The Papers Of Ulysses S Grant July 1 1868 October 31 1869:

The Papers of Ulysses S. Grant: July 1, 1868-October 31, 1869 Ulysses Simpson Grant, Ulysses S. Grant Association, 1967 This volume carries Ulysses S Grant through a brief period of welcome calm to the storms of the White House. Seemingly resigned to becoming president, Grant detached himself from military routine in Washington D C during the summer of 1868 to tour the Great Plains. He then settled in Galena to escape the clamor of the presidential campaign. Grant reveled in his respite from official duties, writing to his father, "I have enjoyed my summer's vacation very much and look forward with dread to my return to Washington." Grant's residence in Galena shielded him from public scrutiny. Whilst I remain here I shall avoid all engagements to go any place at any stated time. The turn out of people is immense when they hear of my coming. Grant remained in or near his prewar hometown until the election forced him back to Washington. Grant publicly said that he accepted presidential responsibilities without fear but privately lacked eagerness for the office. Even before his electoral victory, he wrote disapprovingly of the Army of office seekers and begging letters from potential appointees. Never enamored with the pulling and hauling so much a part of politics, Grant tried to minimize importunities by withholding names of his cabinet selections until after his inauguration and keeping his policy pronouncements spare and noncontroversial. His earnest desire as president was simply to inspire every citizen to work for a happy Union. **The Papers of Ulysses S. Grant [v.9]**

Ulysses S. Grant, 1982 *The Papers of Ulysses S. Grant: November 1, 1869-October 31, 1870* Ulysses Simpson Grant, Ulysses S. Grant Association, 1967 Volume 20 is the first in this acclaimed series to cover the months when Ulysses S Grant held no military commission. As president, however, Grant's significance grew rather than diminished. His leadership and decisions touched directly or indirectly most people in the United States and many more around the globe. Grant spoke sincerely when he said that "I have done all I could to advance the best interests of the citizens of our country without regard to color and I shall endeavor to do in the future what I have done in the past." He urged adoption of the Fifteenth Amendment and rejoiced in its ratification, expressing his belief that it was the realization of the Declaration of Independence. Grant acknowledged that government had treated Indians badly in the past. In the short run, he recommitted his administration to the experiment of employing Quakers and humanitarians as Indian advisers and agents, trusting in eventual great success. In the long run, however, Grant thought placing Indians on large reservations and encouraging them to take their lands in severalty and to set up territorial governments for their own protection the best course. In foreign affairs, Grant became fixed on the annexation of Santo Domingo, gave this issue an inordinate degree of attention, and squandered political capital in confrontations with Congress. Senate foreign affairs committee chairman Charles Sumner emerged as the villain preventing Grant from achieving his desire, and Grant displayed his animosity toward the Massachusetts senator in private as well as in the very public removal of Sumner's friend John L. Motley as minister to England. Developments such as growing tensions among European powers, Spanish-Cuban relations, and the Alabama Claims negotiations received relatively little attention.

Grant in fact admitted shortly after the outbreak of the Franco Prussian War I had no idea that such an event was even threatening

Hence Volume 3 of this definitive edition will be especially valuable to historians of the presidency as well as the Civil War for the clear comprehensive insight it provides into Grant's attitudes and motives on the eve of his military victories. The fourteen week period covered by this volume has been exhaustively researched and includes a great store of previously unpublished material which has been combined with already available Grant documents many of them now printed from the original manuscripts. All the correspondence has been placed in context and annotated. As in previous volumes of the Papers a deepening portrait of Grant emerges. Here is the key to his future actions and policies and a guide to the thought of generations who looked to him for military and political leadership.

The Papers of Ulysses S. Grant: January 8-March 31, 1862 Ulysses Simpson Grant, 1967

Grant's trials and tribulations as a general after his victory at Fort Donelson is the scope of this 88 day period. The end of the Confederate power in western Kentucky and Tennessee began with the Union's capture of Fort Henry on February 6. After the victory at Fort Donelson on February 16 Union occupation of the region was only a matter of time. Tried and tested in the victory at Fort Henry Grant seemed to be on his own as a general. Yet his direct links with Halleck broken and with unsatisfactory communications with General George W. Cullum Halleck's Chief of Staff at Cairo and in spite of his great victory at Donelson Grant was removed from command by Halleck and was forced to remain behind at Fort Henry while his troops moved up the Tennessee River under General Charles F. Smith. The failure of communications when Grant could not report both bothered and embarrassed Halleck. Unsure of his future in the army and of his relations to his superior Grant's thoughts turned inward toward leaving the army and he repeatedly asked to be relieved until on March 14 he was asked to resume command.

In the winter of 1864 while Grant prepared for the inevitable spring campaign in Georgia Congress revived the rank of lieutenant general for the purpose of giving it to its most victorious general. When the bill passed President Lincoln called Grant to Washington to receive his commission and to assume command of all the armies. Major General Henry W. Halleck who became Grant's chief of staff then handled administrative matters and implemented the commander's orders thus creating a modern chain of command and freeing Grant to take the field. Accompanying the Army of the Potomac Grant planned a coordinated spring campaign of all the armies. Lincoln's response to the plan Those not skinning can hold a leg delighted Grant. He soon learned however that some commanders notably Major Generals Nathaniel P. Banks Benjamin F. Butler and Franz Sigel would let the legs slip from their grasp. Grant's arrival was greeted with scant enthusiasm by the Army of the Potomac. By not bringing in victorious generals from the western armies and by quietly conveying his confidence in his own troops however he soon raised morale. By the time his army crossed the Rapidan in early May it was ready for a series of bloody battles with General Robert E. Lee. May ended with the armies massed for an encounter at Cold Harbor. Grant suffered heavy casualties but was determined to fight it out on this line if it takes all summer. Evaluation of Grant's success that May

depends on whether one checks the maps or the casualty figures Grant pushed Lee back to Richmond but the cost was awesome Although Grant remained informed on the basis of reports sent to Halleck and copied for him correspondence not addressed to Grant has been excluded from this book unless it is essential to understanding Grant's own letters As he moved into Virginia Grant's correspondence increased in volume and significance Halleck's new position relieved Grant and later his editors and readers of much routine army business *The Papers of Ulysses S. Grant: September 1-December 8, 1862*

Ulysses Simpson Grant, 1967 In the period covered by Volume 6 of this distinguished series Grant again drove deep into the Confederacy displaying an instinct for the offensive lacking in other chief commanders But by the end of the year Confederate successes had forced Grant to abandon all ground he had won It was nevertheless an important period in Grant's career Command of the Army of the Tennessee brought Grant a former slaveholder into the heart of the Cotton Kingdom and to issuing the notorious General Order No 11 expelling the Jews from his department Increasingly important administrative responsibilities involved Grant in relationships with other generals And though Grant's Mississippi Central Campaign ended at the close of the year with no permanent gains he had increased in stature as a military administrator and warrior possessing the vital talent needed in a successful command system
