## **The American Polity Fifth Edition Instructors Manual:**

*Keeping the Republic: Power and Citizenship in American Politics, 5th Brief Edition* Christine Barbour, Gerald C. Wright, 2012-12-20 A consistent and compelling narrative is crucial to student engagement with any book But sadly so many brief editions are mere cut and paste versions of their comprehensive selves Not the case with *Keeping the Republic* s brief edition Carefully condensed by Barbour and Wright this text gives your students all the continuity and crucial content of the full version just in a more concise value oriented package And now your students benefit from a new full color interior design Photos jump off the page and colorful charts tables and maps enhance students data literacy Repeatedly praised for engaging students to think critically about who gets what and how in American politics Barbour and Wright show them how institutions and rules determine who wins and who loses in the political arena The authors carefully craft each graphic boxed feature and vignette to develop students analytic capabilities By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government so they play their part in keeping the republic
