

GEORGIANA PEACHER

Skryabin Mysterium

Klara Moricz, Simon Morrison

Skryabin Mysterium:

Skryabin Mysterium Georgiana Peacher, 2004-12-23 Georgiana Peacher's SKRYABIN MYSTERIUM is a work that begins before language Its qualities tap bedrock in some dangerous thrilling primordial slide out from under birdsong clay flute wind through foliage like the sound of fire like rain These are poems born through suffering into words so spare they startle The story they chart the psychic marriage they intuit the story of a young boy and a poet who greet each other at the door of time is so imaginative and stunning that the reader is changed by its power its griefs and joys and the music at times tragic at others ecstatic lingers now inside each of us Peacher convinces that for the artist there is a stillness at the center of being currents in the air around us currents that pass through us here at the threshold of the present the possible where pussywillow gray spirits charcoal skyDeborah Digges Georgiana Peacher in Mary Stuart's Ravishment Descending Time may well have given us the greatest passage on yellow eyes ever written Alexander Theroux Skryabin Mysterium Georgiana Peacher, 2004-12-23 Georgiana Peachers SKRYABIN MYSTERIUM is a work that begins before language Its qualities tap bedrock in some dangerous thrilling primordial slide out from under birdsong clay flute wind through foliage like the sound of fire like rain These are poems born through suffering into words so spare they startle The story they chart the psychic marriage they intuit the story of a young boy and a poet who greet each other at the door of time is so imaginative and stunning that the reader is changed by its power its griefs and joys and the music at times tragic at others ecstatic lingers now inside each of us Peacher convinces that for the artist there is a stillness at the center of being currents in the air around us currents that pass through us here at the threshold of the present the possible where pussywillow gray spirits charcoal sky Deborah Digges Georgiana Peacher in Mary Stuarts Ravishment Descending Time may well have given us the greatest passage on yellow eyes ever written Alexander Theroux Skryabin, Philosophy and the Music of Desire Kenneth M. Smith, 2017-07-05 Commentary on Skryabin has struggled to situate an understanding of the composer's music within his idiosyncratic philosophical world views Early commentators efforts to do so failed to establish a thorough or systematic approach And later twentieth century studies turned away from the composer's ideology focusing instead on the music itself with an analytic approach that scrutinized Skryabin's harmonic language in isolation from his philosophy This groundbreaking study revisits the questions surrounding the composer's music within his own philosophy but draws on new methodological tools casting Skryabin s music in the light not only of his own philosophy of desire but of more refined semiotic psychoanalytical theory and modern techniques of music analysis An interdisciplinary methodology corrects the narrow focus of Skryabin scholarship of the last century offering insights from New Musicology and recent music theory that lead to hermeneutical critically informed readings of selected works Stravinsky and the Russian Traditions, Volume One Richard Taruskin, 2016-04-27 This book undoes 50 years of mythmaking about Stravinsky's life in music During his spectacular career Igor Stravinsky underplayed his Russian past in favor of a European cosmopolitanism Richard Taruskin

