**Against the Grain** Jerold S. Auerbach, 2012-03-24 A collection of essays and insights from the hindsight of a renowned historian I was exceedingly fortunate to teach for forty years in an elite undergraduate college where I could mentor intelligent young women who were eager to learn But Wellesley still a bastion of Christian privilege a century after its founding continued to experience and demurely tolerate dismaying episodes of anti-Semitism How ironic that Wellesley and Israel each in its own distinctive way had converged to liberate me from my past as a non Jewish Jew Regardless of the subject law modern American history American Judaism Israel deference to the conventional wisdom never had been my style I always enjoyed the stimulation of writing against the grain discovering hidden meanings challenging historical and political pieties and exposing the self serving ideology that often lurked beneath self evident truths Providing intellectual catnip it also enabled me to reach readers far beyond the narrow confines of academic journals My creative work always was done in the solitude of my study my sanctum within my home Enclosed within the treasured artifacts maps photographs prints and books accumulated during decades of research and travel I explored the historical past that both inspired and reflected my own intellectual trajectory Virtually every book I have written to my genuine surprise contained within it the seed of its successor That of course is discernible only with hindsight which after all is the distinctive attribute of a historian I invite my family friends and interested readers to accompany me to some favorite destinations during my journey
