we react to our common distress In vivid case histories from his notebook Dr Tournier illustrates the importance of self understanding in the advancement of healing in Christian freedom He turns to the Bible to show that the Christian message of sin and grace helps us to accept ourselves realistically in the confidence that God has already accepted us in Jesus Christ It is through the power derived from Him that we are enabled to find hope and freedom from fear This book with its refreshing insights into the parts played by psychology and religion in human problems opens up new perspectives for people seeking self knowledge and provides an invaluable resource for pastoral and other counselors
