With the availability of the internet this may seem redundant However I have woven into this small account some of the historical issues that were of interest to me while I lived in PNG and perhaps in their concise form they may prove useful to anyone wanting all the information in one place I have used Wikipedia extensively to create a background for my own story Where possible I have double checked the information to make sure it is reliable I have also corresponded with Wikimedia to request their policy on quoting from the various articles Part of their reply is as follows In principle all text in Wikipedia is subject to the Creative Commons Attribution ShareAlike License CC BY SA and may be used free of charge for any purpose My own story which seemed fairly ordinary at the time now appears even to me to illustrate an era of Australia's history that was quite exemplary True we were colonists We were not perfect either as individuals or as administrators but on the whole we succeeded in bringing an end to our responsibilities in PNG in good time and with good will It was an historic era and Australia played its part fairly well We expats gave our best for the country we grew to love We left a part of our hearts there So I would like to dedicate this small book to the memory of the people I met in PNG and the country I learned to love
