Struggle A Hard Battle Essays On Working Class Immigrants

Christopher M. Sterba

Struggle A Hard Battle Essays On Working Class Immigrants:

Poverty, Ethnicity and the American City, 1840-1925 David Ward, 1989-02-24 David Ward examines the geographical relationship between migrants and the inner city and the creation of slums and ghettos **"Struggle a Hard Battle"** Dirk Hoerder, 1986 **Working-Class Americanism** Gary Gerstle, 2021-04-13 In this classic interpretation of the 1930s rise of industrial unionism Gary Gerstle challenges the popular historical notion that American workers embrace of Americanism and other patriotic sentiments in the post World War I years indicated their fundamental political conservatism He argues that Americanism was a complex even contradictory language of nationalism that lent itself to a wide variety of ideological constructions in the years between World War I and the onset of the Cold War Using the rich and textured material left behind by New England's most powerful textile union the Independent Textile Union of Woonsocket Rhode Island Gerstle uncovers for the first time a more varied and more radical working class discourse *The German-American Radical Press* Elliott Shore, Ken Fones-Wolf, James Philip Danky, 1992 Wilhelm Weitling one of the many German radicals who fled into exile after 1848 noted in the New York newspaper he founded that everyone wants to put out a little paper The 48ers and those who came after them strengthened their immigrant culture with a seemingly endless stream of newspapers magazines and calendars In these Kampfblätter or newspapers of the struggle German immigrant journalists preached socialism organized labor and free thought These little papers were the forerunners of a press that would remain influential for nearly a century From the several perspectives of the new labor history this volume emphasizes the importance of the German American radical press to an understanding of American social history in the age of industrialism and illuminates the complexities of the interaction of immigrant radicalism and American culture Chicago's German language socialist weekly Der Vorbote claimed in 1880 that the history of the workers movement in the United States is at the same time the history of the workers press Hyperbolic perhaps but to judge by the energy and resources German American radicals devoted to their press many immigrants agreed The radical movement in the United States met with problems as well as support Language and culture frequently divided the radicals and class considerations splintered the German American community Cultural radicals like Robert Reitzel and Ludwig Lore ran afoul of rank and file taste or party discipline attempts by the New Yorker Volkszeitung to coach women on proper socialist positions resulted in bitter arguments over the importance of woman suffrage and pacifism At the same time social movements that cut across ethnic lines weakened the power of a foreign language press within the community as immigrants began to identify with a movement rather than a language Contributors to this volume explore these and other issues while correcting the bias in histories of radicalism which rely on English language sources and thus ignore the competing visions of immigrant radicals *Good Americans* Christopher M. Sterba, 2003-03-27 *Good Americans* examines the participation of Italian and Jewish Americans both on the home front and overseas in the First World War Christopher M Sterba argues that immigrant communities played a significant role in American public life for the first

time during this conflict *The Social Origins of Private Life* Stephanie Coontz, 2016-02-23 Current debates about the future of the family are often based on serious misconceptions about its past Arguing that there is no biologically mandated or universally functional family form Stephanie Coontz traces the complexity and variety of family arrangements in American history from Native American kin groups to the emergence of the dominant middle class family ideal in the 1890s Surveying and synthesizing a vast range of previous scholarship as well as engaging more particular studies of family life from the seventeenth to the nineteenth centuries Coontz offers a highly original account of the shifting structure and function of American families Her account challenges standard interpretations of the early hegemony of middle class privacy and affective individualism pointing to the rich tradition of alternative family behaviors among various ethnic and socioeconomic groups in America and arguing that even middle class families went through several transformations in the course of the nineteenth century The present dominant family form grounded in close interpersonal relations and premised on domestic consumption of mass produced household goods has arisen Coontz argues from a long and complex series of changing political and economic conjunctures as well as from the destruction or incorporation of several alternative family systems A clear conception of American capitalism's combined and uneven development is therefore essential if we are to understand the history of the family as a key social and economic unit Lucid and detailed *The Social Origins of Private Life* is likely to become the standard history of its subject **A Nation of Immigrants** Franca Iacovetta, Paula Draper, Robert Ventresca, 2017-06-22 This collection brings together a wide array of writings on Canadian immigrant history including many highly regarded influential essays Though most of the chapters have been previously published the editors have also commissioned original contributions on understudied topics in the field The readings highlight the social history of immigrants their pre migration traditions as well as migration strategies and Canadian experiences their work and family worlds and their political cultural and community lives They explore the public display of ethno religious rituals race riots and union protests the quasi private worlds of all male boarding houses and of female domestics toiling in isolated workplaces and the intrusive power that government and even well intentioned social reformers have wielded over immigrants deemed dangerous or otherwise in need of supervision Organized partly chronologically and largely by theme the topical sections will offer students a glimpse into Canada's complex immigrant past In order to facilitate classroom discussion each section contains an introduction that contextualizes the readings and raises some questions for debate *A Nation of Immigrants* will be useful both in specialized courses in Canadian immigration history and in courses on broader themes in Canadian history **Immigrant Enterprise in Europe and the USA** Prodromos Ioannou Panayiotopoulos (aka Mike Pany), 2006-09-27 Immigrant owned enterprises are a highly visible phenomenon but frequently and increasingly so after 9 11 immigration has been cast in pessimistic and apocalyptic terms which became associated with rising xenophobia and restrictive legislation such as the Patriot Act in the United States This book examines the issue of immigration and the

