bring the content to life *Integrative Strategies for the K-12 Social Studies Classroom* Timothy Lintner, 2013-03-01 While the concept of integration or an interdisciplinary curriculum has been around for decades the purposeful practice of integration is a relatively new educational endeavor Though classroom teachers often say they integrate there generally seems to be a lack of understanding of what this thing called integration is theory and what it is supposed to look like in the classroom practice Arguably no other discipline has felt the pressure to integrate more than social studies Marginalized by federal initiatives such as No Child Left Behind and suffering from a general crisis of credibility social studies has been pushed further and further to the proverbial back burner of educational importance Yet regardless of perspective or position social studies remains ripe for integration The crux of this book is to provide educators insights and strategies into how to integrate social studies with other discipline areas Calling upon national experts in their respective fields each chapter chronicles the broad relationship between individual content areas and social studies Multiple examples of integrative opportunities are included At the end of each chapter is a series of grade specific integrative lesson plans ready for implementation This book was purposefully designed as a how to hands on ready reference guide for educators at all stages and all levels of teaching *Teaching Children Mathematics* ,2003 *Literacy and Bilingualism* Maria Brisk, Margaret M. Harrington, 2010-11 This handbook applies proven techniques derived from bilingual bicultural classrooms to teaching literacy in the twenty first century Its goal is to help teachers increase their understanding of bilingual learners in order to maximize instruction Teachers can use this handbook to expand their understanding of literacy and bilingualism implement literacy approaches and assess students development and learn through reflection Practical flexible format and content Complete and straightforward instructions illustrated by case studies allow teachers to use the strategies in this handbook on their own or in teacher led study groups They can select from the variety of approaches the ones which best match their students needs and their own teaching style Student centered focus All of the approaches share characteristics that help motivate students of varying language abilities to develop literacy Field tested approaches The approaches have been modified and tested with bilingual students of different ages and language backgrounds in bilingual ESL mainstream special education and deaf education classes ranging from preschool through high school New in the Second Edition five new approaches with their corresponding classroom implementation additional information in each introduction addressing its theme new material on issues of language culture and literacy development of students completely new to the English language and annotated bibliographies with sample books to support literacy within language and content area classes *Literacy and Bilingualism* is intended for a broad audience of teachers in any type of classroom where bilingualism plays a role and is an excellent text for preservice and inservice courses that prepare teachers to work with English language learners *Collaborating for Real Literacy* Sharon M. Pitcher, Bonnie Mackey, 2013-03-21 Advances in literacy require collaboration between all of a school s stakeholders This book harnesses the latest research and takes into consideration

CCSS to show how to make that collaboration a reality Authentic literacy practice is crucial to preparing all students to be successful both in the workplace and college in the 21st century Insisting that this literacy achievement will only happen when librarians teachers literacy coaches and administrators work together in their schools Collaborating for Real Literacy addresses the role of each instructional leader individually and examines the importance of the group collectively in bolstering the literacy of all students Practical ways to support the teaching of the Common Core State Standards CCSS are infused throughout every chapter In this second edition of the book core chapters on scaffolding literacy centers family literacy English language learners comprehension assessment writing and discussion have been updated based on current research and CCSS Each of these chapters now offers suggestions for literacy coaches Also new are recommendations for grades K 5 and 6 12 demonstrating specific ways to apply instructional ideas to different age levels and providing materials that can be used for the instruction Additionally three new chapters have been added with real literacy instructional ideas for content area reading and Response to Intervention support for struggling readers
