**Leviticus and Its Reception in the Dead Sea Scrolls from Qumran** Baesick Choi, 2020-10-23 A large amount of Leviticus material has been found among the Dead Sea Scrolls Yet there is surprisingly little secondary scholarly analysis of the role of Leviticus in this corpus The book of Leviticus survives in several manuscripts it also features in quotations and allusions so that it seems to be a foundational source for the ideology behind the composition of some of the nonscriptural texts Indeed this volume argues that the ideology of the Holiness Code persisted in the communities that collected the manuscripts and placed them in the Qumran Caves      **The PaleoHebrew Leviticus Scroll (11Q-paleoLev)** D. Cook, 1994 The story of the Dead Sea Scrolls reads like a whodunit novel full of intrigue and mystery The intrigue lies in the internecine struggles among scholars entrusted with their study and safekeeping They mystery lies in just how much they can tell us about biblical times and life in the early Christian church From 1947 when the first scrolls were discovered in the caves around Qumran until the mid eighties when the academic gridlock began to break up they have left us with many more questions than answers Who wrote the scrolls What

connection do they have with Jewish sects or early Christianity And what light do they shed on biblical times and the Bible itself With the rediscovery of the scrolls in recent years their significance to biblical studies is once again in the spotlight This book provides to students and lay Christians an overview of the scrolls controversial history and the various theories scholars hold about them It is an excellent readable introduction to who s who and what s what in the study of the Dead Sea Scrolls

**The Complete Dead Sea Scrolls in English (7th Edition)** ,2011-12-01 Probably the most important archaeological find in history Vermes translations are a standard in the field Los Angeles Times The discovery of the Dead Sea Scrolls in the Judean desert between 1947 and 1956 was one of the greatest finds of all time These extraordinary manuscripts appear to have been hidden in the caves at Qumran by the Essenes a Jewish sect in existence before and during the time of Jesus Written in Hebrew Aramaic and Greek the scrolls have transformed our understanding of the Hebrew Bible early Judaism and the origins of Christianity This acclaimed translation by Geza Vermes has established itself as the classic version of these texts Translated and edited with an Introduction and Notes by Geza Vermes *The Temple Scroll and the Bible* Swanson,2018-11-26 That the Temple Scroll is re written Torah is

recognised but discussion of how the Torah is used has been hampered by absence of detailed analysis of the Scroll This volume addresses this lack by careful examination of major portions of the Scroll Representative portions of each division of the Scroll are analyzed first to establish precisely which biblical texts are used and then to show how these texts are placed in relation to each other From this study a specific editorial methodology is uncovered The final chapter summarises the conclusions and discusses implications for wider Qumran studies This book provides data essential not only to further the discussion on the exegetical methodology of this Scroll but also for insight into the transition from inner biblical exegesis to rabbinic commentary

**An Eye for Form** Jo Ann Hackett, Walter E. Aufrecht, 2014-06-06 At the first meeting of his class in Northwest Semitic Epigraphy at Harvard Frank Cross would inform students that one of the things each of them needed was an eye for form By this he meant the ability to recognize typological or evolutionary change in letters and scripts Frank like his teacher William Foxwell Albright was a master of typological method In fact typology was the dominant feature of his epigraphic work from the origins of the alphabet to the development of the scripts of the Dead Sea Scrolls Indeed he has written about the importance of typology itself Because Frank Cross has so dominated the study of the ancient Near East in the last 60 years Aufrecht once asked him what he considered his primary field of study to be Without hesitation he said Epigraphy It seems therefore that the field that he loved and to which he contributed so much is an appropriate subject for this Festschrift in his honor which is being presented by his colleagues friends and former students Included are an appreciation by Peter Machinist and a contribution by the late Pierre Bordreuil