contribution immigrant enterprise plays in the economic development of gateway cities such as London New York Los Angeles Paris Amsterdam and Miami cities which appear as the living embodiment of globalization Questioning the extent to which cities are transformed by immigrants themselves from below this revealing book points to relationships with wider processes such as the legal and political framework and the restructuring by capital of particular industries and localities What happens to immigrants is shaped by membership of particular groups historical circumstances and the reproduction of social stratification rooted in class gender race age The book points to the development of social and economic differentiation and challenges popular stereotypes of immigrants in business Its findings point to a highly differentiated enterprise structure This informative volume contains rich case study material Ideal for students and professionals it demonstrates that the recognition of diversity is a necessary first step to understanding winners and losers in immigrant enterprise **Hanging**

Together John Higham, 2001-01-01 This book presents three decades of writings by one of America's most distinguished historians John Higham renowned for his influential works on immigration ethnicity political symbolism and the writing of history here traces the changing contours of American culture since its beginnings focusing on the ways that an extraordinarily mobile society has allowed divergent ethnic class and ideological groups to hang together as Americans The book includes classic essays by Higham and more recent writings some of which have been substantially revised for this publication Topics range widely from the evolution of American national symbols and the fate of our national character to new perspectives on the New Deal on other major turning points and on changes in race relations after major American wars Yet they are unified by an underlying theme that a heterogeneous society and an inclusive national culture need each other

Neighbours of Passage Fabrice Langrognet, 2022-03-03 The book is a sociocultural microhistory of migrants From the 1880s to the 1930s it traces the lives of the occupants of a housing complex located just north of the French capital in the heart of the Plaine Saint Denis Starting in the 1870s that industrial suburb became a magnet for working class migrants of diverse origins from within France and abroad The author examines how the inhabitants of that particular place identified themselves and others The study looks at the role played in the construction of social difference by interpersonal contacts institutional interactions and migration The objective of the book is to carry out an original experiment applying microhistorical methods to the history of modern migrations Beyond its own material history the tenement is an observation point it was deliberately selected for its high degree of demographic diversity which contrasts with the typical objects of the traditional ethnicity based scholarship on migration The micro lens allows for the reconstruction of the itineraries interactions and representations of the tenement's occupants in both their singularity and their structural context Through its many individual stories the book restores a degree of complexity that is often overlooked by historical accounts at broader levels

Sweated Work, Weak Bodies Daniel E. Bender, 2004-01-28 In the early 1900s thousands of immigrants labored in New York's Lower East Side sweatshops enduring work environments that came to be seen as among the worst examples

of Progressive Era American industrialization Although reformers agreed that these unsafe workplaces must be abolished their reasons have seldom been fully examined *Sweated Work Weak Bodies* is the first book on the origins of sweatshops exploring how they came to represent the dangers of industrialization and the perils of immigration It is an innovative study of the language used to define the sweatshop how these definitions shaped the first anti sweatshop campaign and how they continue to influence our current understanding of the sweatshop **Atlantic Passages** Andreas Etges, Ursula

Lehmkuhl, 2006 This volume commemorates life and oeuvre of Willi Paul Adams He belonged to a generation of German historians of the United States who shaped the profession in multifaceted ways Kathleen Conzen University of Chicago writes in her commemorative essay Willi Paul Adams produced an impressive and varied body of scholarship in his chosen field of American history He made a lasting contribution to our understanding of the basic principles and processes under which Americans established their first democratic constitutions stimulated significant inquiry into the political consequences of immigration for the United States produced three major interpretive surveys of American history for non American audiences and gave German readers access through scholarly translations to major documents in the American political tradition

