Commandant's Bulletin ,1995-08 *Macnamara's Irish Colony and the United States Taking of California in 1846*

John Fox,1999-11-15 Images of Irish immigration often bring to mind Ellis Island and crowded Eastern ports If Eugene Macnamara s planned Irish Colony in California had succeeded however we might have a very different view of the Irish in America In 1844 Eugene Macnamara an Irish priest with a shadowy history began promoting his plan to create an Irish colony in California With the first of the Potato Famines a year later many Irish farmers had to seek a new life and California seemed to be the answer In both Washington and Mexico Macnamara and his plan were viewed as suspicious even dangerous yet once the U S war with Mexico gained California for the United States the priest and his plan were largely forgotten Both period documents and new discoveries are used to flesh out the story of the California colonization project and the mysterious figure behind it With illustrations maps and index this book is a valuable resource for understanding American Mexican and Irish history and a fascinating glimpse of the ways in which the past might have been different
