in Autoimmune Disease *If I'm So Zen, Why is My Hair Falling Out?* Amanda Lera, 2020-04-07 If I m So Zen Why is My Hair Falling Out helps those struggling with hair loss take back their confidence and regrow their hair for good by guiding them through the healing and regrowth process After spending a year meeting with doctors naturopaths dermatologists and trying every fad hair growth product on the market only to have another patch of hair fall out Amanda Lera knew there had to be another way The tools Amanda implements in If I m So Zen Why is My Hair Falling Out teaches those struggling with hair loss how to Regrow their hair fast without expensive smelly treatments or harmful medications Identify the true cause of their hair loss Prevent hair loss from happening again Grow fuller longer and healthier hair than before Relieve anxiety and rebuild their confidence Break up with WebMD for good **Rustic Healthy** RusticHealthy, 2019-02-26 Rustic Healthy is my anecdotal experience as well as what I ve learned though I m told I m unlearnable by some in the last year including my own hypothesis though I m told it s not an hypothesis and if it is it s not mine in getting healthy perhaps lose some weight naturally I ve included also my very compelling Rustic Commentaries to share what I ve encountered as well Now I am not a doctor or health professional however I have consulted with physicians online and one informed that perhaps rustic s ovaries should be removed so as not to pass on any of her dumb genes And then rustic should start her own organic garden and turn herself into compost 8 Nevertheless for years I believed in a natural livingstyle as much as possible in a NYC environment however found what I thought was natural really wasn t Basically I ve been my own guinea pig regarding health after being on 4 asthma medications overweight tired of being sick and always kind of curious as to why illness happens which I hope to present here some answers at least how I can understand them anyway In 2007 I retired early and moved down to beautiful rural Virginia where I learned or think I ve learned a bit more So herein are all that I wish I d known regarding health dieting p exercise and other pertinent things in hopes that you may look into these rustic findings for yourself as well and hopefully get healthy and be happy too Patti aka RusticHealthy *The Spark* Kristine Barnett, 2013-04-09 The extraordinary memoir of a mother s love commitment and nurturing which allowed her son originally diagnosed with severe autism to flourish into a universally recognized genius and how any parent can help their child find their spark Today at 13 Jacob is a paid researcher in quantum physics working on extending Einstein s theory of relativity Diagnosed at 1 with severe autism at 3 he was assigned to life skills classes and his parents were told to adjust their expectations The goal tying his own shoes at 16 Kristine s belief in the power of hope and the dazzling possibilities that can occur when we keep our minds open and learn to fuel a child s true potential changed everything **On Learning to Heal** Ed Cohen, 2022-11-18 At thirteen Ed Cohen was diagnosed with Crohn s disease a chronic incurable condition that nearly killed him in his early twenties At his diagnosis his doctors told him that the best he could hope for would be periods of remission Unfortunately doctors never mentioned healing as a possibility In On Learning to Heal Cohen draws on fifty years of living with Crohn s to consider how Western medicine s turn from an art of healing toward a science of medicine deeply affects both medical practitioners and their

patients He demonstrates that although medicine can now offer many seemingly miraculous therapies medicine is not and has never been the only way to enhance healing Exploring his own path to healing he argues that learning to heal requires us to desire and value healing as a vital possibility With this book Cohen advocates reviving healing s role for all those whose lives are touched by illness **DreamMakers** Michele Hunt,2021-08-19 DreamMakers Innovating for the Greater Good
