Contemporary Literary Theory Raman Selden, Peter Widdowson, Peter Brooker, 2016-12-19 A Reader's Guide to Contemporary Literary Theory is a classic introduction to the complex yet crucial area of literary theory. This book is known for its clear accessible style and its thorough logical approach guiding the reader through the essentials of literary theory. It includes two new chapters: New Materialisms which incorporates ecocriticism, animal studies, posthumanism and thing theory; 21st Century and Future Developments which includes technology, digital humanities, ethics and affect. Contemporary Critical Discourse Studies Christopher Hart, Piotr Cap, 2014-11-07 CDS is a multifarious field constantly developing different methodological frameworks for analysing dynamically evolving aspects of language in a broad range of socio-political and institutional contexts. This volume is a cutting edge interdisciplinary account of these theoretical and empirical developments. It presents an up-to-date survey of Critical Discourse Studies (CDS) covering both the theoretical landscape and the analytical territories that it extends over. It is intended for critical scholars and students who wish to keep abreast of the current state of the art. The book is divided into two parts. In the first part the chapters are organised around different methodological perspectives for CDS: history, cognition, multimodality and corpora among others. In the second part the chapters are organised around particular discourse types and topics investigated in CDS, both traditionally e.g. issues of racism and gender inequality and only more recently e.g. issues of health, public policy and the environment. This is altogether an essential new reference work for all CDS practitioners. **The English Studies Book** Rob Pope, 2005-10-05 The English Studies Book is uniquely designed to support students and teachers working across the full range of language, literature and culture. Revised and updated throughout, features of the second edition include a new prologue addressing changes and challenges in English Studies; substantial entries on over 100 key critical and theoretical terms from absence and author to text and versification; with new entries on creative writing, travel writing and translation; practical introductions to all the major theoretical approaches; with new sections on aesthetics, ethics, ecology and sexuality; a rich anthology of literary and related texts from Anglo-Saxon to Afro-Caribbean; with fresh selections representing the sonnet, haiku, slave narratives and science fiction; and with additional texts by Elizabeth Barrett Browning, Charles Darwin, Ian McEwan, Margaret Atwood, Amy Tan and others; handy frameworks and checklists for close reading, research, essay writing and other textual activities including use of the Internet. Discourses of Postcolonialism in Contemporary British Children's Literature Blanka Grzegorzcyk, 2014-10-03 This book considers how contemporary British children's books engage with some of the major cultural debates of recent years and how they resonate with the current preoccupations and tastes of the white mainstream British reading public. A central assumption of this volume is that Britain's imperial past continues to play a key role in its representations of race, identity and history. The insistent inclusion of questions relating to colonialism and power structures in recent children's novels exposes the complexities and

contradictions surrounding the fictional treatment of race relations and ethnicity Postcolonial children s literature in Britain has been inherently ambivalent since its cautious beginnings it is both transgressive and authorizing both undercutting and excluding Grzegorzcyk considers the ways in which children s fictions have worked with and against particular ideologies of race The texts analyzed in this collection portray ethnic minorities as complex hybrid products of colonialism global migrations and the ideology of multiculturalism By examining the ideological content of these novels Grzegorzcyk demonstrates the centrality of the colonial past to contemporary British writing for the young
