Stripping Gypsy Noralee Frankel, 2011-03-03 Whenever stripper Gypsy Rose Lee encountered public criticism she spoke frankly in her own defense Thousands have seen me at my ah best and thousands have made no objections Noralee Frankel's lively biography *Stripping Gypsy* the first ever published about the highly mythologized Gypsy examines the struggles Lee faced in making a lucrative and unconventional career for herself while maintaining a sense of dignity and social value Frankel shows that the famous Miss Lee was an enigma clearly struggling with her choices and her desire to be respected and legitimized Those who know Gypsy Rose Lee only from the musical and film based on her rise to stardom will be surprised by what they uncover in *Stripping Gypsy* In all ways Lee trafficked in the incongruous she was at once sex object intellectual and activist In addition to her highly successful strip tease act and film career she published two mystery novels and a memoir wrote two plays and showed her original artwork in famed Modern Art impresario Peggy Guggenheim's gallery Lee also gained notoriety for her participation in liberal politics As photographer Arnold Newman said She was a lady a brilliant bright woman who was the friend of many writers and intellectuals Though she wasn't above using her femininity to full advantage Lee aspired to much more than admiration for her physical beauty Frankel places Lee's life in social and political context while detailing a fascinating entertainment career in which Lee created and recreated her own identity to fit changing times Frankel's biography transcends the sensationalism of stripping and asks the public to see the woman beneath the costume a woman who always kept a little of herself shrouded in mystery

Management ,1916 **Israel and the Gaza Strip** Arnon Golan,2024-09-30 This book concentrates on the formative period of the Gaza Strip and the bordering Israeli Gaza Frontier Area considering them as a distinct geographic region that might best be understood as an integral unit of analysis Based on abundant Israeli British and American documentation articles from the contemporary Arab press and other sources that reflect Arab perspectives the book deals with the formation of the Gaza Strip between the initial drawing of the boundaries of the 1947 UN partition plan until the Israeli withdrawal from the area in March 1957 following the 1956 War It also concentrates on the development of the Israeli urban and rural settlement systems that enveloped the Gaza Strip and formed the Gaza Frontier Area Ultimately the book provides a wider understanding of the history of the Arab Israeli conflict shedding light on political military and demographic spatial plans to solve the Gaza Strip abnormality that involved radical measures such as mass population transfers The innovative historical geographical approach of the research offers key insights into the politics of the region and the book will be of particular interest to anyone studying the history and development of the Arab Israeli conflict *Empire's Mobius Strip* Stephanie Malia Hom,2019-09-15 Its brilliant prose makes Empire s Mobius Strip easily accessible to anyone interested in today s migration crisis in the Mediterranean and elsewhere in the world American Historical Review Italy s current crisis of Mediterranean migration and detention has its roots in early twentieth century imperial ambitions Empire s Mobius Strip investigates how mobile populations were perceived to be major threats to Italian colonization and how the state s historical mechanisms of control have resurfaced with greater force in today s refugee crisis What is at stake in Empire s Mobius Strip is a deeper understanding of the forces driving those who move by choice and those who are moved Stephanie Malia Hom focuses on Libya considered Italy s most valuable colony both politically and economically Often perceived as the least of the great powers Italian imperialism has been framed as something of colonialism lite But Italian colonizers carried out genocide between 1929 33 targeting nomadic Bedouin and marching almost 100 000 of them across the desert incarcerating them in camps where more than half who entered died simply because the Italians considered their way of life suspect There are uncanny echoes with the situation of the Roma and migrants today Hom explores three sites in novella like essays where Italy s colonial past touches down in the present the island the camp and the village Empire s Mobius Strip brings into relief Italy s shifting constellations of mobility and empire giving them space to surface submerge stretch out across time and fold back on themselves like a Mobius strip It deftly shows that mobility forges lasting connections between colonial imperialism and neoliberal empire establishing Italy as a key site for the study of imperial formations in Europe and the Mediterranean