has refused to take the composer at his word In this long awaited study he defines Stravinsky's relationship to the musical and artistic traditions of his native land and gives us a dramatically new picture of one of the major figures in the history of music Taruskin draws directly on newly accessible archives and on a wealth of Russian documents In Volume One he sets the historical scene the St Petersburg musical press the arts journals and the writings of anthropologists folklorists philosophers and poets Volume Two addresses the masterpieces of Stravinsky's early maturity Petrushka The Rite of Spring and Les Noces Taruskin investigates the composer's collaborations with Diaghilev to illuminate the relationship between folklore and modernity He elucidates the Silver Age ideal of neonationalism the professional appropriation of motifs and style characteristics from folk art and how Stravinsky realized this ideal in his music Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore The stylistic synthesis thus achieved formed Stravinsky as a composer for life whatever the aesthetic allegiances he later professed Written with Taruskin's characteristic mixture of in depth research and stylistic verve this book will be mandatory reading for all those seriously interested in the life and work of Stravinsky The Body in Language: An Anthology Contributors, 2019-03-13 The question of the body's place in language has enduring significance Is there a more equivalent imprint on the language of our life than our own bodies The Body In Language An Anthology collects an extraordinary range of voices including writers artists performers and healing practitioners to present new perspectives on the body in art by exploring the body in language The selves cells we release in creativity embody our fundamental being Can we activate our connective senses to better understand how others make others Scriabin Companion Lincoln Ballard, Matthew Bengtson, 2017-06-27 This unique collaboration between a musicologist and two pianists all experts in Russian music takes a fresh look at the supercharged music and polarizing reception of the Russian composer Alexander Scriabin From his Chopin inspired miniatures to his genre bending symphonies and avant garde late works Scriabin left a unique mark on music history Scriabin's death centennial in 2015 brought wider exposure and renewed attention to this pioneering composer Music lovers who are curious about Scriabin have been torn between specialized academic studies and popular sources that glamorize his interests and activities often at the expense of historical accuracy This book bridges the divide between these two branches of literature and brings a modern perspective to his music and legacy Drawing on archival materials primary sources in Russian and recently published books and articles Part One details the reception and performance history of Scriabin's solo piano and orchestral music High quality recordings are recommended for each piece Part Two explores four topics in Scriabin's reception the myths generated by Scriabin's biographers his claims to synaesthesia or color hearing his revival in 1960s America as a proto Flower Child and the charges of anti Russianness leveled against his music Part Three investigates stylistic context and performance practice in the piano music and considers the domains of sound rhythm and harmony It offers interpretive strategies for deciphering Scriabin's

challenging scores at the keyboard Students scholars and music enthusiasts will benefit from the historical insights offered in this interdisciplinary book Armed with this knowledge readers will be able to better appreciate the stylistic innovations and Utopia David Ayers, Benedikt Hjartarson, Tomi Huttunen, Harri colorful imagination of this extraordinary composer Veivo, 2015-12-14 Utopian hope and dystopian despair are characteristic features of modernism and the avant garde Readings of the avant garde have frequently sought to identify utopian moments coded in its works and activities as optimistic signs of a possible future social life or as the attempt to preserve hope against the closure of an emergent dystopian present The fourth volume of the EAM series European Avant Garde and Modernism Studies casts light on the history theory and actuality of the utopian and dystopian strands which run through European modernism and the avant garde from the late 19th to the 21st century The book s varied and carefully selected contributions written by experts from around 20 countries seek to answer such questions as how have modernism and the avant garde responded to historical circumstance in mapping the form of possible futures for humanity how have avant garde and modernist works presented ideals of living as alternatives to the present how have avant gardists acted with or against the state to remodel human life or to resist the instrumental reduction of life by administration and industrialisation The Routledge History of the Senses Andrew Kettler, Will Tullett, 2025-06-26 The Routledge History of the Senses presents readers with an overview of the field As well as pointing to directions for the future of the discipline it illustrates the extent to which the subject offers a considerable space for the exploration of diverse historical topics through the lens of sensory experience The handbook brings together essays and case studies from some of the leading academics on the history of the senses Together they not only chart topics and arguments in existing scholarship but introduce fresh methodologies for future analyses Specifically the chapters collectively show that the senses of the historical body often portray the intensity of the invasion of capital upon the functions of the mind throughout global history As a global history this work arrives at a time when many sensory historians are looking for a touchstone for moving beyond the often heavily Western frameworks that dominate the existing literature on the historical senses Not only will this book appeal to students and scholars of the history of senses visual studies art history food studies and many of the social sciences but individual chapters also offer useful reading material for a wide range of history modules and contemporary topics **Scriabin, a Biography** Faubion Bowers, 1996-01-01 Definitive biography newly revised and updated chronicles Russian composer's life and career astounding musical innovation concert tours abandonment of his wife brushes with homosexuality madness more 49 rare photographs **Iewish Identities** Kl∏ra·M ∏ricz,2008-02-05 This book makes a decisive and controversial contribution to the history of musical modernism Moricz radically but thoroughly scrutinizes concepts of Jewish identity and in doing so re orders our understanding of Jewish music as an outgrowth of nationalist racist and utopian ideologies The scholarship is superior in every respect Jewish Identities is destined to become a seminal work in the reception history of European musical modernism An absolutely outstanding and

