younger social scientists Together in one volume for the first time these essays reveal portions of Weber's work previously unavailable in English In the opening essay Max Weber as Rural Sociologist Honigsheim treats Weber's essays on Russia Poland and other works in economic history He offers a point of departure for those wishing to probe Weber's celebrated and misconstrued distaste for traditional Slavic social structure In Max Weber as Applied Anthropologist Honigsheim examines Weber's commitment to the study of race ethnicity and nationalism as mediated by ethnic attachments social policy formation handicraft economies and what he calls Ethno Politics Max Weber as Historian of Agriculture and Rural Life is a masterpiece of exegesis and comparative inquiry The final essay Max Weber His Religious and Ethical Background and Development acts as a minor corrective and addendum to Marianne Weber's biography The book concludes with Honigsheim's reminiscences of the Weber circle Interest in the work and person of Max Weber grows with each year From his writings the reader may glean the finer shades and contours of thoughts that arise from private exchanges between Honigsheim and Max Weber This volume will interest a broad spectrum of social scientists
