# The Oxyrhynchus Papyri Volume 52

**Emily Kneebone**

## **The Oxyrhynchus Papyri Volume 52:**

**Revelation 17-22, Volume 52C** Dr. David Aune, 2017-12-12 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

**Overview of Commentary Organization** Introduction covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope. Translation: the author's own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes: the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure: Setting a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment: verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation: brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1. within the context of the book itself; 2. its meaning in the OT or NT; 3. its place in the entire canon; 4. theological relevance to broader OT or NT issues. General Bibliography: occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

**Revelation 6-16, Volume 52B** Dr. David Aune, 2017-12-12 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

**The Oxyrhynchus**

**Papyri vol. LXXXVII** N. Gonis, P. J. Parsons, 2023-12-31 This volume includes editions of fifty eight papyri and one text on parchment Among the theological texts three are of exceptional interest 5575 is an early copy of sayings of Jesus corresponding in part to the canonical gospels of Matthew and Luke and in part to the apocryphal gospel of Thomas Jesus is also the speaker in 5576 and apparently in 5577 where Mary is addressed Both pieces may be loosely called Gnostic the latter appears to be Valentinian Of the new literary items the most extensive is 5584 a collection of short biographies of eminent Romans written a century earlier than Plutarch Plutarch's own Homeric Studies now mostly lost may be recognized in 5585 Early Greek philosophy is represented by 5583 a full column of what appears to be Antiphon's On Truth The extant literary texts are fragments of two papyrological rarities the historical work of Aristodemus 5586 7 and the astrological poetry ascribed to Manetho 5588 90 The documentary section illustrates social and economic realities of late antique estates mostly that of the Apions there is new evidence on the handling of wine distributions on the pricing of equipment and materials and on the more mundane relations of the Apion estate to monasteries *Brill's Companion to the Reception of Plutarch*, 2019-10-07 The Greek biographer and philosopher Plutarch of Chaeronea c 45 125 AD makes a fascinating case study for reception studies not least because of his uniquely extensive and diverse afterlife Brill's Companion to the Reception of Plutarch offers the first comprehensive analysis of Plutarch's rich reception history from the Roman Imperial period through Late Antiquity and Byzantium to the Renaissance Enlightenment and the modern era The thirty seven chapters that make up this volume written by a remarkable line up of experts explore the appreciation contestation and creative appropriation of Plutarch himself his thought and work in the history of literature across various cultures and intellectual traditions in Europe America North Africa and the Middle East **L. Annaeus Cornutus** George Boys-Stones, 2018-12-13 The first English translation of Greek Theology The first century CE North African philosopher Cornutus lived in Rome as a philosopher and is best known today for his surviving work Greek Theology which explores the origins and names of the Greek gods However he was also interested in the language and literature of the poets Persius and Lucan and wrote one of the first commentaries on Virgil This book collects and translates all of our evidence for Cornutus for the first time and includes the first published English translation of Greek Theology This collection offers entirely fresh insight into the intellectual world of the first century Features Translation based on the latest critical text The first truly holistic picture of Cornutus's intellectual profile A new account of the early debate over Aristotle's Categories and the Stoic contribution to it **The Early Church at Work and Worship - Volume 3** Everett Ferguson, 2017-10-19 This is the third volume of Ferguson's collected essays and includes some of his most memorable work especially on laying on of hands **The Art of Living** John Sellars, 2018-01-18 This title was first published in 2003 Presenting philosophy as an art concerned with one's way of life Sellars draws on Socratic and Stoic philosophical resources and argues for the ancient claim that philosophy is primarily expressed in one's behaviour The book considers the relationship between philosophy and

