Archetypes from Underground Lonny Harrison, 2016-05-17

Archetypes from Underground Notes on the Dostoevskian Self uncovers archetypal imagery in Dostoevsky's stories and novels and argues that archetypes bring a new dimension to our understanding and appreciation of his works In this interdisciplinary study Harrison analyzes selected texts in light of fresh research in Dostoevsky studies cultural history comparative mythology and depth psychology He argues that one of Dostoevsky's chief concerns is the crisis of modernity and that he dramatizes the conflicts of the modern self by depicting the dynamic transformative nature of the psyche Harrison finds the language and imagery of archetypes in Dostoevsky's characters symbols and themes and shows how these resonate in remarkable ways with the archetypes of self persona and the shadow He demonstrates that major themes in Dostoevsky coincide with Western esotericism such as the complementarity of opposites transformation and the symbolism of death and resurrection These arguments inform a close reading of several of Dostoevsky's texts including The Double Notes from Underground and The Brothers Karamazov Archetypes inform these works and others bringing vitality to Dostoevsky's major characters and themes This research represents a departure from the religious and philosophical questions that have dominated Dostoevsky studies This work is the first sustained analysis of Dostoevsky's work in light of archetypes framing a

topic that calls for further investigation Archetypes illumine the author s ideas about Russian national identity and its faith traditions and help us redefine our understanding of Russian realism and the prominent place Dostoevsky occupies within it

Dostoevsky's Incarnational Realism Paul J. Contino,2020-08-17 In this book Paul Contino offers a theological study of Dostoevsky s final novel *The Brothers Karamazov* He argues that incarnational realism animates the vision of the novel and the decisions and actions of its hero Alyosha Fyodorovich Karamazov The book takes a close look at Alyosha s mentor the Elder Zosima and the way his role as a confessor and his vision of responsibility to all for all develops and influences Alyosha The remainder of the study which serves as a kind of reader s guide to the novel follows Alyosha as he takes up the mantle of his elder develops as a monk in the world and at the end of three days ascends in his vision of Cana The study attends also to Alyosha s brothers and his ministry to them Mitya s struggle to become a new man and Ivan s anguished groping toward responsibility Finally Contino traces Alyosha s generative role with the young people he encounters and his final message of hope

Dostoevsky and English Modernism 1900-1930 Peter Kaye,1999-05-06 When Constance Garnett s translations 1910 20 made Dostoevsky s novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel

Fyodor Dostoevsky Harold Bloom,2009 Presents a biography the Russian author Fyodor Dostoevsky along with critical views of his work

Dostoevsky's Unfinished Journey Robin Feuer Miller,Professor Robin Feuer Miller,2007-01-01 How does Dostoevsky s fiction illuminate questions that are important to us today What does the author have to say about memory and invention the nature of evidence and why we read How did his readings of such writers as Rousseau Maturin and Dickens filter into his own novelistic consciousness And what happens to a novel like *Crime and Punishment* when it is the subject of a classroom discussion or a conversation In this original and wide ranging book Dostoevsky scholar Robin Feuer Miller approaches the author s major works from a variety of angles and offers a new set of keys to understanding Dostoevsky s world Taking Dostoevsky s own conversion as her point of departure Miller explores themes of conversion and healing in his fiction where spiritual and artistic transfigurations abound She also addresses questions of literary influence intertextuality and the potency of what the author termed ideas in the air For readers new to Dostoevsky s writings as well as those deeply familiar with them Miller offers lucid insights into his works and into their continuing power to engage readers in our own times

The Cambridge Companion to Dostoevskii William J.

Leatherbarrow,2002-07-18 Key dimensions of Dostoevskii's writing and life are explored in this collection of specially commissioned essays Contributors examines topics such as Dostoevskii's relation to folk literature money religion the family and science The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading Altogether the volume provides an invaluable resource for scholars and students Dostoevsky's the Idiot and the Ethical Foundations of Narrative Sarah Young,2004-11-14 Provides an innovative theoretical framework for an analysis that integrates structural and narratological considerations with thematic religious and ethical aspects by focusing on the characters interactivity as the most fundamental level on which the ethical systems of the novel are enacted Examines the questions of what ethical bases are put forward by the novel what faith issues and philosophical world views they derive from and how in terms of structuring and narration rather than simply thematically they are presented in the novel Through the concept of scripting the author shows how the ethical becomes the foundation for the narratological in The idiot Page 4 of cover **The Novel in the Age of Disintegration** Kate Holland,2013-10-31 Scholars have long been fascinated by the creative struggles with genre manifested throughout Dostoevsky's career In The Novel in the Age of Disintegration Kate Holland brings historical context to bear showing that Dostoevsky wanted to use the form of the novel as a means of depicting disintegration brought on by various crises in Russian society in the 1860s This required him to reinvent the genre At the same time he sought to infuse his novels with the capacity to inspire belief in social and spiritual reintegration so he returned to some older conventions of a society that was already becoming outmoded In thoughtful readings of Demons The Adolescent A Writer's Diary and The Brothers Karamazov Holland delineates Dostoevsky's struggle to adapt a genre to the reality of the present with all its upheavals while maintaining a utopian vision of Russia's future mission **Dostoevsky and Kant** Evgenia Cherkasova,2009 In this book Evgenia Cherkasova brings the philosopher Kant and the novelist Dostoevsky together in conversations that probe why duty is central to our moral life She shows that just as Dostoevsky is indebted to Kant so Kant would profit from the deeply philosophical narratives of Dostoevsky which engage the problem of evil and the claims of human community She not only produces a novel reading of Dostoevsky but also guides us to later often neglected Kantian texts This study is written with scholarly care penetrating analysis elegance of style and moral urgency Cherkasova writes with both mind and heart Emily Grosholz Professor of Philosophy The Pennsylvania State University **Structure and Theme--Don Quixote to James Joyce** Margaret Church,1983 **Mikhail Bakhtin** Gary Saul Morson,Caryl Emerson,1990 Books about thinkers require a kind of unity that their thought may not possess This cautionary statement is especially applicable to Mikhail Bakhtin whose intellectual development displays a diversity of insights that cannot be easily integrated or accurately described in terms of a single overriding concern Indeed in a career spanning some sixty years he experienced both dramatic and gradual changes in his thinking returned to abandoned insights that he then developed in unexpected ways and worked through new ideas only loosely related to his earlier concerns Small

