actor who both reflects and utilises changing ideas about American masculinity in the context of Hollywood film production particular male types are revealed as much in his trademark trustworthy hero act as in his more fallible less conservative and therefore commercially riskier characters Luzon Aguado explores these particular star identities and every fluctuation in between She gives due attention to his much neglected acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre Going beyond standard accounts of Ford s production and pinpointing overlooked aspects of his work and the creation of the star through cultural artefacts like magazine interviews and advertising campaigns this book reveals the depth and dimensions of the enduring American screen legend that is Harrison Ford

Empire Islands Rebecca Weaver-Hightower, 2007 Through a detailed unpacking of the castaway genre s appeal in English literature Empire Islands forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire Empire Islands asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More s Utopia to Caribbean novels like George Lamming s Water with Berries from canonical works such as Robinson Crusoe and The Tempest to the lesser known A Narrative of the Life and Astonishing Adventures of John Daniel by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower is assistant professor of English and postcolonial studies at the University of North Dakota