biography and the bearing that this relationship has on debates concerning the nature and function of philosophy  
 Questioning the premise that philosophy can only be conceived as a rational discourse Sellars presents it instead as an art  
 techne that combines both logos rational discourse and askesis training and suggests that this will make it possible to  
 understand better the relationship between philosophy and biography The first part of this book outlines the Socratic  
 conception of philosophy as an art and the Stoic development of this idea into an art of living as well as considering some of  
 the ancient objections to the Stoic conception Part Two goes on to examine the relationship between philosophical discourse  
 and exercises in Stoic philosophy Taking the literary form of such exercises as central the author analyses two texts devoted  
 to philosophical exercises by Epictetus and Marcus Aurelius      Thesaurus Linguae Graecae Maria C. Pantelia,2022-04-26  
 The thesaurus of the Greek language 1972 2022 a brief history of the project Classifications and conventions the Canon  
 standard Acknowledgments Codes and sigla Bibliographic abbreviations The Canon of Greek authors and works Index of TLG  
 author numbers      *Oppian's Halieutica* Emily Kneebone,2020-10-08 Oppian's Halieutica is a dazzling five book Greek  
 didactic poem about the sea and its wily chaotic inhabitants This book offers the first sustained reading of the poem as a  
 didactic epic that meditates on the place of human beings within the cosmos at large and on the lessons we can learn from  
 fish Using a combination of close reading and wider interpretative lenses this book examines the literary texture and cultural  
 relevance of the Halieutica by analysing its sophisticated refraction of earlier literary critical theories and hexameter  
 traditions its commentary on human animal relations and its contribution to imperial Greek literary political and cultural  
 debates The book demonstrates the importance and cultural centrality of this understudied Greek didactic epic it is written  
 for students and scholars of imperial Greek literature and culture including the ancient novel ancient heroic and didactic  
 epics and those interested in human animal relations in the ancient world      **God and Christ in Irenaeus** Anthony  
 Briggman,2018-12-13 For too long certain scholars have been content to portray Irenaeus of Lyons as a well meaning  
 churchman but incompetent theologian By offering a careful reading of Irenaeus polemical and constructive arguments God  
 and Christ in Irenaeus contradicts these claims by showing that he was highly educated trained in the rhetorical arts aware  
 of general philosophical positions and able to use both rhetorical and philosophical theories and methods in his  
 argumentation Moreover the theological account laid down by his pen was original and sophisticated supremely so for one of  
 the second century In contrast to readings that minimize the metaphysical dimension of Irenaeus theology Anthony Briggman  
 establishes as pillars of Irenaeus polemical argumentation and constructive theology his conception of the divine being as  
 infinite and simple the reciprocal immanence of the Word Son and God the Father divine generation the union of the divine  
 Word Son and human nature in the person of Christ and the revelatory activity of the infinite and incomprehensible Word  
 Son amongst other features of his theology Briggman offers a fundamentally new understanding of Irenaeus and his thought  
     **Political Theology on Edge** Clayton Crockett,Catherine Keller,2021-12-07 In Political Theology on Edge the discourse

of political theology is seen as situated on an edge that is on the edge of a world that is grappling with global warming a brutal form of neoliberal capitalism protests against racism and police brutality and the COVID 19 pandemic This edge is also a form of eschatology that forces us to imagine new ways of being religious and political in our cohabitation of a fragile and shared planet Each of the essays in this volume attends to how climate change and our ecological crises intersect and interact with more traditional themes of political theology While the tradition of political theology is often associated with philosophical responses to the work of Carl Schmitt and the critical attempts to disengage religion from his rightwing politics the contributors to this volume are informed by Schmitt but not limited to his perspectives They engage and transform political theology from the standpoint of climate change the politics of race and non Christian political theologies including Islam and Sikhism Important themes include the Anthropocene ecology capitalism sovereignty Black Lives Matter affect theory continental philosophy destruction and suicide This book features world renowned scholars and emerging voices that together open up the tradition of political theology to new ideas and new ways of thinking Contributors Gil Anidjar Balbinder Singh Bhogal J Kameron Carter William E Connolly Kelly Brown Douglas Seth Gaiters Lisa Gasson Gardner Winfred Goodwin Lawrence Hillis Mehmet Karabela Michael Northcott Austin Roberts No lle Vahanian Larry L Welborn **Brill's**

**Companion to Hesiod** Franco Montanari,Chr. Tsagalis,Antonios Rengakos,2009-09-15 This is the first full scale companion on Hesiod to appear in English The twelve contributions included in this volume cover a wide range of aspects of Hesiodic poetry such as the relation between Hesiod and the literary traditions of the Near East and the entire span of works comprising the Hesiodic corpus from the Theogony and the Works and Days to the Melampodia and the Aigimios They also explore the language style poetics and narrative art of Hesiod as well as his influence on Hellenistic and Roman poetry but also his reception by the ancient biographical traditions and scholia The aim of this volume is to supply all those interested in Greek poetry with an up to date and comprehensive overview of scholarly approaches to Hesiod and various other works which have come down to us under his name *Perspectives on New Testament Textual Criticism, Volume 2* Eldon Jay

