With Pen and Pencil I would say to the gentle reader that the contents of this rather consumptive little volume were not intended originally for the public eye but for the eye domestic being extracts from familiar letters written from abroad to my family at home and for their especial pleasure and benefit At the suggestion of a friend I was induced to put them into type and use them as a thread whereon to hang the illustrations the originals of which were for the most part drawn from railroad cars the coupe of a diligence the back of a mule or from the deck of a steamer The reader will take them for what they are worth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
