Six Galleons For The King Of Spain:

Six Galleons for the King of Spain Carla Rahn Phillips, 2020-09-01 In 1625 Martin de Arana built six Atlantic warships for the Spanish crown The author traces the ships from their construction through a decade of service incorporating a history of Spain s Golden Age This book was awarded the Spain and America in Quincentennial Year of Discovery prize [Six Galleons for the King of Spain](#) Carla Rahn Phillips, 1984 **War at Sea in the Middle Ages and the Renaissance** John B.

Hattendorf, Richard W. Unger, 2003 Wide ranging in place and time yet tightly focused on particular concerns these new and original specialist articles show how observations on the early history of warfare based on the relatively stable conditions of the late seventeenth century ignore the realities of war at sea in the middle ages and renaissance In these studies naval historians firmly grounded in the best current understanding of the period take account of developments in ships guns and the language of public policy on war at sea and in so doing give a stimulating introduction to five hundred years of maritime violence in Europe BOOK JACKET **The Predatory Sea** Casey Schmitt, 2025-09-04 A new interpretation of captivity human trafficking and colonization in the seventeenth century Caribbean A century before the height of the Atlantic slave trade early modern racialized slavery emerged through practices of captive taking and human trafficking in the sixteenth and seventeenth century Caribbean The Predatory Sea offers the first full length study of this deeply entangled history of captivity and colonialism Between 1570 and 1670 a multinational assortment of privately funded ship captains sailors merchants and adventurers engaged in widespread practices of captive taking and human trafficking Raids against coastal communities and regional shipping in the Caribbean ensnared multitudes including free and previously enslaved people of African and Indigenous descent who found themselves trafficked into slavery away from their communities of belonging Beginning in the 1570s their captors established maritime bases on small strategically located islands throughout the region Those anchorages served as temporary settlements for northern European traffickers decades before their respective monarchs sanctioned official colonies Colonization thus started with practices of captive taking and human trafficking which remained central to the development of the first English and French colonies in the Caribbean Through extensive research in Spanish French and English archives in Europe and the Caribbean Casey Schmitt offers a fresh perspective on how captivity and maritime violence shaped early English French and Dutch settlement Reading across imperial archives she also reveals the experiences of those ensnared in this trade Many captives escaped to Spanish population centers where they testified to officials about what they witnessed in early English French and Dutch colonies Those testimonies informed a series of Spanish attacks on foreign settlements in the Caribbean over the decades leading up to the 1650s As Schmitt argues captives were cause and consequence of inter imperial competition and warfare during this violent century of Caribbean history This captive economy as explicated in The Predatory Sea shaped English and French colonization inter imperial competition and the lived experiences of captives and their captors **Pillaging the Empire** Kris E Lane, Kris Lane, Robert M.

Levine,2015-07-24 Between 1500 and 1750 European expansion and global interaction produced vast wealth As goods traveled by ship along new global trade routes piracy also flourished on the world s seas Pillaging the Empire tells the fascinating story of maritime predation in this period including the perspectives of both pirates and their victims Brushing aside the romantic legends of piracy Kris Lane pays careful attention to the varied circumstances and motives that led to the rise of this bloodthirsty pursuit of riches and places the history of piracy in the context of early modern empire building This second edition of Pillaging the Empire has been revised and expanded to incorporate the latest scholarship on piracy maritime law and early modern state formation With a new chapter on piracy in East and Southeast Asia Lane considers piracy as a global phenomenon Filled with colorful details and stories of individual pirates from Francis Drake to the women pirates Ann Bonny and Mary Read this engaging narrative will be of interest to all those studying the history of Latin America the Atlantic world and the global empires of the early modern era

Food at Sea Simon Spalding,2014-12-11 *Food at Sea Shipboard Cuisine from Ancient to Modern Times* traces the preservation preparation and consumption of food at sea over a period of several thousand years and in a variety of cultures The book traces the development of cooking aboard in ancient and medieval times through the development of seafaring traditions of storing and preparing food on the world s seas and oceans Following a largely chronological format Simon Spalding shows how the raw materials cooking and eating equipments and methods of preparation of seafarers have both reflected the shoreside practices of their cultures and differed from them The economies of whole countries have developed around foods that could survive long trips by sea and new technologies have evolved to expand the available food choices at sea Changes in ship construction and propulsion have compelled changes in food at sea and Spalding s book explores these changes in cargo ships passenger ships warships and other types over the centuries in fascinating depth of detail Selected passages from songs and poems quotes from seafarers famous and obscure and new insights into culinary history all add spice to the tale