Epp,2020-11-30 Eldon Jay Epp s second volume of collected essays consists of articles previously published during 2006 2017 All treat aspects of the New Testament textual criticism but focus on historical and methodological issues relevant to constructing the earliest attainable text of New Testament writings More specific emphasis falls upon the nature of textual transmission and the text critical process and heavily on the criteria employed in establishing that earliest available text Moreover textual grouping is examined at length and prominent is the current approach to textual variants not approved for the constructed text for they have stories to tell regarding theological ethical and real life issues as the early Christian churches sought to work out their own status practices and destiny **Greek Literature in the Roman Period and in Late Antiquity** Gregory Nagy,2014-01-14 Edited with an introduction by an internationally recognized scholar this nine volume set represents the most exhaustive collection of essential critical writings in the field from studies of the classic

works to the history of their reception Bringing together the articles that have shaped modern classical studies the set covers Greek literature in all its genres including history poetry prose oratory and philosophy from the 6th century BC through the Byzantine era Since the study of Greek literature encompasses the roots of all major modern humanities disciplines the collection also includes seminal articles exploring the Greek influence on their development Each volume concludes with a list of recommendations for further reading This collection is an important resource for students and scholars of comparative literature English history philosophy theater and rhetoric as well as the classics Granville Sharp's Canon and Its Kin Daniel B. Wallace, 2009 Granville Sharp's Canon and Its Kin explains that the semantics of the article substantive KAI substantive construction TSKS have been largely misunderstood and that this misunderstanding has adversely impacted the exegesis of several theologically significant texts This issue is addressed from three angles historical investigation linguistic phenomenological analysis of the construction and exegetical implications The reasons for the misunderstanding are traced historically a better comprehension of the semantics of the construction is established by an examination of primary literature in the light of linguistic theory and the implications of this analysis are applied to a number of passages in the New Testament Historically the treatment begins with a clear grammatical principle articulated by Granville Sharp and it ends with the present day confusion This book includes a detailed examination of the New Testament data and other Ancient Greek literature which reveals that Sharp's rule has a general validity in the language Lastly a number of exegetically significant texts that are affected by the linguistic phenomenological investigation are discussed in detail This enlightening text is a valuable resource for undergraduate and graduate students of religion linguistics history and Greek Studies On The Paratextual Features Of Early New Testament Manuscripts, 2023-04-24 Most studies of ancient New Testament manuscripts focus on individual readings and textual variants This book however draws attention to and attempts to advance study of the textual and paratextual features of New Testament manuscripts After defining paratext the contributors discuss key manuscript characteristics including headings introductions marginal comments colophons layout features such as margins columns spacing and reading aids such as segmentation paragraphos ekthesis coronis and rubrication The goal of this book is to explore how textual criticism goes beyond individual readings and includes studying the history of texts and their perceivable features **Yale Papyri in the Beinecke Rare Book and Manuscript Library IV** Hélène Cuvigny, Ruth Duttonhoefer, Ann Ellis Hanson, 2021-12-08 Examines a group of papyri held at Yale's rare book library the Beinecke New Literary Papyri from the Michigan Collection Cassandra Borges, C. Michael Sampson, 2012-10-04 Three new fragments from amongst the oldest Greek papyri **Calling Philosophers Names** Christopher Moore, 2021-11-23 An original and provocative book that illuminates the origins of philosophy in ancient Greece by revealing the surprising early meanings of the word philosopher Calling Philosophers Names provides a groundbreaking account of the origins of the term philosophos or philosopher in ancient Greece Tracing the evolution of the word's meaning over its first two centuries Christopher Moore

shows how it first referred to aspiring political sages and advice givers then to avid conversationalists about virtue and finally to investigators who focused on the scope and conditions of those conversations Questioning the familiar view that philosophers from the beginning loved wisdom or merely cultivated their intellect Moore shows that they were instead mocked as laughably unrealistic for thinking that their incessant talking and study would earn them social status or political and moral authority Taking a new approach to the history of early Greek philosophy Calling Philosophers Names seeks to understand who were called philosophoi or philosophers and why and how the use of and reflections on the word contributed to the rise of a discipline Drawing on a wide range of evidence the book demonstrates that a word that began in part as a wry reference to a far flung political bloc came hardly a century later to mean a life of determined self improvement based on research reflection and deliberation Early philosophy dedicated itself to justifying its own dubious seeming enterprise And this original impulse to seek legitimacy holds novel implications for understanding the history of the discipline and its influence

This is likewise one of the factors by obtaining the soft documents of this **The Oxyrhynchus Papyri Volume 52** by online. You might not require more era to spend to go to the book initiation as without difficulty as search for them. In some cases, you likewise do not discover the publication The Oxyrhynchus Papyri Volume 52 that you are looking for. It will definitely squander the time.

However below, once you visit this web page, it will be so unquestionably simple to get as without difficulty as download guide The Oxyrhynchus Papyri Volume 52

It will not believe many epoch as we accustom before. You can get it though affect something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we offer under as with ease as review **The Oxyrhynchus Papyri Volume 52** what you with to read!
