The White Hound: Mythology in Modern Times Andrei Zamfir,2019-08-18 *The White Hound* is the second book of Andrei Zamfir and it is divided into two major parts *The Grey Skies* and *The Bleak Life in Modern Times* The first part focuses on the odyssey of Alfred Spears through time as he reflects on ancient mythology and the duality between nature and human nature in a novel embedded in 19th and 20th century motifs and themes *The Grey Skies* stretches from the Victorian prose in the likes of Charles Dickens to the bleak fatalism of H P Lovecraft Furthermore it incorporates the author s own views on contemporary life thus conceiving a mercilessly mosaic of chivalry and despair doubled by creativity and literary craft **The War System** Richard Falk,Samuel S Kim,2019-08-15 An interdisciplinary study of this nature and scope reflects contributions of many scholars in diverse disciplines and fields concerned with human conflict behavior in general and with human war prone behavior in particular They are too numerous to enumerate here Still our deep gratitude goes to

Lead On! Dave Oliver, 2009-01-16 A warm yet specific book which cuts to the heart of leadership issues and savvy The Bookwatch Informal even conversational in style Lead On is nevertheless a serious handbook from which aspiring leaders can learn how to achieve seemingly impossible goals The book is replete with examples from the author's experience and from the history of the nuclear navy where the price of failure can be death Civilian managers will find that many of the principles discussed here can be employed with profit in private industry The old school of motivation by coercion never accomplished much with submarine sailors who are among the navy's elite and the author has found that what works with this new breed of mariner technician can be of enormous value in dealing with the members of an entrepreneurial organization Praise for Lead On A wealth of advice on military leadership that is also pertinent to civilian managers The Retired Officer It is a particular pleasure to see an officer from the silent service publish his thoughts and viewpoints In a light and breezy style Admiral Oliver expresses some current thinking on critical issues USNI Proceedings

Medieval Islam Gustave E. von Grunebaum, 2010-01-15 From the Preface This book has grown out of a series of public lectures delivered in the spring of 1945 in the Division of the Humanities of the University of Chicago It proposes to outline the cultural orientation of the Muslim Middle Ages with eastern Islam as the center of attention It attempts to characterize the medieval Muslim's view of himself and his peculiarly defined universe the fundamental intellectual and emotional attitudes that governed his works and the mood in which he lived his life It strives to explain the structure of his universe in terms of inherited borrowed and original elements the institutional framework within which it functioned and its place in relation to the contemporary Christian world A consideration of the various fields of cultural activity requires an analysis of the dominant interest the intentions and to some extent the methods of reasoning with which the Muslim approached his special subjects and to which achievement and limitations of achievement are due Achievements referred to or personalities discussed will never be introduced for their own sake let alone for the sake of listing the sum total of this civilization's major contributions They are dealt with rather to evidence the peculiar ways in which the Muslim essayed to understand and to organize his world The plan of the book thus rules out the narration of political history beyond the barest skeleton but it requires the ascertaining of the exact position of Islam in the medieval world and its significance This plan also excludes a study of Muslim economy but it leads to an interpretation of the social structure as molded by the prime loyalties cherished by the Muslim

Surviving Incarceration Rose Ricciardelli, 2014-05-30 Is prison a humane form of punishment and an effective means of rehabilitation Are current prison policies such as shifting resources away from rehabilitation toward housing more offenders improving the safety and lives of incarcerated populations Considering that many Canadians have served time are currently incarcerated or may one day be incarcerated and will be released back into society it is essential for the functioning and betterment of communities that we understand the realities that shape the

prison experience for adult male offenders Surviving Incarceration reveals the unnecessary and omnipresent violence in prisons the heterogeneity of the prisoner population and the realities that different prisoners navigate in order to survive Ricciardelli draws on interviews with almost sixty former federal prisoners to show how their criminal convictions masculinity and sexuality determined their social status in prison and in consequence their potential for victimization The book outlines the modern inmate code that governs prisoner behaviours the formal controls put forth by the administration the dynamics that shape sex offender experiences of incarceration and the personal growth experiences of many prisoners as they cope with incarceration

As I See It Cody Coffey, 2010-03 People will be interested in this book because it offers insight and a different look at the cycle of life and death and why they are never ending The who what where and why are just fill ins for the curious but logical questions and answers that we ponder as humans I hope to take it further by examining the meaning behind the meaning The possibilities and the consequences of ignoring the very basis of not just life but the survival of humanity that we are not here by some kind of accident in the cosmos What happens and transpires when people no longer feel a purpose to life and this feeling causes an insurrection and destruction of one s soul where not only do they lash out at each other they eventually despise themselves This issue is what happens in the absence of God in one s life and how the soul starves while the flesh feasts in misery and selfishness The absence of purpose which is a greater good God causes a systematic breakdown where the tentacles of misery and chaos run wild as one adopts the mentality of every man women and child The more selfish people become the less they care about those further and further away from their personal space to the point where they do not care about their own country their own state community right up to their own backyard As evil advances the faithless retreat one grows more and more selfish in the absence of God Good and evil right and wrong become meshed together and a veil of gray causes one unable to discern between the two
