The Peking Payoff:

The Peking Payoff Ian Stewart, 1975 **The Protocol of 1901, Charter of Peking's Diplomacy** Charles James Fox, 1926 Special Agents Series, 1919 *The Far Eastern Review, Engineering, Finance, Commerce*, 1912 The Washington Pay-off Robert N. Winter-Berger, 1972 **Asia in Western Fiction** Robin W. Winks, James R. Rush, James Robert Rush, 1990 Established in the belief that imperialism as a cultural phenomenon had as significant an effect on the dominant as it did on the subordinate societies the Studies in Imperialism series seeks to develop the new socio cultural approach which has emerged through cross disciplinary work on popular culture media studies art history the study of education and religion sports history and children s literature The cultural emphasis embraces studies of migration and race while the older political and constitutional economic and military concerns are never far away It incorporates comparative work on European and American empire building with the chronological focus primarily though not exclusively on the 19th and 20th centuries when these cultural exchanges were most powerfully at work **Investment Values of Chinese Railway Bonds**, 1923 *Crime Fiction, 1749-1980* Allen J. Hubin, 1984 Millard's Review of the Far East, 1927 Vol 34 includes Special tariff conference issue Nov 6 1925 **The United States 15th Infantry Regiment in China, 1912-1938** Alfred Emile Cornebise, 2004-11-03 Taking up its position astride the Peking Mukden Beijing Shenyang railway beginning in January 1912 the United States Fifteenth Infantry Regiment was engaged in protecting American interests in China The 1000 man force was especially challenged during the 1920s those tumultuous years when warlords struggled to gain ascendancy in the Chinese Republic Although Chiang Kai shek established a measure of control in China by 1928 the regiment remained in China partially to counter Japan s increasingly aggressive actions despite considerable misgivings within and outside of the United States Army as to the feasibility desirability and ethical appropriateness of the policy retaining it there The success of the Japanese in conquering much of eastern China finally compelled Washington to withdraw the regiment on March 2 1938 This work recounts and assesses some aspects of the involvement and service of the Fifteenth Infantry Regiment during its fateful quarter of a century in the Orient between the World Wars Also detailed is the Army s service in those years in general Many insights are provided regarding the self perceptions of a key generation of U S military personnel deployed there The Commercial and Financial Chronicle, 1913 **The China Year Book**, 1921 China Monthly Review, 1922 **The Weekly Review**, 1923 Vol 34 includes Special tariff conference issue Nov 6 1925 *Journal of the American Asiatic Association*, 1915 *The Public*, 1913 Bankers and Diplomats in China 1917-1925 Roberta Allbert Dayer, 2013-11-05 First Published in 1981 Contrary to Chairman Mao s assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author s interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government s policy on the British war debts by offering

concessions concerning the renewal of the Anglo Japanese Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests

Game Theory and Society Weiying Zhang, 2017-12-14 The progress of society can only happen through interpersonal cooperation because only cooperation can bring about mutual benefit thus bringing happiness to each person This should be our collective rationality but we often see it conflicts with individual interests which leads to the so called Prisoners Dilemma and does not bring happiness to all From a game theoretical perspective this book addresses the issue of how people can cooperate better It has two objectives The first is to use common language to systematically introduce the basic methodologies and core conclusions of Game Theory including the Nash equilibrium multiple equilibriums dynamic games etc Mathematics and theoretical models are used to the minimum necessary scope too to make this book get access to ordinary readers with elementary mathematical training The second objective is to utilize these methods and conclusions to analyze various Chinese social issues and institutional arrangements with a focus on the reasons people exhibit non cooperative behaviors as well as the institutions and cultures that promote interpersonal cooperation In addition to economics specialists in sociology law history politics and management will also be attracted by this book for its insightful analysis on the issue of cooperation in these fields Also readers curious about Chinese society will benefit from this book