The Thirty Years War, 1618-1648

John Pike,2023-02-16 The Defenestration of Prague the coup d etat staged by Protestant Bohemian nobles against officials of the Hapsburg Emperor triggered the Thirty Years War When Habsburg Spain intervened in support of their Holy Roman Emperor relative what had started as a localised political and religious dispute in Germany transformed into a European and global conflict In seeking to exploit the Bohemian revolt Spanish Habsburg revanchist ambitions directed by the Spanish Count of Olivarez at the economically powerful Dutch Republic were allied with the Habsburg Emperor s counter reformation ambitions After the Bohemian defeat at the White Mountain in 1620 the war widened as the Dutch Republic England Transylvania Denmark Sweden and Richelieu s France all intervened to roll back Habsburg hegemony and restore the balance power There was extensive fighting across the globe as the Dutch and English sought to challenge the Spanish Habsburg global monopoly These colonial wars were a major factor in the Iberian revolutions with brought down the Habsburg Imperium Professor Charles Boxer called it the first world war It was a tragic war of attrition but also an epic story

of remarkable individuals including the titans of the era Imperial General Wallenstein warrior King Gustavus sinister Count Olivarez and the masters of international intrigue realpolitik and diplomacy Cardinals Richelieu and Mazarin Above all there were the decisive victories of the under sung military genius of the era Lennart Torstensson The Treaties of Westphalia followed a war which not only changed the global balance of power but accelerated over thirty years the transformation of the European continent from a world characterized by dynasties and the medieval concept of United Christendom to a European order that was recognisably modern

The Military Revolution Debate Clifford J Rogers, 2018-10-08 This book brings together for the first time the classic articles that began and have shaped the debate about the Military Revolution in early modern Europe adding important new essays by eminent historians of early modern Europe to further this important scholarly interchange

Spanish Society, 1348-1700 Teofilo F. Ruiz, 2017-06-26 Beginning with the Black Death in 1348 and extending through to the demise of Habsburg rule in 1700 this second edition of Spanish Society 1348 1700 has been expanded to provide a wide and compelling exploration of Spain s transition from the Middle Ages to modernity Each chapter builds on the first edition by offering new evidence of the changes in Spain s social structure between the fourteenth and seventeenth century Every part of society is examined culminating in a final section that is entirely new to the second edition and presents the changing social practices of the period particularly in response to the growing crises facing Spain as it moved into the seventeenth century Also new to this edition is a consideration of the social meaning of culture specifically the presence of Hermetic themes and of magical elements in Golden Age literature and Cervantes Don Quijote Through the extensive use of case studies historical examples and literary extracts Spanish Society is an ideal way for students to gain direct access to this captivating period

Spanish Warships in the Age of Sail, 1700-1860 Rif Winfield, John Tredrea, Enrique García-Torralba Pérez, Manuel Blasco Felip, 2023-05-30 A beautiful work certain to become the standard work in English on the Spanish sailing navy Seaways Ships in Scale This book is the latest contribution to a unique series in a common format documenting in great detail the warships of the major naval powers during the age of sail To date four volumes have covered the British Navy two have been devoted to the French Navy and one each to the Dutch and Russian Navies This volume on the Spanish Navy for much of its history the third largest in the world fills the final gap in the ranks of the major maritime powers This book is the first comprehensive listing of these ships in English and covers the development of all the naval vessels owned or deployed by Spain during the period of the Bourbon monarchy from 1700 to 1860 including the period of French control during the Napoleonic Wars but it also sets the scene for that period by summarizing the origins of Spanish naval development under the preceding Habsburg regime As with previous volumes in the series the main chapters list all the naval vessels from 1700 onwards including those 16th century ships which survived into the new regime in 1700 by type with the first chapters listing the ships of the line nav os in Spanish terminology and frigates in descending order of firepower and subsequent chapters covering minor and ancillary vessels Where available a brief service history of each

