Prajñā-pāramitā-ratna-guṇa-samcaya-gāthā Akira Yuyama, 2010-06-10 Dr Yuyama investigates Sanskrit Recension A of the Praj p ramit ratna guṇa samcaya g th a notable example of Buddhist Sanskrit literature at its earliest stage The Perfection of Wisdom ,2000 At the heart of Buddhism lies the doctrine of the perfection of wisdom The foremost principles of this teaching are the bodhisattva ideal of the religious life and the essential emptiness of all existence The sutras known as The Perfection of Wisdom in 8 000 Lines are the oldest version of this important Buddhist text dating some two thousand years and are the basis for the present translation The message of The Perfection of Wisdom is as applicable to the modern reader as it was to the monks who first studied the text two millennia ago through an understanding of the perfection of wisdom it is possible for all of us to detach from the suffering that binds us to the material world and so move toward enlightenment This important text is illustrated with extraordinary images taken from the earliest surviving Indian and Nepalese illustrated manuscripts of The Perfection of Wisdom most of which have never been reproduced before BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **By the Light of the Moon** Jay L. Garfield, Sonam Thakchöe, 2025 This book is a study of Candrak irti s c 600 660 CE philosophy and of his place in the history of the Madhyamaka or Middle Way school of Buddhist philosophy as it has developed in India Tibet and in modernity We show how the structure of Candrak irti s epistemology ontology and ethical theory hang together We do so with attention to how his thought might inform contemporary philosophical debates We want to understand how Candrak irti takes things to hang together and how the various projects he undertakes themselves hang together to the extent that he offers us a single coherent Madhyamaka vision and we achieve this understanding by attention to all of Candrak irti s principal philosophical texts We argue that canonical and contemporary readings of Candrak irti according to which he is a nihilist are incorrect and that his program takes conventional truth seriously and presupposes the reality of the world Provided by publisher *Lives of the Nuns* Shih Pao-ch'ang, 1994-06-01 This book contains the biographies of 65 Chinese women who were Buddhist monks in early China It is a great read for anyone interested in Buddhism or women in religion **Readings of the Lotus Sutra** Stephen F. The Buddha Nature Brian Edward Brown, Brian Brown, 1991-01-01 One of the fundamental tenets of Mahayana Buddhism animating and grounding the doctrine and discipline of its spiritual path is the inherent potentiality of all animate beings to attain the supreme and perfect enlightenment of Buddhahood This book examines the ontological presuppositions and the corresponding soteriological epistemological principles that sustain and define such a theory Within the field of Buddhist studies such a work provides a comprehensive context in which to interpret the influence and major insights of the various Buddhist schools Thus the dynamics of the Buddha Nature though non thematic and implicit is at the heart of Zen praxis while it is a significant articulation in Kegon Tendai and Shingon thought More specifically the book seeks to establish a coherent metaphysics of absolute suchness Tathata synthesizing the variant traditions of the Tathagata embryo Tathagatagarbha and the Storehouse Consciousness Alayavijnana The books contribution to the broader field of the History of Religions rests in its presentation and analysis of the Buddhist Enlightenment as the salvific transformational moment in which Tathata awakens to itself comes to perfect self realization as the Absolute suchness of reality in and through phenomenal human consciousness The book is an interpretation of the Buddhist Path as the spontaneous self emergence of embryonic absolute knowledge as it comes to free itself from the concealments of adventitious defilements and possess itself in fully self explicitated self consciousness as the Highest Truth and unconditional nature of all existence it does so only in the form of omniscient wisdom

Viraha Bhakti Friedhelm Hardy, 2015-01-01 The Lord Krsna abandoned his earthly mistresses who then spent their days of separation pining for his return This powerful theme found expression not only in myth but also in the devotion and poetry of a religious culture that evolved in South India From the fifth century A D the Tamils absorbed many elements from the classical traditions of the North such as yoga the temple worship and Krsna myths and the results were unique blends of the two civilizations Viraha bhakti as the author styles this type of Krsna religion imbued the theme of separation with erotic and ecstatic features and evolved as one of the
