Narratives of (Dis)Enfranchisement Tracey Overbey, Amanda L. Folk, 2022-08-09 This first Special Report in a two volume set on Black and African Americans experiences in libraries provides an overview of their historical exclusion from libraries and educational institutions in the United States also exploring the ways in which this legacy is manifest in our contemporary context A compelling call to action it will serve as the beginning of many conversations in which librarianship reckons with its racist past to move towards a more equitable future Still a predominantly white profession librarianship has a legacy of racial discrimination and it is essential that we face the ways that race impacts how we meet the needs of diverse user communities Identifying and acknowledging implicit and learned bias is a necessary step toward transforming not only our professional practice but also our scholarship assessment and evaluation practices From this Special Report readers will learn the hidden history of Africa s contributions to libraries and educational institutions which are often omitted from K 12 higher education and library school curricula engage with the racist legacies of libraries as well as contemporary scholarship related to Black and African American users experiences with libraries be introduced to frameworks and theories that can help to identify and unpack the role of race in librarianship and in library users experiences and garner practical takeaways to bring to their own views and practice of librarianship

Vodou in the Haitian Experience Celucien L. Joseph, Nixon S. Cleophas, 2016-05-05 One glaring lacuna in studies of Haitian Vodou is the scarcity of works exploring the connection between the religion and its main roots traditional Yoruba religion Discussions of Vodou very often seem to present the religion in vacuo as a sui generis phenomenon that arose in Saint Domingue and evolved in Haiti with no antecedents What is sorely needed then is more comparative studies of Haitian Vodou that would examine its connections to traditional Yoruba religion and thus illuminate certain aspects of its mythology belief system practices and rituals This book seeks to bridge these gaps Vodou in the Haitian Experience studies comparatively the connections and relationships between Vodou and African traditional religions such as Yoruba religion and Egyptian religion Such studies might enhance our understanding of the religion and the connections between Africa and its Diaspora through shared religious patterns and practices The general reader should be mindful of the transnational and transcultural

perspectives of Vodou as well as the cultural socio economic and political context which gave birth to different visions and ideas of Vodou The chapters in this collection tell a story about the dynamics of the Vodou faith and the rich ways Vodou has molded the Haitian narrative and psyche The contributors of this book examine this constructed narrative from a multicultural voice that engages critically the discipline of ethnomusicology drama performance art anthropology ethnography economics literature intellectual history philosophy psychology sociology religion and theology Vodou is also studied from multiple theoretical approaches including queer feminist theory critical race theory Marxism postcolonial criticism postmodernism and psychoanalysis