intellectually brilliant work Harry White author of The Keeper's Recital Music and Cultural History in Ireland 1770 1970 <u>Demystifying Scriabin</u> Kenneth Smith, Vasilis Kallis, 2022 An innovative contribution to Scriabin studies covering aspects of Scriabin's life personality beliefs training creative output and interaction with contemporary Russian culture This book is an innovative contribution to Alexander Scriabin 1872 1915 studies covering aspects of Scriabin's life personality beliefs training creative output as well as his interaction with contemporary Russian culture It offers new and original research from leading and upcoming Russian music scholars Key Scriabin topics such as mysticism philosophy music theory contemporary aesthetics and composition processes are covered Musical coverage spans the composer's early middle and late period All main repertoire is being discussed the piano miniatures and sonatas as well as the symphonies In more detail chapters consider Scriabin s part in early twentieth century Russia s cultural climate how Scriabin moved from early pastiche to a style much more original the influence of music theory on Scriabin s idiosyncratic style the changing contexts of Scriabin performances new aspects of reception studies Further chapters offer a critical understanding of how Scriabin's writings sit within the traditions of Mysticism as well as French and Russian Symbolism a new investigation into his creative compositional process miniaturism and its wider context a new reading of the composer's mysticism and synaesthesia Analytical chapters reach out of the score to offer an interpretative framework accepting new approaches from disability studies investigating the complex interaction of rhythm and metre and modal interactions the latent diatonic tonal function of Scriabin's late works as well as self regulating structures in the composer's music **Funeral Games in Honor of Arthur** Vincent Lourié Klara Moricz, Simon Morrison, 2014-05-08 Funeral Games in Honor of Arthur Vincent Louri explores the varied aesthetic impulses and ever evolving personal motivations of Russian composer Arthur Louri A St Petersburg native allied with the Futurist movement and profoundly sympathetic to Silver Age decadence Louri was swept away by the Revolution he surfaced as a Communist commissar of music before landing in Europe and America where his career foundered Making his way by serving others he became Stravinsky's right hand man Serge Koussevitsky's ghostwriter and philosopher Jacques Maritain s muse Louri left his mark on the poems of Anna Akhmatova on the neoclassical aesthetics of Stravinsky on Eurasianism and on Maritain's NeoThomist musings about music Louri serves as a flawless lens through which aspects of Silver Age Russia early Bolshevik rule and the cultural space of exile come into sharper focus But this interdisciplinary collection of essays edited by musicologists Kl ra M ricz and Simon Morrison also looks at Louri himself as an artist and intellectual in his own right Much of the aesthetic and technical discussion concerns his grandly eulogistic opera The Blackamoor of Peter the Great understood as both a belated Symbolist work and as a NeoThomist exercise Despite the importance Louri attached to the opera as his masterwork Blackamoor has never been performed its fate thus serving as an emblem of Louri's own Yet even if Louri seems to have been destined to be but a footnote in the pages of music history he looms large in studies of emigration and cultural memory. Here Louri's life like his last opera is presented as a meditation on

the circumstances and psychology of exile Ultimately these essays recover a lost realm of musical and aesthetic possibilities a Russia that Louri and the world saw disappear Reader's Guide to Music Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology of the American Musicological Society American Musicological Society, 1998 **Desire in Chromatic Harmony** Kenneth M. Smith, 2020-04-15 In Desire in Chromatic Harmony Kenneth Smith reveals how composers used chromatic and dissonant chord progressions to mirror the psychological tension and complexity found in the work of psychoanalytic writers Russian Prospero Robert Bird, 2007-01-10 Viacheslav Ivanov 1866 1949 the central intellectual force in Russian modernism achieved through his work an original synthesis of Christianity Platonism and the philosophy of Friedrich Nietzsche His powerful intellect exerted an immeasurable influence in modernist Russia and the early Soviet Union and after emigrating to Italy in 1924 he played an important role in intellectual debates in Western Europe between the wars In recent years Ivanov s manifold contributions have been recognized in all major aspects of Russian culture including poetry literary theory philosophy and theology In The Russian Prospero Robert Bird uncovers the foundations of Ivanov's poetic and theoretical universe traces its evolution and explores its connections to cultural and intellectual currents in international modernism Blending a close reading of Ivanov s work with a thoughtful analysis of his place within twentieth century thought Bird finds that Ivanov s ecstatic creative psychology leads directly to a consideration of history as a continuum of human interpretive activity and to a conception of art as a historical force He emphasizes and dramatizes Ivanov s quest to harness the power of art and apply it to concrete life situations It is the dilemma of Prospero who must liberate his attendant spirit Ariel in order to restore full sovereignty over his own creative self and to regain ethical agency The productive tension that resulted from Ivanov s struggle was a remarkable force in Russian modernism and remains a powerful spur for our own reflections on modernity Outstanding Academic Title Choice Magazine Bird's clear explanations of Ivanov's ideas and his informed insightful astute readings of the poetic works make this book required reading for anyone interested in modern poetry intellectual history cultural studies and philosophy of early 20th century Russian and European thought Essential Choice Bird makes a welcome contribution to our understanding of Russian modernism in its broader European context In this undertaking he has not only succeeded admirably but will undoubtedly inspire others to follow him Pamela Davidson The Russian Review The most comprehensive overall treatment of Ivanov s work to date David N Wells The Slavic and East European Journal The Oxford History of Western Music Richard Taruskin, Christopher Howard Gibbs, 2019 Takes students

