Patients and Agents Alyson Callan, 2012 Sylhet the area of Bangladesh most closely associated with overseas migration has seen an increase in remittances sent home from abroad introducing new inequalities Social change has also been mediated by the global forces of Western biomedicine and orthodox Islam This book examines the effects of these modernizing trends on mental health and on local traditional healing as the new inequalities have exacerbated existing social tensions and led to increased vulnerability to mental illness It is the young women of Sylhet who are most affected The global economy has increased competition for resources and led to marriage being seen as a route to economic advancement Parents prefer to give their daughters in marriage to families that will widen their social contacts and enhance their economic and social standing Accordingly the young wife's outsider status and hence vulnerability to mental illness has increased as it is no longer customary to give daughters in marriage to local kin Yet patients and their families do not work out tensions passively They are active agents in the construction of their own diagnosis The extent to which patients act or are acted upon is an investigation that runs throughout the book

The Empathic God Frank Woggon,2024-05-07 What if Jesus did not come to die for our sins What if instead Jesus s life and death was intended to provide a way out of our shame While traditional Christian teachings about the atonement emphasize sin as guilt and transgression against God s will and commandments Frank Woggon points out that clinical spiritual care reveals that the human condition is predominantly marked by shame rather than guilt In *The Empathic God* Woggon examines myopic readings of the Jesus event that in turn have embedded distortions into traditional paradigms of the atonement In contrast Woggon mines narratives of the human condition to engage in a critical examination of the Jesus story As a clinician and ordained Baptist minister Woggon presents the Jesus event as God s empathic initiative toward humanity and convincingly argues that salvation comes through empathy rather than forgiveness Woggon s work constructs a clinical theology of at onement from the perspective of clinical spiritual care *The Empathic God* calls for a practical response of caring participation in God s ongoing work of salvation through an empathic praxis of spiritual care Most importantly *The Empathic God* takes seriously that lived human experience is the starting point for theological exploration rather than doctrine This book will help practitioners and students of spiritual care in the Christian tradition to reflect more critically on the intersection of spiritual care practice and theology The book also will challenge pastors ministers of pastoral care chaplains pastoral counselors spiritually oriented therapists to interrogate and re interpret traumatic shame filled

Christian teachings about the atonement so that they too can join in God's ongoing and liberating work of salvation

Spiritual Spectacles Sally M. Promey, 1993-03-22 Promey's book is a penetrating analysis of Shaker art. The book is a gem, a true advance in Shaker studies, art history, religious history, and cultural history. Highly recommended. Choice, a very intelligent and articulate treatment of a stunning set of message images. Art Bulletin. This book is a pleasure to look at and to read. Religious Studies Review. A fascinating investigation into another world. The Shaker spirit drawings offer clues into a remarkable moment of American life as well as an opportunity to rethink just how the visual arts, religious revitalizations, and social memory relate to one another. A model study, clear, absorbing, and significant. Neil Harris, author of *The Artist in American Society*. Sally Promey's inquiry critically engages current issues in the study of visual culture: what do images do, how do they work, what needs do they fulfill, just what is their power? Her compelling case study joins fundamental concerns of art historians with those of students of religion and history. By means of an exacting examination of Shaker drawings as the site of both expectation and encounter, Promey successfully situates these *Spiritual Spectacles* at the meeting point of the inner and the outer eye. Linda Seidel, author of *Jan van Eyck's Arnolfini Portrait: Stories of an Icon*. Promey has brought to her work an excellent sensitivity to the religious issues involved, keen sight and powers of observation, and a very creative interpretive framework. Stephen J. Stein, author of *The Shaker Experience in America*. **Spiritual Awakening** Sannyasin Bayaty, 2018-04-18 The author explains how she followed a spiritual trajectory independent of religious traditions or sects, having received the Sannyas in the line of Master Osho. The sannyas is a movement of the seekers of truth who seek to live life in its totality through meditation in search of enlightenment. The goal of Bayaty is to motivate you to follow your own spiritual path in a free and independent way, taking into account that each person is a unique and special individual in himself. Bayaty presents his extrasensory experiences such as mediumship, hypnosis, transmutation, regression, and astral projection, and how he used those resources to solve problems and expand consciousness with the help of enlightened masters.
