Harris, 2014-05 The kingdom of God was a major topic of discussion between Jesus and His disciples Much of Jesus teachings were built upon the foundation of kingdom truths and spiritual realities Jesus on many occasions spoke of doing the will of the One who sent Him the will of His Father was the driving force of His purpose in the flesh He came to do the Father s will Jesus primary goal was the establishment of the Father s will on the earth As Jesus would move and act and speak on behalf of His Father the kingdom of heaven through His life would be in full advance made obvious by the supernatural demonstrations of the Spirit Strongholds were smashed prisoners were set free and the kingdom of darkness was falling Jesus by the authority given Him from the Father walked this earth in the liberty of the kingdom of heaven and put into motion the Father s plan to reconcile all things back to Himself But the message does not end there the same things that Jesus taught and did throughout His ministry He would later pass on to His disciples At the close of Jesus earthly ministry He would bestow upon them the mandate of His Father to preach the Gospel of the kingdom to every nation tribe and tongue They were to do what He did They were not going to be alone in this endeavor but would have with them living in them the Holy Spirit the Helper on the Day of Pentecost the kingdom had come in power and had transformed their lives Through the release of God s kingdom into the earth the disciples went about turning the world upside down This same transformative

Mason,2016-01-21 The roots of the modern disease theory of addiction can be traced back to the archaic medical philosophies of the eighteenth century This popular theory is based primarily on the assumption that so called addicts are physically unable to resist the call of addictive chemicals They are presumably stricken from birth with this unlucky condition and all but helpless in the fight against the unhealthy symptoms of the so called disease The problem is that contemporary addiction research shows that substance abusers are not genetically or biologically different from anyone else In fact a growing group of physicians and researchers contend that addicts are simply guilty of making self destructive choices in response to the commonplace stresses of everyday life When addicts begin to take responsibility for their calculated chemical choices they ultimately come to view their abusive behaviors in terms of not sickness but sin They can then learn how to achieve forgiveness of their sins and deliverance from their addictions by offering their hearts minds and bodies to Jesus Christ This is a skillfully written and powerful book about addiction and recovery Having seen the devastating effects of addiction first hand Mr Mason was able to use his own personal experiences to develop a one of a kind text that dispels the myths about addiction and beautifully outlines the connection between the Spirit and recovery After 14 years of working in the field of chemical dependency I have never found a more complete and insightful view of addiction recovery and spirituality Cindy Tidwell MS LPC Professional Addiction Counselor **Rick Warren's Bible Study Methods** Rick