beyond the who what and when exploring the how and why behind the story of Western MusicNow in its second edition this text immerses students in the engaging story of the Western musical tradition By emphasizing the connections among works both within cultural eras and across time and place the text goes beyond a basic retelling of the music s history to build students ability to listen critically to key works The Oxford History of Western Music College Edition is a complete program for building students understanding and appreciation of the classical canon Reframing Russian Modernism Irina Shevelenko, 2018-12-11 Presenting a multifaceted portrait of modernist culture in Russia an array of distinguished scholars shows how artists and writers in the early twentieth century engaged with politics science and religion At a time when many Russian social institutions looked to the past modernist arts powerfully amplified a gamut of new ideas about individual and collective transformation Expanding upon prior studies that focus more specifically on literary manifestations of the movement Reframing Russian Modernism features original research that ranges broadly from political aesthetics to Darwinism to yoga These unique complementary perspectives counter reductionism of any kind integrating the study of Russian modernism into the larger body of humanistic scholarship devoted to modernity **Musical Topics and Musical Performance** Julian Hellaby, 2023-01-31 The principal purpose of topics in musicology has been to identify meaning bearing units within a musical composition that would have been understood by contemporary audiences and therefore also by later receivers albeit in a different context and with a need for historically aware listening Since Leonard Ratner 1980 introduced the idea of topics his relatively simple ideas have been expanded and developed by a number of distinguished authors Topic theory has now become a well established branch of musicology often embracing semiotics but its relationship to performance has received less attention Musical Topics and Musical Performance thus focuses on the interface of theory and practice and investigates how an appreciation of topical presence in a work may prompt interpretative thoughts for a potential performer as well as how performers have responded to such a presence in practice The chapters focus on music from the nineteenth twentieth and twenty first centuries with case studies drawn from composers as diverse as Beethoven Scriabin and P ter E tv s Using both scores and recordings the book presents a variety of original and innovative perspectives on the subject from a range of distinguished authors and addresses a neglected area of musicology and musical performance

The Notebooks of Alexander Skryabin Aleksandr Nikolayevich Scriabin, 2018 Russian composer Alexander Skryabin s life spanned the late romantic era and the momentous early years of the twentieth century but was cut short before the end of the first world war In a predominantly conservative era in the Russian musical scene he drew inspiration from poets philosophers and dramatists of the Silver Age a period of radical artistic renewal in Russia Possessed by an apocalyptic vision of transformation aspects of which he shared with other Russian thinkers and artists of the period Skryabin transformed his musical language from a ripe Romantic style into a far reaching radical instrument for the expression of his ideas This newly translated collection of the composer's writings and letters allows readers to experience and understand Skryabin's

worldview personality and life as never before The Notebooks of Alexander Skryabin features commentary based on original materials and accounts by the composer s friends and associates dispelling popular misconceptions about his life and revealing the dazzling constellation of philosophies that comprised his world of ideas from Ancient Greek and German Idealist philosophy to the writings of Nietzsche and Indian culture to the Theosophical writings of H P Blavatsky Close textual readings and new biographical insights converge to present a vivid impression of Skryabin s thought and its impact on his musical compositions
