**Coping with Alcohol and Drug Problems** Jim Orford, Guillermina Natera, Alex Copello, Carol Atkinson, Jazmin Mora, Richard Velleman, Ian Crundall, Marcela Tiburcio, Lorna Templeton, Gwen Walley, 2013-01-11 What difference does culture make Coping with Alcohol and Drug Problems The Experiences of Family Members in Three Contrasting Cultures aims to deepen and extend understanding of the experiences of family members trying to cope with the excessive drinking or drug taking of a relative

Comprehensive and thoroughly up to date this book draws on the results of the cross cultural study of alcohol and drug problems in the family and places these results within the broader context of the international literature on the subject By investigating the similarities and differences in the experiences of family members in three parts of the world the authors reveal results which have far reaching implications for professional intervention and prevention Subjects covered include models of understanding how families continue to be pathologised and misunderstood how family members cope an integrated view of alcohol and drug problems in the family ways of empowering family members This book aims to demonstrate the possibility of a constructive alliance between professionals substance misusing relatives and the affected family members by thoroughly investigating the dilemmas that face family members and the lack of support they experience This fascinating insight into the impact of alcohol and drug problems on family members will be a valuable resource for all those who are interested in substance misuse in family and cultural contexts and particularly those who are interested in the treatment of alcohol and other drug problems

**The SAGE Encyclopedia of Alcohol** Scott C. Martin, 2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies Different countries and regions have become associated with different sorts of alcohol for instance the beer culture of Germany the wine culture of France Japan and saki Russia and vodka the Caribbean and rum or the moonshine culture of Appalachia Wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners However our relation with alcohol is one of love hate We also regulate it and tax it we pass laws about when and where it s appropriate we crack down severely on drunk driving and the United States and other countries tried the failed Noble Experiment of Prohibition While there are many encyclopedias on alcohol nearly all approach it as a substance of abuse taking a clinical medical perspective alcohol alcoholism and treatment The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon as well both for good and for ill from the earliest days of humankind

**Spirituality and Religiousness and Alcohol/other Drug Problems** Brent B. Benda, 2006 Spiritual issues and forgiveness are often neglected topics in treatment programs for substance abusers This unique book brings those underrated components of recovery to the forefront through current research case studies and the insight of experts in the field of spirituality as well as drug alcohol treatment It illustrates the important interrelationship among religiousness spirituality forgiveness and alcohol and drug use and abuse throughout the lifespan The contributors examine the effects of religiousness and spirituality on recovery in relation to more widely recognized supports Each chapter is extensively referenced and most include tables and or figures that make difficult information easy to understand and work with

**Alcohol Problems in Adolescents and Young Adults** Marc Galanter, 2006-04-07 Alcohol continues to be the substance of choice for today's youth leading to serious physical psychological and social consequences Alcohol Problems in Adolescents and Young Adults ably addresses this growing trend The latest entry in the Recent Developments in Alcoholism series it comprehensively presents a wide ranging clinical picture of teen drinking epidemiology neurobiology behavioral phenomena diagnostic and assessment issues prevention and treatment data in a developmental context Fifty expert contributors display the scientific rigor practical wisdom and nuanced analysis that readers have come to expect from previous volumes Among the subjects studied in depth Initiation of alcohol use abuse Risk and protective factors for alcohol dependence High risk adolescent populations Drinking habits of college students Long range consequences of teenage drinking Family school and community based prevention programs Treatment of comorbid substance and psychiatric disorders Clinicians researchers and policy makers will find this a bedrock source of evidence based knowledge whether one's goal is choosing an age appropriate assessment tool for eighth graders preventing drinking among high school students or understanding the alcohol friendliness of campus culture Here is a critical resource for all professionals dedicated to helping youngsters grow up sober

**Drug and Alcohol Use** Stanley Einstein, 2013-06-29 This book is the outcome of the First International Congress on Drugs and Alcohol to be held in Israel Both the conference and this volume grew out of the need to overcome the specious man made barriers which continue to separate intervention plans and efforts in the broad field of substance use and misuse This need demands that all of us become aware not only of the differences which may separate our concerns but also of the similarities in our goals and endeavors We are obligated to draw together toward a common effort for the common good The conference was designed to facilitate the exploration of generic issues This volume is designed to document a variety of factors which are basic to the defining selection planning implementation and evaluation of substance use and misuse intervention This book is not a traditional proceedings volume Because the needs of a listening audience are quite different from those of the solitary reader and the roles of a workshop or plenary session participant are also dissimilar from those of the reader not all of the Congress presentations are included and the articles that are included have undergone major revisions Current intervention needs and options demand a broad spectrum of clearly defined roles for all who are or should be involved Hence these issues among others served as guidelines in the preparation of the revised articles

*Alcohol Problems and Alcoholism* James E. Royce, 1981 A study on alcoholism

thoroughly documented as a college text but practical enough to be of interest to para professionals and counselors who wish to update their knowledge and the one million recovered alcoholics who are eager to learn more about their illness     **The Struggle for Life** Lyndsay S. Baines,Rahul M. Jindal,2003-12-30 With case examples and step by step frameworks for intervention the authors illustrate the challenges and solutions in establishing an effective ward based psychotherapy service for renal dialysis and transplant patients They describe clinical patterns of presentation and how psychotherapeutic intervention was refined over time in a clinically meaningful and evidence based manner Each chapter is focused on specific emotional disorders among renal patients The authors introduce the concept of loss of an imagined past aspirations and ambitions never realized or compromised as a result of renal disease and as a major cause of post transplant depression Emotional issues which have received little prior attention in the literature including substance abuse eating disorders gender disorders and emotional body image are addressed in depth Practical advise including that against referencing the transplanted organ as a gift is offered
