Countless subsequent emails and a reciprocal visit to the U S Air Force Research Laboratory by Prof Firstov and a team of scientists from IPMS ensued to discuss and detail a broad collaboration in the area of structural metals Two years after the initial visit a major investment by the U S Air Force Office of Scientific Research AFOSR was established to pursue the technologies defined by these interactions The annual reviews of the AFOSR Ukrainian Metals Initiative were held in late May a most beautiful time in Kyiv when the lilacs are in bright display and the air is scented with the smell of falling blossoms from the chestnut trees that line the major streets and many parks The sunny days and mild evenings provide a welcome break from winter and on weekend evenings festive crowds spill onto the Khreshchatyk Kyiv s downtown boulevard to listen to street musicians watch jugglers and comedians or simply to celebrate with friends The annual reviews featured long days of intensive discussion of technical progress followed in the evenings by the warm hospitality of the Ukrainian hosts
