The Anatomy Of Hope How People Prevail In The Face Of Illness Abridged:

The Anatomy of Hope Jerome Groopman, 2003-12-23 An inspiring and profoundly enlightening exploration of one doctor's discovery of how hope can change the course of illness Since the time of the ancient Greeks human beings have believed that hope is essential to life Now in this groundbreaking book Harvard Medical School professor and New Yorker staff writer Jerome Groopman shows us why The search for hope is most urgent at the patient's bedside The Anatomy of Hope takes us there bringing us into the lives of people at pivotal moments when they reach for and find hope or when it eludes their grasp Through these intimate portraits we learn how to distinguish true hope from false why some people feel they are undeserving of it and whether we should ever abandon our search Can hope contribute to recovery by changing physical well-being To answer this hotly debated question Groopman embarked on an investigative journey to cutting edge laboratories where researchers are unraveling an authentic biology of hope There he finds a scientific basis for understanding the role of this vital emotion in the outcome of illness Here is a book that offers a new way of thinking about hope with a message for all readers not only patients and their families We are just beginning to appreciate hope's reach Groopman writes and have not defined its limits I see hope as the very heart of healing

Facing Suffering Roberto Badenas, 2021-05-17 In a myriad of forms acute violent dull excruciating persistent pain wears down the body and oppresses the spirit It abounds in the life of the poor and ruins the life of the rich It makes a child cry disfigures a young person's body marks an adult's face and bows the shoulders of the elderly From the cradle to the grave our suffering is relentless Work and pleasure dependence and freedom virtue and vice love and hate all can make us suffer Pain is part of our human condition You could say that we are no longer children when we learn that a mother's kiss cannot take away all of our sorrows This book is intended to help the individual face suffering with dignity and realism addressing some of the more practical aspects psychological social philosophical and theological With an awareness of subject's complexity the book presents a series of thoughts aimed at understanding the ultimate why behind pain and how to cope with it meaningfully In addition with the layman in mind this book provides simple resources to face one's own pain calmly and that of others with compassion and tact The objective is to help fight and endure the reality of pain as much as possible with courage and hope

The Hidden Gifts of Helping Stephen G. Post, 2011-02-22 The world's religions affirm it to be so and recent research across a number of disciplines tell us that Helping others not only benefits those we assist but is good for us as well The recent and astonishingly generous outpouring of help and donations in response to the earthquake in Haiti is a clear demonstration of this phenomenon but what if we could be convinced to make helping others a way of life even when times are hard Post is author of the widely praised *Why Good Things Happen to Good People* Filled with inspirational anecdotes about the transformative power of doing good The author is a leader in the study of altruism compassion and love as well as the President of the Institute for Research on Unlimited Love Beautiful packaging ideal for gift giving *The Hidden Gifts of Helping Others* will leave you with the

unshakable feeling that the world is an essentially good place

Team-Based Oncology Care: The Pivotal Role of Oncology Navigation Lillie D. Shockney, 2018-04-10 This book discusses how effective navigation requires a team approach to oncology care and should never be considered an add on resource or service The Academy of Oncology Nurse understand and successfully meet and exceed the Commission on Cancer accreditation standards linked to navigation expand or improve their current navigation program as well as demonstrate its value using reliable measurable results including patient satisfaction and improved quality clinical outcomes This comprehensive book also provides insights into applying the information presented to the real world of oncology care

Communication as Comfort Sandra L. Ragan, Elaine M. Wittenberg-Lyles, Joy Goldsmith, Sandra Sanchez Reilly, 2008-05-15 This scholarly volume explores communication at the end of life emphasizing palliative care and the circumstances of patients in need of such consideration

Creating a Climate for Change Susanne C. Moser, Lisa Dilling, 2007-12-10 The need for effective communication public outreach and education to increase support for policy collective action and behaviour change is ever present and is perhaps most pressing in the context of anthropogenic climate change This book is the first to take a comprehensive look at communication and social change specifically targeted to climate change It is a unique collection of ideas examining the challenges associated with communicating climate change in order to facilitate societal response It offers well founded practical suggestions on how to communicate climate change and how to approach related social change more effectively The contributors of this book come from a diverse range of backgrounds from government and academia to non governmental and civic sectors of society The book is accessibly written and any specialized terminology is explained It will be of great interest to academic researchers and professionals in climate change environmental policy science communication psychology sociology and geography

Pastoral Aesthetics Nathan Carlin, 2019-03-06 Nathan Carlin revisits the role of religion in bioethics an increasingly secular enterprise and argues that pastoral theologians can enrich moral imagination in bioethics by cultivating an aesthetic sensibility that is theologically informed psychologically sophisticated therapeutically oriented and experientially grounded To achieve these ends Carlin employs Paul Tillich's method of correlation by positioning four principles of bioethics with four images of pastoral care
