Sites The Journal Of 20th Century Contemporary French Studies Vol 1:

Modern French Marxism Michael Kelly, 2025-06-05 Marxist thought was a powerful force in French political and intellectual life throughout the twentieth century This book takes you from its early beginnings to its peak in the 1970s when it dominated the battle of ideas You will follow conceptual debates on the materialist dialectic explore Marxism as a system of thought and experience the ambition of the men and women of letters who sought to change the world This second edition is augmented with essays on how Marxist thinkers grappled with religion everyday life the Cold War and other leading intellectual movements *Popular Culture* Roger Celestin, Eliane Dalmolin, 1997 The Routledge Companion to Migration Literature Gigi Adair, Rebecca Fasselt, Carly McLaughlin, 2024-07-30 The Routledge Companion to Migration Literature offers a comprehensive survey of an increasingly important field It demonstrates the influence of the age of migration on literature and showcases the role of literature in shaping socio political debates and creating knowledge about the migratory trajectories lives and experiences that have shaped the post 1989 world The contributors examine a broad range of literary texts and critical approaches that cover the spectrum between voluntary and forced migration In doing so they reflect the shift in recent years from the author centric study of migrant writing to a more inclusive conception of migration literature The book contains sections on key terms and critical approaches in the field important genres of migration literature a range of forms and trajectories of migration with a particular focus on the global South and on migration literature s relevance in social contexts outside the academy Its range of scholarly voices on literature from different geographical contexts and in different languages is central to its call for and contribution to a pluriversal turn in literary migration studies in future scholarship This Companion will be of particular interest to scholars working on contemporary migration literature and it also offers an introduction to new students and scholars from other fields Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Femmes** R. Celestin, Eliane Françoise DalMolin, 2000 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **Remembering the Occupation in French film** L. Hewitt, 2008-02-18 When collective memory is a source of national debate the public representation of history quickly becomes a locus of controversy and ideological struggle This work shows how French film has allowed for a public airing of current concerns through the lens of memory s recreations of the Occupation *Women* Roger Célestin, 2012-11-12 Published in 2001 *Women* is a valuable contribution to the field of Performance **Rewriting the Orient** Yunfei Bai, 2024-03-15 In this ambitious volume Yunfei Bai delves into the creative adaptations of classical Sanskrit Chinese and Tibetan literary texts by four renowned nineteenth and early twentieth century authors in France and Argentina Thophile Gautier Stéphane Mallarmé Victor Segalen and Jorge Luis Borges Without any knowledge of the source languages the authors crafted their own French and Spanish retellings based on received translations of these Asian works *Rewriting the Orient* not

only explores the so far untapped translation rewriting continuum to trace the pivotal role of Orientalism in the formation of a singular corpus of world literature that goes beyond the Anglophone canon but also sheds light on a wide range of innovative discursive strategies that readily challenge traditional notions of cultural appropriation **Latin American Dictators of the 20th Century** Javier A. Galván, 2013-01-01 Throughout the 20th century the emergence of authoritarian dictatorships in Latin America coincided with periods of social convulsion and economic uncertainty This book covers 15 dictators representing every decade of the century and geographically from the Caribbean and North and Central and South America Each chapter covers their personal information childhood education marriage family assumption of power relationship with the United States oppression of civilians and collapse of their regimes The book also investigates inherent contradictions in U S foreign policy promoting democracy abroad while supporting brutal dictatorships in Latin America Such analysis requires multiple perspectives and this work embraces an evaluation of the influence of military dictatorships on cultural elements such as art literature journalism music and cinema while drawing on data from documentary archives court case files investigative reports international treaties witness testimonies and personal letters from survivors The dramatic experiences of courageous individuals who challenged these 15 oppressors are also recounted *Walter Benjamin and the Actuality of Critique* Carlo Salzani, 2021-07-28 The striking actuality of Walter Benjamin s work does not rest on a supposed usefulness of his philosophy for current concerns but rather on the high legibility to which his oeuvre has come in the present Indeed this legibility is a function of critique which unearths the truth content of a work in a constellation of reading with the present and assures thereby that the work lives on Following this methodological tenet this book approaches Benjamin s work with two foci the actuality of his critique of violence a central and unavoidable topic in the contemporary political philosophical debate and the actuality of his critique of experience which perhaps is not as conspicuous as that of his critique of violence but constitutes nonetheless the bedrock upon which his whole philosophy rests

