defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces      *Historical Dictionary of the 1940s* James Gilbert Ryan, Leonard C

Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century's most tumultuous decades. In nearly 600 concise entries the volume quickly defines a historical figure, institution, or event and then points readers to three sources that treat the subject in depth. In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it, with coverage of people, movements, court cases, and economic, social, cultural, political, military, and technological changes. The book focuses chiefly on the United States but places American lives and events firmly within a global context.
