Struggle For Justice To Dalit Christians:

Struggle for Justice to Dalit Christians Brojendra Nath Banerjee,1997 Relates to Christians belonging to economically backward and socially underprivileged classes in India *World Christianity and Interfaith Relations* Richard F. Young,2022 World Christianity and Interfaith Relations makes the case that religion is not partitioned off from the secular in the Global South the way it is in the Global North Rather religion is deeply integrated into the lives of those in the Global South even though secularism officially predominates *Dalit Theology and Dalit Liberation* Peniel Rajkumar,2016-05-13 In fulfilling the long awaited need for a constructive and critical rethinking of Dalit theology this book offers and explores the synoptic healing stories as a relevant biblical paradigm for Dalit theology in order to help redress the lacuna between Dalit theology and the social practice of the Indian Church Peniel Rajkumar s starting point is that the growing influence of Dalit theology in academic circles is incompatible with the praxis of the Indian Church which continues to be passive in its attitude towards the oppression of the Dalits both within and outside the Church The theological reasons for this lacuna between Dalit theology and the Church s praxis Rajkumar suggests lie in the content of Dalit theology especially the biblical paradigms explored which do not offer adequate scope for engagement in praxis *The Dalit Christians* John C. B. Webster,1994 Study of Christians belonging to economically backward and socially underprivileged classes in India

Religion, Community and Development Gurpreet Mahajan,Surinder S. Jodhka,2010-06-02 By making religious community a relevant category for discussing development deficit the Sachar Committee Report that was submitted to the Prime Minister of India in 2007 initiated a new political discourse in India While the liberal secular framework privileged the individual over the community and was more inclined to use the category of class rather than the identity of religion the Sachar Committee differentiated citizens on the basis of their religious identity Its conclusions reinforced the necessity of approaching issues of development through the optic of religious community This volume focuses on this shift in public policy The articles in this collection examine the nature and implications of this new approach to the Indian social reality Taking a close look at the findings of the Sachar Committee Report SCR they highlight the challenges posed by inter community comparisons At another level the articles supplement the debate initiated by the SCR by constructing a profile of religious communities in India so as to factor in their concerns of development into the present discourse and to nuance and modify the simple indicators to which development is often reduced As most religious communities are themselves engaged in development related activities the volume also examines some of these initiatives in order to see what development connotes to the members themselves and what receives attention by the community Students of social sciences and development studies as well as those dealing with issues of marginalization will find this collection an invaluable resource for understanding contemporary India and for undertaking further theoretical and empirical research *Local Dalit Christian History* George Oommen,John C. B. Webster,2002 Contributed articles with reference to India **Put Away Your Sword**

Michael L. Budde, 2024-03-11 What does it mean to follow the Prince of Peace in a world plagued by war violence and killing Can the foundational convictions of Christianity and the experiences of Christians around the world contribute to a more adequate practice of the faith in contemporary times on matters of war violence and peacemaking This volume addresses these important questions with contributions from Christian scholars and practitioners from across the Majority World including El Salvador Brazil Kenya and the Philippines and from the United States and Europe They include proponents of Christian pacifism and just war theory advocates for varieties of just peacemaking frameworks and people pursuing slow modest steps toward reconciling enemies without the use of overarching theoretical frameworks What holds them together is a sense that the world and the church would benefit from a robust and gospel based commitment to nonviolence as an alternative to lethal business as usual in addressing conflicts great and small The topics they consider include constructive aspects of a Christian theology of nonviolence case studies of gospel nonviolence and pastoral work from violent conflicts around the world women as victims of violence and makers of peace and theopolitical questions of just war armed intervention and Christian nonviolence *The People and the People of God* Hans Ucko, 2002 The Jewish Christian dialogue continues to be a challenge for Christian theology calling for a rethinking of Christian hermeneutics Hans Ucko widens the arena for Jewish Christian dialogue and proposes a constructive interaction between contextual theologies and Jewish Christian dialogue Minjung theology from South Korea and Dalit theology from India have creatively worked with the concepts people peoplehood and People of God The Jewish Christian dialogue has likewise delved into the question of People of God An encounter between these two worlds might be mutually enriching and challenging *Children of the Waters of Meribah* Allan Boesak, 2019-10-30 In the decades since Black liberation theology burst onto the scene it has turned the world of church society and academia upside down It has changed lives and ways of thinking as well But now there is a question What lessons has Black theology not learned as times have changed In this expansion of the 2017 Yale Divinity School Beecher Lectures Allan Boesak explores this question If Black liberation theology had taken the issues discussed in these pages much more seriously struggled with them much more intensely thoroughly and honestly would it have been in a better position to help oppressed black people in Africa the United States and oppressed communities everywhere as they have faced the challenges of the last twenty five years In a critical self critical engagement with feminist and especially African feminist theologians in a trans disciplinary conversation Allan Boesak as Black liberation theologian from the Global South offers tentative but intriguing responses to the vital questions facing Black liberation theology today particularly those questions raised by the women *Christians in the Twenty-First Century* George D. Chryssides, Margaret Z. Wilkins, 2014-09-11 Christians in the Twenty First Century examines Christianity as it is understood and practised both by active followers and those who regard themselves as Christian The book opens with an examination of key Christian concepts the Bible the Creeds the Church and the sacraments and the major traditions of Roman Catholicism Eastern Orthodoxy and