The New American History American Historical Association, 1997 Originally released in 1990 *The New American History* edited for the American Historical Association by Eric Foner has become an indispensable volume for teachers and students In essays that chart the shifts in interpretation within their fields some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades Along with substantially revised essays from the first edition this volume presents three entirely new ones on intellectual history the history of the West and the histories of the family and sexuality The second edition of *The New American History* reflects in Foner's words the continuing vitality and creativity of the study of the past how traditional fields are being expanded and redefined even as new ones are created Author note Eric Foner is DeWitt Clinton Professor of History at Columbia University He is the author of numerous books including *Reconstruction 1863-1877* which was awarded the Bancroft Prize *Chicago Labor and the Quest for a Democratic Diplomacy, 1914-1924* Elizabeth McKillen, 2019-05-15 Reconstructing the campaign waged by a Chicago labor coalition against the foreign policy objectives of the American Federation of Labor Elizabeth McKillen establishes the impact of United States foreign policy during the World War I era on the development of the labor movement **Impossible Subjects** Mae M. Ngai, 2014-04-27 This book traces the origins of the illegal alien in American law and society explaining why and how illegal migration became the central problem in U S immigration policy a process that profoundly shaped ideas and practices about citizenship race and state authority in the twentieth century Mae Ngai offers a close reading of the legal regime of restriction that commenced in the 1920s its statutory architecture judicial genealogies administrative enforcement differential treatment of European and non European migrants and long term effects She shows that immigration restriction particularly national origin and numerical quotas remapped America both by creating new categories of racial difference and

by emphasizing as never before the nation's contiguous land borders and their patrol The Populist Persuasion Michael Kazin, 2014-10-29 Kazin has written a thoughtful and important book on one of the more consequential movements in American politics populism Tracing the emergence of populist campaigns from the 19th century to the present day he looks at such movements as the labor movement the prohibitionist crusade Catholic radio populist Father Coughlin the New Left and the recent advance of conservative populism as identified with such figures as George Wallace and Ronald Reagan Kazin opens by saying I began to write this book as a way of making sense of a painful experience the decline of the American Left including its liberal component and the rise of the Right Anyone interested in either political tendency will find this book both informative and engaging It is a powerful elegantly written and observant study that never fails to retain the reader's interest Library Journal For the revised Cornell edition Michael Kazin has rewritten the final chapter bringing his coverage of American populism up to the 1996 presidential election and he has added a new conclusion *Jewish Immigrants and American Capitalism, 1880-1920* Eli Lederhendler, 2009-03-02 Down and out in Eastern Europe Being an immigrant ideal ordeal and opportunities Becoming an ethnic American from class to ideology *Immigration Reconsidered* Virginia Yans-McLaughlin, 1990-11-15 Providing an interdisciplinary and global perspective on immigration to the United States this collection of essays brings together the work of leading scholars in the field including the work of such distinguished historians sociologists and political scientists as Charles Tilly Philip Curtin Kirby Miller Sucheng Chan Alejandro Portes Lawrence Fuchs and Aristide Zolberg and represents an important step forward in the development of immigration studies The book helps redirect thinking on the subject by giving a summary of the current state of immigration studies and a coherent new perspective that emphasizes the international dimensions of the immigrant experience from the time of the slave trade to present day movements of Asian and Latin American peoples Immigration Reconsidered challenges ethnocentric American or European perspectives on immigration disputes the classical assimilation model of a linear progression of immigrant cultures toward a dominant American national character questions human capital theory as an explanation of ethnic group achievement reveals conflicting ethnic and racial attitudes toward immigration restriction and examines the revival of interest in oral history immigrant autobiographies and other subjective documents Offering a new approach to immigration studies for the 1990s Immigration Reconsidered is important reading for anyone who wants to know how the America came to be as it is today *Nationalism, Labour and Ethnicity 1870-1939* Angel Smith, Stefan Berger, 1999 This text looks at the inter relationships between labour nationalist movements and ethnicity during the Age of Imperialism Two of the most debated contemporary issues focus on the decline of labour particularly socialist ideologies and the rise of nationalism It is sometimes assumed that the demise of one led to the triumph of the other It is also thought that labour as an internationalist movement underestimated and misunderstood the power of nationalism This text links these historical phenomena and sets the debate in more accurate historical context **The Routledge History of Italian Americans**

William Connell, Stanislao Pugliese, 2017-09-27 The Routledge History of Italian Americans weaves a narrative of the trials and triumphs of one of the nation's largest ethnic groups. This history, comprising original essays by leading scholars and critics, addresses themes that include the Columbian legacy, immigration, the labor movement, discrimination, anarchism, Fascism, World War II, patriotism, assimilation, gender identity, and popular culture. This landmark volume offers a clear and accessible overview of work in the growing academic field of Italian American Studies. Rich illustrations bring the story to life, drawing out the aspects of Italian American history and culture that make this ethnic group essential to the American experience.

When somebody should go to the books stores, search opening by shop, shelf by shelf, it is in point of fact problematic. This is why we present the book compilations in this website. It will totally ease you to see guide **Struggle A Hard Battle Essays On Working Class Immigrants** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections.
