Russian secret agents with the previously unknown radioactive substance containing a fatal dose of Polonium-210, it is hardly remembered by anyone in the West. No wonder we live in an information-rich world when the wealth of information means a dearth of something else: a scarcity of whatever it is that information consumes. Such an obvious thing was suddenly discovered by a simple old man from Milwaukee, and he's got a point there. This book is about the murder of Alexander Litvinenko, whose legal case seems to many people like an open and shut case. Even to his widow Marina and their son. To MI6, MI5, and the Special Operations branch of the London Metropolitan Police, who presented it to the public as thoroughly investigated and closed. To judge Sir Robert Owen, appointed to hold the inquest into the death of a Russian spy, as the BBC and other media has put it, a terrible mistake. To journalists and writers who had been following this case for as long as a decade, not to mention the prime suspect living a good life in Moscow. But not for me. For me, this case remains open. *Dark Spirits* Richard Estep, 2025-03-11 Take a dark descent into a world of supernatural evil. Explore true horrors of sinister spirits, ominous ghosts, angry souls, menacing monsters, malicious demons, and cursed creatures in this collection of the malevolent paranormal. Sometimes the monsters are monsters swimming the murky waters of Loch Ness, stalking their victims the streets of small town America, or hunting innocents across the desolate British moors. At other times the darkness lies within the human soul itself: the falsely accused who were executed for witchcraft in Salem, those hounded to their graves and beyond by cruel pursuers, or those cursed by all forms of vile spirits. Then there are the devils and demons lurking in the darkness, capable of possessing and tormenting the living. Master storyteller and seasoned paranormal investigator Richard Estep presents sinister hordes of evil in *Dark Spirits: Monsters, Demons, and Devils*. This fright-filled read spans the darkest realms of the paranormal, including Shapeshifters such as the menacing Skinwalkers of native mythology and ravenous slaving werewolves. Dreaded ghosts and ominous hauntings including John Wayne Gacy's ghost, the Amityville haunting, and the Willisca Axe Murder House. Dark and evil curses from the curse of Superman and Steven Spielberg's *Poltergeist* to the tomb of Egypt's pharaoh Tutankhamun. Deadly demons and devils like Dozmary Pool's deal with the devil, Ronald Hunkeler the Exorcist, Boy, and the inhabitants of the Ammons demon house. Vampires and vampirism from Vlad the Impaler to Elizabeth Bathory, killer of hundreds, to the Highgate Vampire. Horrific accusations and deadly consequences that ripped through society from the Salem witch trials to the supernatural hysteria caused by the rapid spread of tuberculosis to the
