

Slates Field Guide To The Candidates

Brendan G. Carr

Slates Field Guide To The Candidates:

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library *Democratic Orators from JFK to Barack Obama* Andrew S. Crines, David S. Moon, Robert Lehrman, 2016-03-10 How do leading Democratic Party figures strive to communicate with and influence their audience Why have some proven more successful than others in advancing their ideological arguments How do orators seek to connect with different audiences in different settings such as the Senate conventions and through the media This thoroughly researched and highly readable collection comprehensively evaluates these questions as well as providing an extensive interrogation of the political and intellectual significance of oratory and rhetoric in the Democratic Party Using the Aristotelian modes of persuasion ethos pathos and logos it draws out commonalties and differences in how the rhetoric of Democratic Party politics has shifted since

the 1960s More broadly it evaluates the impact of leading orators upon American politics and argues that effective oratory remains a vital party of American political discourse

Words: A User's Guide Graham Pointon, Stewart Clark, 2014-06-03

Words A User s Guide is an accessible and invaluable reference that is ideal for students business people and advanced learners of English The book is structured in groups of words that may be confused because they sound alike look alike or seem to have similar meanings and this approach makes it much more intuitive and easy to use than a dictionary Contrasting over 5000 words such as habitable and inhabitable precipitation and rainfall reigns and reins Words a User s Guide provides examples of usage adapted from large national databases of contemporary English and illustrates each headword in typical contexts and phrases This book gives you straightforward answers and helps with pronunciation spelling style and levels of formality For those working internationally it presents international standards and compares usage in Britain and the USA Words A User s Guide is an excellent resource for anyone who wants to communicate well in written and spoken English At last A book about the use of words that clarifies and de mystifies in an eminently usable way I would recommend it to anyone who wants to write well It is a book to keep Sandy Gilkes Head of the Centre for Academic Practice University of Northampton Rigorous fresh intriguing and downright useful it deserves a place on every properly stocked reference shelf Brian Cathcart Professor of Journalism Kingston University From the pedantic to the permissive everyone who s interested in the English language and the way we speak and write it will want a copy of this practical entertaining book Wynford Hicks author of Quite Literally and The Basics of English Usage

A Field Guide to the Culture Wars Michael McGough, 2008-12-23 Like any realignment in politics the Democratic takeover of Congress in the 2006 midterm elections inspired a raft of instant analyses One take on the results that is surely wrong is that the change in control of Congress and the spike in Democratic hopes for the 2008 presidential race mark an end to the culture wars that conventional wisdom blamed or credited for George W Bush s re election in 2004 This book sets the stage for a new consideration of the contemporary culture wars by examining their antecedents from the Scopes trial to Prohibition to the controversy over the Supreme Court s desegregation and school prayer rulings to loyalty oath battles of the 1950s to the pre Roe v Wade campaign to liberalize abortion laws Even during times of supposed conformism Americans have been presented with competing claims about what sort of culture this is and how and to what extent government should reflect and police values The author covers such topics as same sex marriage stem cell research intelligent design and other hot button issues that are debated not just between the religious and secular but more and more among the ranks of the religious themselves where a religious left has emerged to counter arguments from the religious right Anyone interested in the intersection of religion and politics in the rise of the so called moral majority and in the current state of affairs with regard to values and public life in America will gain a better understanding from reading this book

A Citizen's Guide to Presidential Nominations Wayne P. Steger, 2015-04-10 Presidential nominations in the United States can sometimes seem like a media circus over hyped and

overly speculative Even informed citizens might be tempted to tune them out Yet understanding the process one distinct to American politics is crucial for civic participation If presidential elections are about who will lead the nation presidential nominations are about who appears on the ballot This concise and coherent Citizen s Guide examines who has power in presidential nominations and how this affects who we as citizens choose to nominate and ultimately to sit in the Oval Office Political scientist Wayne Steger defines the nominating system as a tension between an insider game and an outsider game He explains how candidates must appeal to a broad spectrum of elected and party officials political activists and aligned groups in order to form a winning coalition within their party which changes over time Either these party insiders unify early behind a candidate effectively deciding the nominee before anyone casts a vote or they are divided and the nomination is determined by citizens voting in the caucuses and primaries Steger portrays how shifts in party unity and the participation of core party constituencies affect the options presented to voters Amidst all this the candidate still matters Primaries with one strong candidate look much different than those with a field of weaker ones By clearly addressing the key issues past and present of presidential nominations Steger s guide will be informative relevant and accessible for students and general readers alike

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated

Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond

including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

American Book Publishing Record ,2004 **Local Politics: A Practical Guide to Governing at the Grassroots** Terry Christensen, Tom Hogen-Esch, 2014-12-18 Unlike most competing texts that are densely written and heavily theoretical with little flavor of political life this book is a readable jargon free introduction to real life local politics for today's students While it encompasses local government and politics in cities and towns across America Local Politics A Practical Guide to Governing at the Grassroots gives special attention to the politics of suburbia where many students live and encourages them to become engaged in their own communities The book is also distinguished by its strong emphasis on nuts and bolts practical politics It provides focused discussion of institutions roles and personalities as well as the dynamic environment of local politics demographics immigration globalization etc and major policy issues budgets land use transportation education etc Other texts treat communities as abstractions and readers as passive observers Local Politics A Practical Guide to Governing at the Grassroots is designed to inspire civic engagement as well as understanding It features In Your Community research projects for students in every chapter along with informative tables clear charts essential terms and guides to useful websites *The Election Code of Illinois Annotated* Illinois, 2010 Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address and another which provides results from elections and polls and statistics from each office **Projectando websites** Jakob Nielsen, 2000 **Searcher** ,2004 The Election Code of Illinois Illinois, 2010 **Black Hills National Forest (N.F.), Slate Castle Project Area** ,2009 *True Mission* Eric Thomas Chester, 2004-02-20 In the election campaign of 2000 Al Gore and Ralph Nader polled many millions more votes than George W Bush Yet the US Left lost out a casualty of the two party system This is a pattern which has been repeated many times

over the years The most contentious issues dividing the Left in the United States have been those related to the Democratic Party This book explores the crucial moments in US history where the stranglehold of the two party system was nearly broken Presenting a detailed history of Labor party politics beginning with Henry George s campaign for mayor of New York City in 1886 proceeding to Robert La Follette s independent presidential campaign of 1924 and the Socialist party s relationship to New York s American Labor Party in the early twentieth century Eric Chester explores the history of Left in America up to and including the Nader campaign of 2000 Chester identifies key reasons why burgeoning political movements have failed He examines the part played by trade union based political parties He also looks at the inability of populist middle class parties to establish ideological or organisational groundings for a viable third party Looking to the future Chester proposes an alternative drawing on the success of the Socialist Party at the turn of the last century he lays out ideas for a mass based socialist party as the only way forward towards genuinely independent politics

Book Review Index
