Striving And Feeling:

Striving and Feeling Abraham Tesser, Leonard L. Martin, 1995-10 Recently research on the ways in which goals affect and self regulation influence one another has enjoyed an upsurge New findings are being published and new theories are being developed to integrate these findings This volume reports on the latest of this work including a substantial amount of data and theory that has not yet been published Emanating from a conference exploring affect as both a cause and effect in various social contexts this book examines some of the complex and reciprocal relationships among goals self structures feelings thoughts and behavior The chapters address the effects of intrinsic versus extrinsic goals the different effects of approach versus avoidance goals the role of awareness in goal pursuit and affective states the meaning of affective states in relation to goal attainment the impact of hedonistic concerns as motivational factors how people regulate their moods and the role of the self in affective experiences Studies in Classical Philology ,1895 **Outlines of Psychology** James Sully,1884 **Feelings and Emotions** Antony S. R. Manstead, Nico Frijda, Agneta Fischer, 2004-04-05 Emotions are central to human behavior and experience Yet scientific theory and research ignored emotions during most of the twentieth century This situation changed dramatically during the last 30 years of that century which witnessed an upsurge of interest in emotions in a number of disciplines This book arises from the 24 keynote papers presented at a symposium held in June 2001 that had the same title as this volume The aim of that meeting was to review the state of research on emotions from a multidisciplinary perspective Each chapter is authored by an acknowledged authority in the field Together they provide an overview of what is being studied and thought about emotions in disciplines ranging from neurophysiology and experimental psychology to sociology and philosophy The Journal of Philosophy, Psychology and Scientific Methods ,1905 **The Energies of Men (Psychology Revivals)** William McDougall, 2015-06-03 First published in 1932 the original blurb states This is a simplified condensation of the author s two volumes An Outline of Psychology and An Outline of Abnormal Psychology which together give a comprehensive survey of the principles and findings of modern psychology This is designed as an introduction to the scientific study of man and society for those who have not time or inclination to pursue the more recondite problems of mind It is suitable for college use in the introductory course It concentrates on the dynamics of the human organism and aims to give the student that minimum acquaintance with psychology without which he is not fitted to be a citizen of the modern world Today it can be read and enjoyed in its historical context **An Outline of Psychology** William McDougall, 1923 **Ethics** Wilhelm Max Wundt, 1901 *Self-Coaching* Joseph J.