individual ship is given Its publication is of the utmost importance to every naval historian and general reader interested in the navies of the sailing era **Spain's Men of the Sea** Pablo Emilio Pérez-Mallaína Bueno,2005-03-31 This book should appeal to all aficionados of the romance of the sea as well as to specialists in Spanish and Latin American colonial history Benjamin Keen author of A History of Latin America *1616* Thomas Christensen,2012-03-01 A PIVOTAL MOMENT IN TIME Discover surprising stories of the pioneering men and women who ushered the world toward modernity in this continent spanning slice of world history Features 140 full color reproductions of period artwork engravings maps and drawings with fascinating sidebars throughout The early 17th century was a time of enormous change in most regions of the world The advent of maritime globalism accelerated the exchange of both goods and ideas and the first international mega corporations started to emerge as economic powers In Europe the deaths of Shakespeare and Cervantes marked the end of an era in literature The discoveries of Kepler and Galileo inspired new attitudes that would lead to an age of revolutions Great changes were also taking place in East Asia where the last native Chinese dynasty was entering its final years and Japan was beginning its long period of warrior rule Artists there were rethinking their connections to ancient traditions and experimenting with new directions Women everywhere were redefining their roles in family and society Slave trading was relocating large numbers of people while others were migrating in search of new opportunities The first tourists traveling not for trade or exploration but for personal fulfillment were exploring this new globalized world **A History of the World in Sixteen Shipwrecks** Stewart Gordon,2017-09-05 Shipwrecks as a window on the history of globalization **Imagined Histories** Anthony Molho,Gordon S. Wood,1998 This collection of essays by twenty one distinguished American historians reflects on a peculiarly American way of imagining the past At a time when history writing has changed dramatically the authors discuss the birth and evolution of historiography in this country from its origins in the late nineteenth century through its present more cosmopolitan character In the book s first part concerning recent historiography are chapters on exceptionalism gender economic history social theory race and immigration and multiculturalism Authors are Daniel Rodgers Linda Kerber Naomi Lamoreaux Dorothy Ross Thomas Holt and Philip Gleason The three American centuries are discussed in the second part with chapters by Gordon Wood George Fredrickson and James Patterson The third part is a chronological survey of non American histories including that of Western civilization ancient history the middle ages early modern and modern Europe Russia and Asia Contributors are Eugen Weber Richard Saller Gabrielle Spiegel Anthony Molho Philip Benedict Richard Kagan Keith Baker Joseph Zizak Volker Berghahn Charles Maier Martin Malia and Carol Gluck Together these scholars reveal the unique perspective American historians have brought to the past of their own nation as well as that of the world Formerly writing from a conviction that America had a singular destiny American historians have gradually come to share viewpoints of historians in other countries about which they write The result is the virtual disappearance of what was a distinctive American voice That voice is the subject of this book **Asian Slaves in Colonial Mexico** Tatiana

Seijas,2014-06-23 This book is a history of Asian slaves in colonial Mexico and their journey from bondage to freedom

Seapower and Naval Warfare, 1650-1830 Dr Richard Harding, Richard Harding, 2002-01-04 From the author of *Amphibious Warfare in the Eighteenth Century* and *The Evolution of the Sailing Navy 1509-1815* this book serves as a single volume survey of war at sea and the expansion of naval power in the 18th century The book is intended for undergraduate courses on 18th century European history and for amateur and professional military historians and for navy colleges and navy and ex navy professionals

Armada Colin Martin, Geoffrey Parker, 2023-01-23 The definitive history of the Spanish Armada lavishly illustrated and fully revised Will surely become the definitive account Stephen Brumwell Wall Street Journal In July 1588 the Spanish Armada sailed from Corunna to conquer England Three weeks later an English fireship attack in the Channel and then a fierce naval battle foiled the planned invasion Many myths still surround these events The genius of Sir Francis Drake is exalted while Spain's efforts are belittled But what really happened during that fateful encounter Drawing on archives from around the world Colin Martin and Geoffrey Parker also deploy vital new evidence from Armada shipwrecks off the coasts of Ireland and Scotland Their gripping beautifully illustrated account provides a fresh understanding of how the rival fleets came into being how they looked sounded and smelled and what happened when they finally clashed Looking beyond the events of 1588 to the complex politics which made war between England and Spain inevitable and at the political and dynastic aftermath Armada deconstructs the many legends to reveal why ultimately the bold Spanish mission failed