European Film Noir Andrew Spicer, 2019-01-04 *European Film Noir* is the first book to bring together specialist discussions of film noir in specific European national cinemas Written by leading scholars this groundbreaking study provides an authoritative understanding of an important aspect of European cinema and of film noir itself for too long considered as a solely American form The Introduction reviews the problems of defining film noir its key characteristics and discusses its significance to the development of European film the relationship of specific national films noirs to each other to American noir and to historical and social change Eight chapters then discuss film noir in France Germany Britain and Spain analysing both earlier developments and the evolution of neo noir through to the present A further chapter explores film noir in Italian cinema where its presence is not so well defined Each piece provides a critical overview of the most significant films in relation to their industrial and social contexts *European Film Noir* is an important contribution to the study of European cinema that will have a broad appeal to undergraduates cin astes film teachers and researchers **National Regeneration**

in Vichy France Debbie Lackerstein, 2016-04-22 The creators of the Vichy regime did not intend merely to shield France from the worst effects of military defeat and occupation rather the leaders of Vichy were inspired by a will to regenerate France to establish an authoritarian new order that would repair the degenerative effects of parliamentary democracy and liberal society Their plan to effect this change took the form of a far reaching programme they called the National Revolution This is the first study of the National Revolution as the expression of Vichy's ideology and aims It reveals the variety and complexity of both right wing and other strands of French thought in the context of the turbulent years of the 1930s when Vichy's history really begins and under the Occupation when internal rivalries and divisions as well as the pressures of war doomed Vichy's programme of national regeneration The book is structured around a consideration of the rhetoric of right wing ideology and such key catchwords as decadence action order realism and new man and shows how these phrases only served to mask the political and ideological incoherence of the Vichy government Belonging, Citizenship and Muslim Identity Stéphane Hlaimi, 2025-06-10 This book explores belonging among Muslims in Britain and France asking whether British and French Muslims are citizens first or Muslims first Based on in depth interviews with Muslims in both jurisdictions it considers three options open to Muslims assimilation integration or conflict and considers the differences in approach that tend to prevail among Muslims in Britain and France with British Muslims tending to favour a cohabitationist strategy while many French Muslims adopt a more conflictual approach With attention to issues of Islamophobia the author examines the crises multiculturalism and secularism are facing and argues for a more inclusive rhetoric on questions of Islam and citizenship to counter the essentialist othering approach that characterises media coverage and public discourse A call for a new paradigm of articulation between Muslim identity and Western citizenship Belonging Citizenship and Muslim Identity will be of interest to scholars of sociology politics geography and anthropology with interests in inclusion and diasporic communities **World Fascism** Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence

come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal The Documentary Imagination in Twentieth-century French Literature Alison Siân James, 2020 Studying works by authors including Gide Breton Aragon Yourcenar Duras and Modiano this volume rethinks twentieth-century French literature and engages with the question of distinctions between the factual and the fictional *The Foxite Whigs and Visual Culture, 1780-1810* Callum D. Smith, 2025-08-22 This book offers a comprehensive exploration of the intricate relationship between radicalism and sociability in late Georgian parliamentary and extra-parliamentary politics focusing on the Foxite Whig faction Re-evaluating the significance and tactical use of sociability and radicalism in late eighteenth and early nineteenth-century British politics the book charts not only the rise and fall of a leading and neglected British political faction but through its interdisciplinary and thematic focus it seeks to intervene in the field and situate sociability as a key driver and facilitator of late Georgian politics By utilising original research into contemporary newspapers letters diaries legal records parliamentary accounts and especially political caricature the author offers a new methodological approach in the study of sociability and radicalism and presents original categorisations of contemporary sociability The book examines how sociability was strategically employed by the Foxite Whigs and argues for the existence of two primary forms of sociability insular and porous Insular sociability manifested itself through dining drinking to excess or gambling in a private setting with members of the same aristocratic or political order Porous sociability however was the extra-parliamentary mechanism by which Fox and his faction tactically opened their insular Whig World to forge connections with the lower orders French revolutionary leaders popular radicals and Irish rebels The author provides a detailed analysis of Foxite sociability within the context of distinct radical themes including plebeian radicalism French Revolutionary radicalism and Irish radicalism Beyond its innovative methodological approach to sociability studies the book foregrounds visual culture as a lens through which to study and enter the wordless experience of the eighteenth century and to view the themes of sociability and radicalism from within In doing so the it reveals the inconsequential or informal dynamics of the Foxites political and extra-parliamentary career from their origin in c 1780 to their decline in the early nineteenth century *A Reference Guide for English Studies* Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross-references are liberally supplied where appropriate Although cost-conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner's Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library

Journal *Community, Myth and Recognition in Twentieth-Century French Literature and Thought* Nikolaj Lübecker, 2009-01-01 Monograph analyzing the relationship between literature thought and community in mid 20th century France *Signs and Designs* Jean H.
