Stripped A Mystery:

Stripped Eugenia L. West, 2004-11 Emma Streat is a dynamic ex opera singer who has spent the past twenty years bringing up two sons When her mega successful CEO husband dies in a hit and run accident she starts her own search for his killer The mission plunges her into the high stakes world of illegal weapons and global threats **Theo-Logic, Vol. 1** Hans Urs von Balthasar, 2000-01-01 Theo Logic is the third and crowning part of the great trilogy of the masterwork of theologian Hans Urs von Balthasar following his first two parts The Glory of the Lord and Theo Drama This is the third volume of Theo Logic Theo Logic is a variation of theology it being about not so much what man says about God but what God speaks about himself Balthasar does not address the truth about God until he first reflects on the beauty of God The Glory of the Lord Then he follows with his reflections on the great drama of our salvation and the goodness and mercy of the God who saves us Theo Drama Now in this work he is ready to reflect on the truth that God reveals about himself which is not something abstract or theoretical but rather the concrete and mysterious richness of God s being as a personal and loving God An Old Lion Roars at Dementia J. Stewart Schneider J.D., 2022-08-31 There is no more precious experience than a human life with all its sharp elbows and soft spots Yet when one s life is complete we satisfy ourselves with a simple gravestone noting name and dates Nothing about that life s struggles nor yet its celebrations nothing of guidance to the coming generation This book not an autobiography represents the memories and thoughts of a senior man diagnosed with vascular dementia Dementia stirs up thoughts of nursing homes and residents staring blankly at the wall It may come to that for me but it hasn t yet and this book marks my last chance to roar at the disease which daily robs me of talents and memories May it guide you as well

No God, No Science Michael Hanby, 2016-11-30 *No God No Science* Theology Cosmology Biology presents a work of philosophical theology that retrieves the Christian doctrine of creation from the distortions imposed upon it by positivist science and the Darwinian tradition of evolutionary biology. Argues that the doctrine of creation is integral to the intelligibility of the world. Brings the metaphysics of the Christian doctrine of creation to bear on the nature of science. Offers a provocative analysis of the theoretical and historical relationship between theology, metaphysics and science. Presents an original critique and interpretation of the philosophical meaning of Darwinian biology.

On the Nature of Human Sexual Difference: A Symposium Timothy Paul Fortin, 2024-11-05 This work offers a symposium on the nature of human sexual difference drawing on Plato's masterpiece having explored the observed phenomena of sexual difference, four stories are told of the origins, essence and ends of the human male and female. First the evolutionists and then Simone de Beauvoir and Judith Butler present their accounts. Next a fourth and unique vision for our age is added: the thought of Thomas Aquinas is placed in dialogue with the evolutionists. Beauvoir and Butler thereby introducing into contemporary discourse a voice that is both ancient and new. The work seeks to trace each protagonist's account to its fonts, so providing a perspective from which various streams of thought might be understood both in their divergence and common origins. It thus hopes to offer a common language and an interpretive key in a realm where confusion and misunderstanding too often reign.

Strip Mauled Esther Friesner, 2009-10-01 Werewolves and the suburbs are a natural go-together. Okay, so they're not the obligatory iconic Suburban Golden Retriever or Chocolate Labrador, but they've got a much better chance of taking home the Best in Show ribbon than their Undead rivals, the vampires. In some suburban households, if it brings home a trophy, who cares if it also brings home bloody chunks of the neighbors every time the full moon shines. And let's not forget one more advantage to the suburban werewolf: if his lupine side does something nasty on your lawn, his human side can come by later with the Pooper Scooper. In your face, Dracula. Therefore, welcome to the fur-sprouting, mall-browsing, moon-howling, latte-sipping world of Strip Mauled. You'll like what you find. Sit Stay Good reader.

Stories of suburban lycanthropy by Sarah A Hoyt, Dave Freer, K D Wentworth and more, including Esther Friesner herself. At the publisher's request, this title is sold without DRM (Digital Rights Management).