wonder then that Bakhtin should have speculated on the relations among received notions of biography unity innovation and the creative process Unity with respect not only to individuals but also to art culture and the world generally is usually understood as conformity to an underlying structure or an overarching scheme Bakhtin believed that this idea of unity contradicts the possibility of true creativity For if everything conforms to a preexisting pattern then genuine development is reduced to mere discovery to a mere uncovering of something that in a strong sense is already there And yet Bakhtin accepted that some concept of unity was essential Without it the world ceases to make sense and creativity again disappears this time replaced by the purely aleatory There would again be no possibility of anything meaningfully new The grim truth of these two extremes was expressed well by Borges an inescapable labyrinth could consist of an infinite number of turns or of no turns at all Bakhtin attempted to rethink the concept of unity in order to allow for the possibility of genuine creativity The goal in his words was a nonmonologic unity in which real change or surprisingness is an essential component of the creative process As it happens such change was characteristic of Bakhtin s own thought which seems to have developed by continually diverging from his initial intentions Although it would not necessarily follow that the development of Bakhtin s thought corresponded to his ideas about unity and creativity we believe that in this case his ideas on nonmonologic unity are useful in understanding his own thought as well as that of other thinkers whose careers are comparably varied and productive

Personalism and the Politics of Culture P. Grant, 1996-10-02 This book deals with interrelationships between literature and religion to examine the idea of the person in relation to the politics of culture Throughout Patrick Grant maintains that ideology separates value from fact spirit from matter and this separation depersonalises In a series of chapters dealing with body city others freedom and transgression and through a selection of texts from the New Testament to the Northern Irish poets he shows how literature spirituality and postmodern culture might jointly liberate persons in a society committed to democratic process and socialist values

The Failure of the Word Richard H. Weisberg, 1984-01-01 The cruel power of misdirected words artfully structured but spiritually empty and bearing the stamp of law or legalistic reasoning is a persistent theme in the modern novel Richard Weisberg who has written extensively on both literature and law explores the role of legalism and its abuses in eight major novels of the nineteenth and twentieth centuries Beginning with Dostoevski and moving by way of trenchant analyses of Flaubert and Camus Weisberg culminates his argument in a brilliantly revisionist reading of Melville s Billy Budd In each of the novels treated Weisberg sees a verbally gifted central character relying on wordiness to avoid or distort previously revealed truths He argues that the malaise Nietzsche called ressentiment goads these characters to verbalizations that do violence to others and ironically indict their very creators He identifies the legalistic theme as the major mode of iconoclasm in modern fiction and the source of its holocaustic vision Writers he reflects viewed with profound skepticism their culture s tendency to substitute complex narrative formalism for earlier absolute approaches to justice In this Weisberg concludes their works anticipated the jurisprudential discourse of

today The Failure of the Word is a creative provocative and learned work written with style and feeling Weisberg brings to bear on his core themes the legalistic proclivity and resentment a wide body of knowledge and thought in law and philosophy literary history and theory Robert L Jackson Yale University

Freedom and Responsibility in Russian Literature Elizabeth Cheresch Allen, Gary Saul Morson, 1995 Robert Louis Jackson has long been recognized on both sides of the Atlantic as one of the foremost Dostoevsky scholars in the world Freedom and Responsibility in Russian Literature collects twenty essays by distinguished scholars many former students of Jackson's and admiring colleagues on some of the foremost questions in Russian studies Whatever the specific topic these essays manifest a determination to exercise the critical independence and integrity exemplified by Jackson throughout his long career

Christianity and Western Literature Ambrose Mong, 2023-01-01 Some of the greatest works of Western literature have been inspired or influenced by powerful Christian themes In this fresh evaluation of this relationship and its development over the last two millennia Ambrose Mong studies a series of authors representative of the changing epochs Augustine Dante and Milton all wrote to serve the needs of the Christian community and combine their religious themes with scholarly excellence Meanwhile Shakespeare's plays and Coleridge's The Rime of the Ancient Mariner though not specific to the Christian faith nevertheless betray the dominant Christian values and imagery of their time Finally in Dostoevsky's The Brothers Karamazov and Greene's The Power and the Glory Christianity is put under scrutiny reflecting the increasing insecurity of its place in society Throughout Mong also shows that the themes in these works are to a certain extent universal Creation sin suffering and forgiveness are perennial human concerns beyond the exclusive purview of Christianity and these texts serve to challenge Christian assumptions as much as they are influenced by them Always thorough and sensitive to the unique context of each writer Mong's analysis provides an important grounding in the way Western literature has shaped and been shaped by the religion of its day