Protestantism as well as more recent movements The book continues with an analysis of the challenges presented by the rise of science new approaches to biblical scholarship the rise of fundamentalist movements the ordination of women secularization the interfaith movement and the impact of the electronic revolution

Religion and Dalit Liberation John C. B. Webster, 2002 Revised version of three lectures on the views of Dr Bhimrao Ramji Ambedkar on dalits

Life in Freedom Michael Amaladoss, 2014-04-17 In *Life in Freedom* Michael Amaladoss analyzes the many rich and complex strands of Asian religious thought on the notion and nature of the path toward liberation As he shows Asian liberation theology departs significantly from the Latin American model with which it is commonly compared Rather than put primary emphasis on economic issues Asian cultures give much greater priority to the role of religion in the composition of a healthy society In Part One Amaladoss discusses current liberation movements and thought in Korea the Philippines and India In two other chapters he shows also that the awakening of women is integral to the search for human freedom and development and the growing importance sound ecological policies in any valid approach to liberation in Asia In Part Two Amaladoss discusses non Christian approaches to human liberation and freedom showing how the lives and thought of influential figures of other faiths have given distinctive shape to Asian approaches to liberation Buddhists such as Thich Nhat Hanh and Hindus such as Mahatma Gandhi and E V Ramaswamy show that hostility to religion is remote from the most characteristic Asian liberation movements Gandhi's entire politics was rooted in the notion that to attain Truth or to realize God is the goal of human life But God for Gandhi is realized concretely in the world and particularly in other people Service to others then becomes a way to God and ultimately to human liberation Similarly Confucian traditions embody a deeply indigenous Asian way of constructing reality as a sacred whole In that construct liberation and freedom take on meanings and dimensions functionally religious in the way they anchor individuals and the community to the cosmic whole In Part Three Amaladoss gives his own analysis and prophetic overview on how the plurality of images of liberation enriches the possibility for interreligious cooperation in overcoming the forces of oppression in Asia

Bulletin - Christian Institute for the Study of Society, 1998

[The Plight of Christian Dalits](#) G. Shiri, 1997 A drug fueled trip through the gruesome levels of Hell may sound like a fictional horror story to some and since the traveler in question was movie distributor Stephen Biro it could just as easily have been one of his film projects But Stephen's experiences were the real life changing sort They're also proof that the Lord does work in mysterious ways extending all the way to squares of LSD and

nitrous oxide cartridges Armed with psychedelics hallucinogenics and a brave desire to meet God no matter the personal cost Stephen pushed beyond the boundaries of safe drug use He took the most nightmarish of trips from a cramped one bedroom apartment that he used for running his underground video business With initial difficulty finding God in his altered state Stephen instead encountered depravity and grotesquery enough to make his soul weep but he pushed on And if that wasn't bad enough his Hellish experiences bled over into his waking days and his friends and acquaintances began identifying themselves to him as Antichrists deities and other assorted beings from the other side Reality was blurring and shifting and Stephen was run utterly ragged Could he fulfill his quest to learn universal truths before his extreme drug use took its toll