The Resilience of the Spanish Monarchy 1665-1700 Christopher Storrs, 2006-10-19 Christopher Storrs presents a fresh new appraisal of the reasons for the survival of Spain and its European and overseas empire under the last Spanish Habsburg Carlos II 1665-1700 Hitherto it has been largely assumed that in the Age of Louis XIV Spain collapsed as a military naval and imperial power and only retained its empire because states which had hitherto opposed Spanish hegemony came to Carlos's aid However this view seriously underestimates the efforts of Carlos II and his ministers to raise men to fight in Spain's various armies above all in Flanders Lombardy and Catalonia and to ensure that Spain continued to have galleons in the Atlantic and galleys in the Mediterranean These commitments were expensive so that the fiscal pressures on Carlos's subjects to fund the empire continued to be considerable Not surprisingly these demands added to the political tensions in a reign in which the succession problem already generated difficulties They also put pressure on an administrative structure which revealed some weaknesses but which also proved its worth in time of need The burden of empire was still largely carried in Spain by Castile assisted by the silver of the Indies but Spain's ability to hang onto empire was also helped by a greater integration of centre and periphery and by the contribution of the non Castilian territories notably Aragon in Spain and Naples in Spanish Italy This book radically revises our understanding of the last decades of Habsburg Spain As Storrs demonstrates it was a state and society more clearly committed to the retention of empire and more successful in achieving this than historians have hitherto acknowledged

The Age of the Ship of the Line Jonathan R. Dull, 2009-05-21 The

acclaimed naval historian takes the reader through the intricacies of warship design and construction in both French and British navies

Historical Novel Society In the series of wars that raged between France and Britain from the seventeenth to the nineteenth centuries seapower was of absolute vital importance Not only was each nation's navy a key to victory but was a prerequisite for imperial dominance These ongoing struggles for overseas colonies and commercial dominance required efficient navies which in turn insured the economic strength for the existence of these fleets as instruments of state power This book by the distinguished historian Jonathan Dull looks inside the workings of both the Royal and the French navies of this tumultuous era and compares the key elements of the rival fleets Through this balanced comparison Dull argues that Great Britain's final triumph in a series of wars with France was primarily the result of superior financial and economic power This accessible and highly readable account navigates the intricacies of the British and French wars in a way which will both enlighten the scholar and fascinate the general reader Naval warfare is brought to life but also explained within the framework of diplomatic and international history A welcome and concise source of information Military historians will find data about the numbers of ships in each navy for each period covered Diplomatic historians will find brief descriptions of the various heads of state and the ministers whose decisions led to wars victories defeats and economic disasters

International Journal of Naval History

Spanish Society, 1400-1600 Teofilo F Ruiz, 2014-09-11 Spanish Society depicts a complex and fascinating country in transition from the late Middle Ages to modernity It describes every part of society from the gluttonous nobility to their starving peasants Through anecdotes a lively style and portraits of figures such as St Teresa of Avila and Torquemada the book reflects the character and humour with which the common Spaniard endured an often wretched lot Beginning with a description of the geography political life and culture of Spain from 1400 to 1600 the unfolding narrative charts the country's shifts from one age to the next It unveils patterns of everyday life from the court to the brothel from the haves of the aristocracy and clergy to the have nots of the peasantry and the urban poor Historical records illuminate details of Spanish society such as the transition from medieval festivities to the highly scripted spectacles of the early modern period the reasons for violence and popular resistance and the patterns of daily living eating dressing religious beliefs and concepts of honour and sexuality This compelling account includes historical examples and literary extracts which allow the reader direct access to the period From the street theatre of village carnivals to the oppressive Spanish Inquisition it gives an abiding sense of Spain in the making and renders vivid the colours of a passionate history

When somebody should go to the books stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we give the ebook compilations in this website. It will no question ease you to see guide **Six Galleons For The King Of Spain** as you such as.