Hellucination A Memoir spares no disturbing detail of the unusual route that one man took to find Christ and the God of the Bible The memoir also follows younger Stephen through his 1970s childhood and his bizarre early encounters with religion that drove him to Atheism An utterly surreal memoir I'd say it was mindbending but *HELLUCINATION* doesn't just bend your mind it twists it stretches it stabs it and tosses it on the grill Jeff Strand author of the upcoming book *PRESSURE* and *WOLF HUNT* He's been nominated for the Bram Stoker Award in 2006 2008 and 2010 *HELLUCINATION* takes the form of a page turning memoir combining personal trip reporting with science fiction horror movie and religious mythologies philosophical speculation on the nature of the author's experiments with psychedelic drug combinations strange encounters with other people who may not be what they seem and the rationale behind his spiritual conversion from atheism to Christianity David Jay Brown Author of *Mavericks of the Mind* and *Conversations on the Edge of the Apocalypse* *HELLUCINATION* is a powerful read In fact it might distinctly appeal to fantasy readers film lovers and lovers of fiction Biro writes passionately with a purpose you may end up ripping your eyes out afterwards though Review *Horrornews.net* Mind boggling and enthralling The visualization techniques used is astounding Paul White Producer of *Bride of Re Animator* and Brian Yuzna's *Society* I felt myself questioning my faith or lack of faith on religion Jesus God the Devil and what the purpose and point of my life and existence really was is I think that is the point of the book The book raises awareness and makes readers think about the meaning of life and what their purpose is in it That in itself is a pretty scary thing to think and ponder about *Hellucination*

Book review by www.shuizmz.com Cinematic it's going to scare the Hell out of some Christians Jim VanBebber Director of *The Manson Family* and *Deadbeat At Dawn* [Christians Meeting Hindus](#) Bob Robinson, 2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines

both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model

The Spirit Shaped Church Swarup Bar, 2021-02-23 In The Spirit Shaped Church Swarup Bar argues that the church is defined by its relationship with others A relational church depends on the porousness of its borders which means that while a church has its distinctiveness it ought to be open to negotiate relational engagements with the world around it This sort of relationally distinct permeable church is found to be possible through the leading of the Spirit and the work of Christ Such engagement is found to be relevant in a plural religio cultural context and in situations of marginalization in India The Spirit Shaped Church reflects an ongoing commitment on the part of Fortress Press to engage the needs of Christian communities around the world The book is aimed at teachers clergy students and anyone with an interest in the lived experience of Christians in India

Scheduled Castes Today Makhan Jha, 1997 The Scheduled Caste people all over India have suffered from various types of socio economic problems from time immemorial over which the social scientists specially the anthropologists and sociologist have given not much attention to make diagnosis of their problems and to suggest ways and means to eradicate their problems Thus the present volume will be highly helpful not only for those interested in the study of Scheduled Caste people and their problems but also for the planners and administrators who are engaged in the welfare programmes of this downtrodden section of the society

The Future of Christian Mission in India Augustine Kanjamala SVD, 2014-08-21 Colonial missionaries both Catholic and Protestant arrived in India with the grandiose vision of converting the pagans because like St Peter Acts 4 12 and most of the church fathers they honestly believed that there is no salvation outside the church extra ecclesiam nulla salus At the end of the great Protestant century however Christians made up less than 3 percent of the population in India and the hope of the missionary was nearly shattered But if one looks at mission in India qualitatively rather than quantitatively one sees a number of positive outcomes Missionaries in India particularly Protestant missionaries espousing the social gospel in collaboration with a few British evangelical administrators dared to challenge numerous social evils and even began to eradicate them The scientific and liberal English education began to enlighten and transform the Indian mindset Converts belonging to the upper caste although small in number laid the foundation stone of Indian theology and an inculturated church using Indian genius The end of colonialism in India coincided with the painful death of colonial mission theology Now the power of the Word of God extricated from political power is slowly and peacefully gaining ground like the mustard seed of the parable A paradigm shift from the ecclesio centric mission to missio Dei offers reason for further

optimism In short the future of mission in India is as bright as the kingdom of God In today s new context theologians despite objections from some quarters are struggling to discover the Asian face of Jesus disfigured by the Greco Roman Church And the missionary is challenged to become a living Bible that undoubtedly everyone will read
